

## Expand your horizons by learning Chinese

**Welcome to the Confucius Institute for Business London (CIBL) at the London School of Economics and Political Science. The Chinese courses will start soon. Join with us and develop your understanding of Chinese language and culture!**

### Small Groups

By keeping each course to a maximum of 12 students, we ensure all learners have the opportunity to expand their Chinese communicative skills.

### Flexible Time

Courses run in the morning, lunchtime, evening and weekends, and can be tailored to suit your schedule.

### Business Focused and Tailor-Made

We provide Chinese courses with a strong business focus, including topics tailored to your individual needs.

### Activities

CIBL members have the chance to put what they have learnt in the classroom into real life situations through our different activities. These include public lectures about China, roundtable discussions, workshops, Chinese film nights, as well as various Chinese clubs. More details can be found on our website:
