

IBSS sociology keywords

Introduction

Each record in IBSS is assigned a number of keywords chosen from a large but fixed vocabulary and these are included in the subject heading field in the online database. Keywords make it easy for users to access all records relating to a chosen topic.

There are over 10,000 IBSS keywords for all subjects covered by IBSS. Listed below are just some of the most commonly used main terms for sociology. The list is alphabetical, but also gives thematically linked smaller or related terms where appropriate.
