REUSE!

What you can do with an old pair of shoes if it breaks your heart to throw them.

Reuse at LSE

Everybody

Stationery, office supplies, books, clothes and shoes can be handed in at the Students' Union reception, Saw Swee Hock Student Centre. Book Reuse is done in partnership with [LSE read international](#).

LSE staff

Fans and heaters are available for loan; internal reusable envelopes can be requested from the LSE Postroom (email [Helen-Louisa Jordan](#)); unwanted office furniture can be removed by the LSE Porters ([online form](#)) and used in another office.

Further information on reuse can be found on the [Sustainable LSE](#) website.

Miriam's green beauty tip: Do you have a bit of dry skin after winter? Use honey as a facial mask. Honey is full of antibacterial properties and has strong hydrating and calming effect on the skin. Simply, clean and dry your face and apply a thin layer of honey. Keep up to 10 min and rinse with warm water. Afterwards apply toner and moisturizer. You can use this quick mask fix 2x a week.

Many thanks,

The Green Team (Miriam, Siân, Sam, Kalliopi)
