

BOOK LAUNCH

The Golden Dawn's 'Nationalist Solution' Explaining the Rise of the Far Right in Greece

What explains the dramatic rise of the extreme, ultranationalist Golden Dawn in a country that has experienced Nazi invasion and a military dictatorship? Dr Halikiopoulou and Dr Vasilopoulou will present their new book, which places the rise of the Golden Dawn in the context of the Eurozone crisis and argues that its rise is not merely the product of economic malaise.

**This event is FREE and open to all.
No ticket is required and entry is on a first
come-first served basis.**
