

Undergraduate Awards Data 2009/0 to 2013/4

Summaries of student award classifications by:

Age on Entry

Disability

Ethnicity (UK-domiciles only) *

Gender

For:

Undergraduate Bachelors programmes

Notes:

The data is displayed in graphs of percentages, followed by tables of counts (n) and percentages (%).

* Ethnicity is shown in detail for UK-domiciled students only.

This aligns with the Equality Challenge Unit (ECU) treatment of national data, reporting on UK-domiciled student only. The ECU's treatment is based on Ethnicity only being mandatory to report for UK-domiciled students.

See ECU Statistical Report 2014:

<http://www.ecu.ac.uk/publications/equality-higher-education-statistical-report-2014/>

Non-UK domiciles are shown as a whole, but not in detail, in both graphs and tables.

The population for other characteristics (Age, Disability & Gender) is for all students, regardless of Domicile.

Tables set out a count (n) and percentage of classifications per year. The percentages and Total count (n), together on the right side of the table.
