LSE - Saw Swee Hock Student Centre

Above: Alex Peters-Day, LSE Students' Union General Secretary presented with a commemorative silver trowel by Osborne Chairman, Andrew Osborne.

Welcome to the April edition of the monthly newsletter from the London School of Economics and Political Science Saw Swee Hock Student Centre.

PROJECT AND PROGRAMME

This month has seen a key milestone – the completion of the structure. The 'Topping Out' Ceremony – a commemorative event to celebrate the completion of the structure – was jointly held with the LSE to celebrate this milestone. With the concrete frame complete, the concentration is the development and completion of the façade (both brickwork and curtain walling), as well as the increasing activity of internal trades across all floors. The tower crane is due to be struck the second weekend of May, and a newsletter will be issued shortly covering these works.

MINIMISING DISRUPTION

We appreciate that the construction project has an impact on our neighbours and surrounding residents, particularly with the size of the deliveries. We would like to thank you once again for your patience regarding

construction vehicle movement into and out of site, particularly with the size of some of our deliveries.

We are particularly aware of the increased need to reduce any nuisance to surrounding neighbours and businesses. We are continuing to plan ahead with various subcontractors and suppliers, and maintain a close relationship with the Local Authority and the LSE regarding our strategy that will produce the least amount of nuisance as possible to you. The designated site working hours are 8am-6pm Monday to Friday, and 8am-1pm on Saturdays.

KEEPING UP TO DATE

Monthly drop in days are held on the first Friday of every month, with the next one scheduled for **Friday 3rd May 2013 between 2pm and 3pm**, so please feel free to join us in the Osborne project office – which is situated on the first floor of the Parish Hall – to discuss anything of interest, to look at the project itself or just meet the site team over refreshments.

Also you can keep up to date via the LSE's project specific website (www2.lse.ac.uk/

intranet/students/NewStudentsCentre/Home.aspx), where you can find information on the design, contact information and a live webcam feed of the construction site, or via our twitter page @osbornelensc.

CONSIDERATE CONSTRUCTORS

The site has been registered with the Considerate Constructors Scheme (CSS), which will mean that how we interact with our neighbours and operate our site will be regularly assessed by an independent body.

For the third time on the project, the site team has scored 37 out of 40 on the Considerate Constructors Scheme, reaffirming the position of the project within the top 10% in the country.

More information on the CCS can be found on their website (www.ccscheme.org.uk).
