## LSE - New Students' Centre

Welcome to the January issue of the residents' newsletter for the construction of the New Students' Centre for the London School of Economics and Political Science.

### PROJECT AND PROGRAMME

The New Year sees the continuation of the substructure works, with piling of the new basement in full swing and the formation of pile caps following on from this.

We are continuing with the bulk dig of the next phase of the basement, so we are continuing to work closely with the LSE to ensure that any disruption to you is kept to a minimum. We thank you again for your patience and support during a busy period around the site.

There remains some unforeseen works to do with the Peacock Theatre boundary that still require time and attention. Every effort is being put in by the site team to ensure that there is minimal disruption to the users of the Theatre and surrounding neighbours while

this is resolved.

### KEEP IN TOUCH

We will be hosting our next monthly drop in day on Friday 3<sup>rd</sup> February for those of you who wish to join us to discuss the project, how it is progressing or to discuss any concerns you may have. This is held between 2pm and 3pm in the Osborne project office, which is situated on the first floor of the Parish Hall.

If you are keen on social networking, then you can remain updated with the activity on site by following us on Twitter @OsborneLSENSC, or on the LSE's project specific website ([www2.lse.ac.uk/intranet/students/NewStudentsCentre/Home.aspx](http://www2.lse.ac.uk/intranet/students/NewStudentsCentre/Home.aspx)).

### MINIMISING DISRUPTION

To reduce the impact that of our construction activities may cause, we are continuing to work closely with the Local Authority and the LSE regarding our strategy that will produce

the least amount of nuisance as possible to you. Our allocated noisy works times are 8am-10am, 12pm-2pm and 4pm-6pm Monday to Friday, and 8am-1pm Saturdays.

### CONSIDERATE CONSTRUCTORS

The site has been registered with the Considerate Constructors Scheme (CSS), which will mean that how we interact with our neighbours and operate our site will be regularly assessed by an independent body.

Posters showing our registration to the scheme will be clearly displayed with contact numbers for our representative.

More information on the CCS can be found on their website ([www.ccscheme.org.uk](http://www.ccscheme.org.uk)).

### KEY CONTACTS

**Graham Potts**  
Osborne Project Manager
