Work experience:

2/2012 – 9/2015

Parliament of Canada

Constituency Assistant

Montréal, Canada

- Managed, recruited, trained and organized 150 field volunteers for daily shifts
- Planned and executed communications strategy; drafted messaging
- Managed stakeholder relations and drafted issue papers

2/2016 – Present

The International Growth Centre (IGC)

Analyst and Database Officer

London, UK

- Planned and executed performance monitoring strategy for major international conference.
- Prepared performance and learning chapters for donor bid (value in excess of £50 million/year) and drafted data-focused event impact report, presented independently to senior management team.
- Developed new reporting metrics, negotiated with government donor, and implemented these retroactively across thousands of academic research projects, field experiments, and events.

10/2015 – 1/2016

LSE Department of Economics

Research Assistant

London, UK

- Analyzed and compiled multilingual dataset on historic economic migration and impacts on European urban development.
