

Laura Sochas

London School of Economics
Social Policy Department
Houghton Street
WC2A 2AE London UK
l.sochas@lse.ac.uk

Education

- PhD candidate in Demography & Population Studies** 2016-2020
Social Policy Department
London School of Economics, UK
Thesis: *A social justice approach to explaining maternal health inequalities in Zambia.*
Supervisors: Dr Tiziana Leone and Prof Ernestina Coast
Planned submission: First quarter 2020
- Visiting researcher at the Harvard T.H. Chan School of Public Health** Apr-Jul 2019
Global Health and Population Department
Project: Economics of gender roles and gender discrimination
Collaborator: Dr Jocelyn Finlay
- MSc in Social Research Methods** 2015-2016
London School of Economics, UK
Degree class: Distinction
Generalised linear models, causal inference, multi-level modelling, demographic methods, population and health projections, qualitative methods, research design.
- Masters of Public Administration (International Development)** 2009–2011
London School of Economics, UK
Degree class: Distinction
- BA Philosophy, Politics, and Economics (Hons)** 2004–2007
Oxford University, Merton College, UK
Degree class: First Class Honours

Presentations

Sochas, L. (2019) "A decomposition analysis of inequalities in maternal healthcare access in Zambia using healthcare access barriers". Oral presentation at the **British Society for Population Studies** in Cardiff, Wales. 10th September 2019.

Sochas, L., Ludovico Carrino, Mauricio Avendano-Pabon (2019) "The end of the grind or the beginning of the end? Inequalities in the causal effect of retirement on mental health of UK women". Oral presentation at the **IUSSP Population, Poverty and Inequality Research Conference** in Ann Arbor, Michigan. 27-29 June 2019.

Sochas, L. (2019) "Women Who Break the Rules: Intersectional Inequalities in Pregnancy and Birth Experiences in Zambia ". Oral presentation at the **Population Association of America** annual conference in Austin, Texas. 13th April 2019.

Sochas, L. (2019) "Barriers to Maternal Healthcare Access in LMICs: How Pushing the Analytical Envelope Could Have Important Implications for Equity". Poster presentation at the **Population Association of America** annual conference in Austin, Texas. 13th April 2019.

Leone, T., **Sochas, L.,** Coast, E. (2019) "Depends Who's Asking: Interviewer Effect on Abortion Data in the Sub-Saharan African DHS". Poster presentation at the **Population Association of America** annual conference in Austin, Texas. 13th April 2019.

Sochas, L. (2017) "To what extent can concurrent barriers explain inequalities in access to health? Evidence from maternal health care in Eastern and Southern Africa". Oral presentation at the XXVIII **IUSSP International Population Conference**. 1st November 2017.

Sochas L., Channon, A. & Nam, S. (2017) "Maternal, neonatal and stillbirth deaths caused by decreased utilisation of essential maternal care in the context of the 2014 Ebola epidemic in Sierra Leone". Oral presentation at the **Population Association of America** annual conference. April 2017.

Sochas L. (2017) "Did Removing User Fees Improve Access to Maternal Health Care in Zambia? A Difference-In-Difference Study". Oral presentation at the **LSE International Health Policy Conference**. February 2017

Campbell, J., Pozo-Martin, F., **Sochas, L.** (presenting author), Homer, C., ten Hoope Bender, P. (2015) "Equity and effective coverage in post-2015: what are the workforce implications?" Oral presentation at the **Prince Mahidol Award Conference**. Bangkok, Thailand. January 2015.

Sochas, L. & Campbell, J. (2014) "Modelling geographic accessibility to health workers providing MNH care: an exploratory method. Poster presentation at the **CMMPH conference on Midwifery** and the post-MDG agenda". Bournemouth UK. February 2014.

Invited talks

Sochas, L. (2019) "Which deaths (should) count in global health epidemics and how to count them". **Invited presentation** at the LSE International Development Cumberland Lodge retreat. Windsor, UK. 20th October 2019.

Sochas, L., Channon, A. & Nam, S. (2017) “Exploring the impact of Ebola on MNH utilisation and mortality in Sierra Leone - An innovative method to quantify indirect mortality effects of a public health crisis”. **Invited presentation** for the Maternal Death and Surveillance and Response seminar series at the London School of Hygiene and Tropical Medicine. January 2017

Teaching employment

Imperial College London: “**Maternal health**” - Curriculum development, lectures & seminars. Short module (2 lectures & 2 seminars) for the Global Health MPH. Masters level. February 2020

London School of Economics: “**Survey research methods**” - Assisted during seminars, provided feedback and grading on students’ survey research designs. Summer School intensive course. Masters level. July 2019

Imperial College London: “**Population dynamics and demographic transitions**” - Guest lecture. Masters level. February 2019; February 2020

Kings College London: “**Key Concepts in Global Health**” - Designed and led seminars, led on feedback and grading. Full module. Bachelor level. October-May 2017

Willy Brandt School of Public Policy: “**Introduction to Research Methods**” - Curriculum development, lectures & seminars. Half-module. Masters level. Summer 2017

London School of Economics: “**Introduction to Global Population Change**” - Designed and led seminars, contributed to grading. Half-module. Bachelor level. October-December 2016

Academic research employment

Research officer. Adolescents, contraception and abortion in Malawi, Ethiopia and Zambia, London School of Economics. PI: Ernestina Coast. 2019-2020

Research officer. Causal impact of retirement on health in UK women. Worklong project, Kings College London. PI: Mauricio Avendano Pabon. 2019

Research officer. Interviewer effects and abortion in African DHS, London School of Economics. PI: Tiziana Leone. 2019

Other employment

Options Consultancy Services, Technical Advisor. 2011-2016

Conducted applied research in global health (impact evaluation and forecasting, health systems analysis); provided technical and management support to global research projects and multi-country advocacy programmes; contributed to proposal development. Country focus: Nigeria; Sierra Leone; Nepal.

European Commission delegation in Lesotho, Intern and consultant. 2008-2009

Contributed to the design of projects related to civil society, health, and food security; evaluated requests for funding; represented the European Commission on technical working groups related to health.

Workshops - invited expert

Integrating values into evidence based medicine (INVITE) workshop. Goal: Develop content to support integration of values into health policy. London. October 2019

Technical consultation on maternal health indicators, IMHM project, Women and Health Initiative of the Harvard T.H. Chan School of Public Health. London. December 2018

Maternal health consortium meeting, Maternal Health Task Force at the Harvard T.H. Chan School of Public Health. Entebbe. February 2018

Professional membership and service

Member of: British Society of Population Studies, Population Association of America, International Union for the Scientific Study of Populations, Integrating Values into Evidence-Based Medicine Network.

Reviewer for: Social Science & Medicine, SSM-Population Health, Health Policy Planning, and faculty-level internal peer review groups (Social Policy quantitative reading group, Global Health Initiative reading group).

Session chair for: the British Society of Population Studies annual conference (2018 and 2019); LSE Global Health Initiative public event (2019)

Awards

PAA annual conference best poster award, 2019. This award recognises 5 winning posters out of roughly 100, in each poster session.

ESRC overseas institutional visit, April-June 2019. This award funded a three months research visit to the Harvard T.H. Chan School of Public Health.

ESRC fieldwork funding, June-July 2018. This award funded a two months fieldwork visit to Zambia.

LSE Class Teacher Award, 2016-17. Awarded by the head of Department, this award was made in recognition of: *“Laura’s thoughtful, committed and informed approach led to improvements in the delivery of class materials in response to student feedback. She provided an engaging and participatory experience for students, who recognised this in their own feedback.”*

ESRC advanced quantitative methods award, 2017-2019. This funding is awarded to students who utilise advanced quantitative methods in their PhD research.

ESRC doctoral studentship, 2015-2019. This competitive scholarship covers tuition, a living stipend, and research funds.

Additional training

Efficient handling of missing data in statistical models (MLwiN). 2018 – 1 day
Provided by Professor Harvey Goldstein, University of Bristol

Confident spatial analysis in R and GeoDa (advanced). 2018 – 1 day
Provided by Nicholas Bearman via NCRM, University of Southampton

Cognitive Interviewing for testing survey questions. 2017 – 2 days
Provided by Pam Campanelli via NCRM, University of Southampton

Advanced ArcGIS. 2017 – 2 days
Provided by the Geodata Institute, University of Southampton

Introduction to ArcGIS and GIS analysis. 2013 – 2 days

Provided by Dr Christopher Grundy, London School of Hygiene and Tropical Medicine

Lives Saved Tool (LiST). 2012 – 3 days

Provided by Dr Ingrid Friberg, John Hopkins School of Public Health

Additional skills

Software: Stata, R, ArcGIS, Nvivo, Spectrum (e.g. Demproj, Lives Saved Tool)

Languages: English (bilingual); French (bilingual); Spanish (elementary)
