

British Society for Population Studies – 2011Conference Timetable.

Session rooms will be signed as shown on the following timetable. The Main Lecture Theatre & Session Room 3 are on the ground floor. All other session rooms are on the first floor (lift available).

Main Lecture Theatre

Session Room 1

Session Room 2

Session Room 3

Session Room 4

Session Room 5

Wednesday 7 September					
10.30am –	Registration – Vanbrugh College foyer				
12.30pm – 1.30pm.	Lunch – Vanbrugh Dining Room				
1.30pm – 3.00pm	Ageing: grandparenthood	Fertility and partnerships	Local government: Beyond 2011	Migration: outcomes of longer distance migration	Health: Nutrition
Ageing – Session room 1	Chair: Sarah Mohaupt, London School of Economics	Chair: Dr. Michaela Potančoková, Vienna Institute of Demography	Chair: Eileen Howes	Chair: Professor Tony Champion, University of Newcastle	Chair: Dr. Amos Channon, University of Southampton
Fertility – Session room 2	1. Intergenerational transfers in European families - <i>Thomas Emery, University of Edinburgh</i>	1. Trends in fertility and partnership in Britain, 1970-2007- <i>Éva Beaujouan and Mâire Ní Bhrolcháin, University of Southampton</i>	1. Beyond 2011: The future for population statistics? – <i>Jonathan Swan, Office for National Statistics</i>	1. Inter-regional migration and self-employment in Britain's regions: Fielding's escalator region concept revisited - <i>Darja Reuschke, University of St Andrews</i>	1. Socioeconomic and demographic factors and anaemia among children in the Democratic Republic of Congo, Uganda and Malawi - <i>Ngianga Il Shadrack Kandala, Amos Channon and Nyovani Madise, University of Southampton.</i>
Local government – Main Lecture Theatre	2. Gender, grandparenthood and psychosocial health in Santiago de Chile - <i>Emily Grundy, LSHTM, Cecilia Albala, University of Chile, Elizabeth Allen, LSHTM, Alan Dangour, LSHTM, Diana Elbourne, LSHTM, Ricardo Uauy, LSHTM</i>	2. The Rise of Non-Marital Fertility across European Regions since 1960: State Policies, Political Borders and Natural Experiments - <i>Sebastian Klüsener, Max Planck Institute for Demographic Research</i>	2. Beyond 2011: Administrative data sources and low-level aggregate models for producing population estimates - <i>Sophie Larcombe, Pamela Dent, Office For National Statistics</i>	2. Occupational mobility of highly skilled migrants in Spain - <i>Alessandro Albano & Maria Carella, University of Bari, "Aldo Moro"</i>	2. The Double Burden of Child Malnutrition: The International Context and Key Socioeconomic Determinants - <i>Katie</i>
Migration – Session room 3	3. Do ut des: Do elderly benefit from grandparenting in terms of cognitive abilities? - <i>Bruno Arpino - Bocconi University, Milano, Valeria Bordone, Vienna University of Economics and Business</i>	3. Exploring the geography of fertility in Scotland - <i>Francesca Fiori, Elspeth Graham, Zhiqiang</i>	3. A conceptual framework for UK population and migration statistics - <i>James Raymer, University of Southampton, Ann Blake, ONS</i>	3. Does migration make you happy? A longitudinal study of migration and life satisfaction - <i>Beata Nowok, Maarten van Ham, Centre for Population Change & University of St Andrews</i>	
Health – Session room 4					

		<i>Feng, CPC-Univeristy of St.Andrews</i> 4. Time Bomb or Damp Squib? Fertility in Contemporary Northern Ireland - <i>Patrick McGregor, Patricia McKee, University of Ulster</i>			<i>Bates, London School of Economics</i> 3. The prevalence and correlates of low body mass index in a country undergoing nutrition transition: the case of Botswana - <i>Gobopamang Letamo, University of Botswana</i>
3.00pm – 3.30pm	Break - refreshments in communal area				
3.30pm – 4.30pm	Plenary 1 – Professor John Hobcraft, University of York A Multidisciplinary Demographic Life-Course: Genesis of a 2020 Vision Chair: Professor Emily Grundy				
Main Lecture Theatre 4.30pm – 6.00pm. Local government – Main Lecture Theatre Longitudinal studies – Session room 2 Historical – Session room 3 Population & environment	Local government: census outputs & data Chair: Piers Elias, Tees Valley Unlimited 1. The development of 2011 Census outputs – <i>Joe Traynor, ONS</i> 2. Proposed dissemination methods for the 2011 Census – <i>Chris Ashford, ONS</i> 3. 2011 Census, the London Consortium - <i>Eileen Howes, Greater London Authority</i>	Longitudinal studies 1 Chair: Dr. James Raymer, University of Southampton 1. Population health across space and time: the geographical harmonisation of the ONS Longitudinal Study for England and Wales – <i>Paul Norman, University of Leeds, Mylene Riva, University of Durham</i> 2. Estimating migration flows in Northern Ireland by health characteristics measured in the Census - <i>James J. Brown, Southampton Statistical Sciences Research Institute, University of Southampton John W. McDonald, Centre for</i>	Historical Demography: mobility, registration & households Chair: Dr. Diego Ramiro Farinas, Spanish Research Council 1. Residential mobility and child mortality in early twentieth century Belfast - <i>Alice Reid, Eilidh Garrett, Simon Szreter, University of Cambridge</i> 2. Household formation, marriage and procreative careers in late nineteenth century Scotland - <i>Eilidh Garrett, Alice Reid, University of Cambridge</i> 3. Independence and inter-dependence: Household formation patterns in eighteenth	Population & the Environment Chair: Professor David Voas, University of Manchester 1. Population Development and Climate Change - how are they linked? - <i>Judith Stephenson, University College London</i> 2. Population and environment: anthropogenic factors of deforestation in South Karnataka, India - <i>Sylvie Dubuc, University of Oxford</i> 3. Population and the environment - a causal link? - <i>Simon Ross, Population Matters</i>	Ageing: engagement, participation, and health Chair: Alice Goisis, London School of Economics 1. Work, formal and informal participation as longitudinal predictors of depression and subjective health: A European comparison - <i>Giorgio Di Gessa, London School of Hygiene & Tropical Medicine, Emily</i>

<p>– Session room 1</p> <p>Ageing – Session room 4</p>		<p><i>Longitudinal Studies, Institute of Education, University of London</i></p> <p>3. Micro-level modelling to identify the separate effects of migrant status and other personal characteristics on people's job-status change - <i>Tony Champion, University of Newcastle, Mike Coombes, University of Newcastle, Ian Gordon, London School of Economics</i></p>	<p>century Kythera, Greece - <i>Violetta Hionidou, University of Newcastle</i></p>	<p>4. -Moral panic about overpopulation: a distracting campaign? <i>Ludi Simpson, Sylvie Dubuc, Alan Marshall, Michael Grayer et al., Radical Statistics Population Studies Group</i></p>	<p><i>Grundy, London School of Hygiene & Tropical Medicine, Anne Jamieson, Birkbeck, University of London</i></p> <p>2. The Civic Engagement of Older Migrants in Europe and the Influence of Age at Migration - <i>Albert Sabater, Autonomous University of Barcelona</i></p> <p>3. Social isolation and cognition in old age - <i>Valeria Bordone, Vienna University of Economics and Business (WU)</i></p> <p>4. The impact of retirement on cognitive function and wellbeing: who benefits? - <i>James Nazroo, Amanda Connolly, Nitin Purandare, University of Manchester</i></p>
<p>6.00pm – 7.30pm</p>	<p>Reception & poster session – communal & bar area</p>				
<p>8.00pm</p>	<p>Dinner – Vanbrugh Dining Room</p>				

	Thursday 8 September				
7.30am – 9.00am	Breakfast – Vanbrugh Dining Room				
9.00am – 10.30am	Fertility & reproductive health	Historical Demography: Mortality	Migration: emigrants, characteristics & fates	Families: Child well-being	Methods 1.
Fertility – Session room 3	Chair: Dr. Stuart Basten, University of Oxford	Chair: Dr. Violetta Hionidou, University of Newcastle	Chair: Professor Tony Champion, University of Newcastle	Chair: Dr. Christiaan Monden, University of Oxford	Chair: Dr. Alan Marshall, University of Leeds
Historical – Session room 4	1. Accounting for near-replacement fertility in Accra, Ghana - <i>Allan G. Hill, Harvard Center for Population and Development Studies, University of Southampton.</i>	1. Long-term trends in cause-specific mortality in England and Wales - <i>Mike Murphy and Mariachiara di Cesare, London School of Economics</i>	1. Socio-economic aspects of emigration: a gender perspective - <i>Michal Sabah, Hebrew University of Jerusalem</i>	1. Housing, Family Structure and Child Well-Being - <i>Wendy Sigle-Rushton, London School of Economics</i>	1. Demographic potential and component drivers for ethnic group populations in the UK, 2001-2051 - <i>Philip Rees, Pia Wohland, Paul Norman, Peter Boden, University of Leeds, Leeds</i>
Migration – Session room 5	<i>Kelly Blanchard, Ibis Reproductive Health, Cambridge MA. Naomi Lince, Ibis Reproductive Health, Johannesburg, RSA.</i>	2. Cohort patterns in historical tuberculosis mortality - a reanalysis - <i>Romola Davenport University of Cambridge</i>	2. Why did India grant Overseas Citizenship only to Indian emigrants in sixteen countries? - <i>Sengi Sugita, University of Kent</i>	2. The consequences of childbearing postponement: How are children of older mothers faring? - <i>Alice Goisis London School of Economics</i>	<i>Philip Rees, Pia Wohland, Paul Norman, Peter Boden, University of Leeds, Leeds</i>
Families – Session room 1	2. Effects of maternal socio-demographic characteristics on birth weight distribution in Greece: a quantile regression analysis - <i>Georgia Verropoulou, University of Piraeus and Institute of Education, University of London, Cleon Tsimbos, University of Piraeus</i>	3. The estimation of the migration bias on three different sources: civil registration of births and deaths and listing of inhabitants. The example of the City of Madrid around 1905 - <i>Diego Ramiro-Fariñas, Bárbara A. Revuelta-Eugercios Spanish National Research Council</i>		3. Orphanhood, Schooling Costs and Child's Time Allocation in Zimbabwe - <i>Rafael Novella, ISER, University of Essex</i>	2. Projections of population, health, labour force and households in localities in Northern England. <i>Philip Rees, Chengchao Zuo, Pia Wohland, Carol Jagger, Paul Norman, Peter Boden and Martyna Jasinska, University of Leeds</i>
Methods – Session room 2	3. Determinants of Quality of Antenatal Care Utilisation in Lesotho – A Multilevel Analysis - <i>Rebecca Vassallo, Amos Channon, University of Southampton</i>			4. Children's home lives in the context of parental migration in South Africa - <i>Rachel Bennett (University of Southampton, Victoria Hosegood, University of Southampton, University of KwaZulu-Natal, Marie-Louise Newell, University of KwaZulu-Natal, University College London, Nuala McGrath, University of KwaZulu-Natal, London School of Hygiene & Tropical Medicine.</i>	3. Estimating the impact of demographic change on housing, health and social care in the North of England - <i>Lisa Buckner, University of Leeds,</i>
	4. Rising overmedicalisation of births in Southern India: a demand vs supply phenomenon? - <i>Tiziana Leone, LSE; Ramila Bisht, JNU; Alice</i>				

	<i>Goisis, LSE; Ernestina Coast, LSE</i>				<i>Gary Fry, University of Leeds, Karen Croucher, University of York, Martyna Jasinska, University of Leeds</i> 4. Does the period life table provide more valid estimates of length of wait than the census- or event-based methods? - <i>Paul W. Armstrong, University of East London</i>
10.30am – 11.00am	Break. Refreshments in communal area				
11.00am – 12.30pm Families – Session Room 1 Migration – Main Lecture Theatre Health – Session room 3 Ageing – Session room 4 Religion – Session room 2	Families: Unions 1 Chair: Dr. Christiaan Monden, University of Oxford 1. Fragile Families in the UK and the USA - <i>Kathleen Kiernan, University of York</i> <i>Sara McLanahan, Princeton University, John Holmes University of York, Melanie Wright Princeton University</i> 2. Adolescent Childbearing, Union History and Women's Health and Well-Being at Midlife - <i>Kristi Williams, The Ohio State University; Sharon Sassler, Cornell University; Fenaba Addo, Cornell University; Elizabeth Cooksey, The Ohio State University; Adrienne Frech, The University of Akron</i> 3. Serial cohabitation among	Migration & ONS methodology Chair: Professor Tony Champion, University of Newcastle 1. Distributing Immigrants to Local Authorities - <i>Nigel Swier ONS</i> 2. Using administrative data to distribute long-term international immigrant workers to Local Authority level - <i>Simon Whitworth ONS Jen Ford-Evans ONS Andrew Needham DWP</i> 3. Using administrative data to distribute long-term international immigrant students to Local Authority level - <i>Sofie de Broe, Helena Howarth, Ben Winkley, ONS</i>	Health: Inequalities in health Chair: Professor Mike Murphy, London School of Economics 1. Social diseases (HIV and tuberculosis) and population health in Russia - <i>Vladimir Kozlov the Higher School of Economics, Moscow Lomonosov State University</i> 2. The income gradient in health in England and the United States - <i>Melissa L. Martinson, Princeton University</i> 3. Social inequalities in alcohol-related mortality by National Statistics Socio-economic Classification, England and Wales, 2001-03 - <i>Veronique Siegler, Alaa Al-Hamad, Brian Johnson and Claudia Wells, Office for National Statistics, Nick Sheron, Southampton</i>	Ageing in Africa: health & vulnerability Chair: TBA 1. Understanding the dynamics of living arrangements for older people in a slum setting in Nairobi - <i>Jennifer Baird, University of Southampton</i> 2. Developing health and welfare policies for the elderly in Ghana - <i>Gill Miller, University of Chester</i> 3. Perception of vulnerability to HIV infection among older people living in the slums of Nairobi, Kenya - <i>Gloria Chepngeno-Langat, University of Southampton</i>	Religion Chair: Emily Marshall, Princeton University 1. Religion and attitudes to abortion in Taiwan - <i>David Voas, University of Manchester</i> 2. Fertility patterns of native and migrant Muslims in Europe - <i>Marcin Stonawski, IIASA, Michaela Potančoková, Vienna Institute of Demography, Wittgenstein Centre for Demography and Global Human Capital</i> 3. Religious

	men in Britain: Does work history matter? - <i>Erzsébet Bukodi Centre for Longitudinal Studies Institute of Education</i> 4. Long-Term Trends of Men's Co-residence with Children in England and Wales - <i>Ursula Henz, LSE</i>		<i>University.</i> 4. A good place for bringing up children? Mother's neighbourhood perceptions and children's social development - <i>Anja Scheiwe, University College London, Yvonne Kelly, Institute for Social & Economic Research, University of Essex, Mai Stafford, MRC Unit for Lifelong Health and Ageing, Richard Watt, University College London</i>		Deregulation and Demographic Change: A Key to Understanding Whether Religious Plurality Leads to Strife - <i>Brian J. Grim, Pew Research Center and Boston University, Vegard Skirbekk, International Institute for Applied Systems Analysis (IIASA)</i> 4. The demography of religious switching around the world - <i>Conrad Hackett, Brian Grim, Noble Kuriakose, Pew Forum on Religion & Public Life</i>
12.30pm – 1.30pm	Lunch – Vanbrugh Dining Room				
1.30pm – 3.00pm Ageing – Session Room 2 Local government – Main Lecture Theatre Longitudinal studies – Session room 1	Planning for an ageing population: low mortality countries Chair: Cecilia Macintyre, UK Statistics Authority 1. The Pay-as-you-go vs Funded pension system in low-mortality countries: a demographic perspective - <i>Dalkhat M. Ediev, Vienna Institute of Demography</i> 2. Rethinking Aging - <i>Sergei Scherbov, Wittgenstein Centre for Demography and Global Human Capital (IIASA, VID,</i>	Local Government: Census methodology Chair: Eileen Howes 1. Census 2011: A question of confidentiality - <i>Carole Abrahams, Keith Spicer, Paul Groom, Joe Frend, Martyn Hill, ONS</i> 2. Administrative data linkage to support 2011 Census data quality assurance - <i>Louisa Blackwell, Nicky Rogers, ONS</i> 3. Using Administrative Data to Count Local Populations - <i>Gillian Harper, Mayhew Harper</i>	Longitudinal Studies Chair: Professor Maria Evandrou, University of Southampton 1. What can the ONS Longitudinal Study tell us about the mortality of the 'Golden Cohort'? - <i>Shayla Goldring, Nigel Henretty, Julie Mills and Kate Johnson, Office for National Statistics</i> 2. Using the Northern Ireland Longitudinal Study to analyse socio-economic and demographic determinants of antibiotic	Health: newborn & child health Chair: Dr. Tiziana Leone, London School of Economics 1. A comparative analysis of the black/white differential in the role of advanced maternal age - <i>Alice Goisis, Wendy Sigle-Rushton, London School of Economics</i> 2. Neonatal death and national income in developing countries: Will economic growth reduce deaths in the first month of life? - <i>Sarah</i>	Fertility choices & norms Chair: Dr. Conrad Hackett, Pew Forum on Religion & Public Life 1. The Value of Children and Theories of Fertility Transition - <i>Melanie Frost, University of Oxford</i> 2. Is there a global two-child norm? - <i>Stuart Basten, David</i>

<p>Health – Session room 4</p> <p>Fertility – Session room 3</p>	<p><i>WU), Research Group Leader, Vienna Institute of Demography (VID), Warren C. Sanderson Co-Chair, SUNY-Stony Brook Institute</i></p> <p>3. Ageing of the indigenous populations of Australia, Canada, and New Zealand – <i>Helen Ware, University of New England</i></p>	<p><i>Associates Ltd.</i></p>	<p>prescribing patterns: lessons for antibiotic stewardship - <i>Fiona Johnston, Northern Ireland Statistics and Research Agency, Michael Rosato , Queen's University Belfast</i></p> <p>3. Deriving trends in life expectancy by National Statistics Socio-economic class (NS-SEC) using the ONS Longitudinal Study - <i>Brian Johnson, Office for National Statistics</i></p> <p>4. Survivorship 2001-2008 among residents of communal establishments in 2001 in England & Wales: Results from the Office for National Statistics Longitudinal Study - <i>Emily Grundy, LSHTM</i></p>	<p><i>Neal, University of Southampton, Jane Falkingham, University of Southampton, John Micklewright, Institute of Education</i></p> <p>3. Is There an Urban Advantage in Child Survival in Sub-Saharan Africa? Evidence From 18 Countries in the 1990s - <i>Philippe Bocquier, Université Catholique de Louvain. Nyovani Madise, University of Southampton, Eliya Zulu, African Institute for Development Policy</i></p> <p>4. The treatment of child illness in Southern Africa - how has it changed over time? - <i>Andrew Amos Channon, University of Southampton, Gobopamang Letamo, University of Botswana, Jesman Chintsanya, University of Malawi, Namuunda Mutumbo, University of Zambia, Isak Neema, University of Namibia</i></p>	<p><i>Coleman, University of Oxford</i></p> <p>3. The relationship between kin availability and fertility: a systematic review - <i>Rebecca Sear, University of Durham</i></p> <p>4. Navigating new socio-demographic landscapes using anthropological demography to understand the 'persistence' of high and early fertility among British Pakistanis - <i>Kate Hampshire, Mwenza Blell, Bob Simpson, Durham University</i></p>
<p>3.00pm – 4.00pm</p> <p>Main lecture Theatre</p>	<p>Plenary 2 – Professor Ken Hill (Harvard Center for Population & Development Studies)</p> <p>Development Goals and Mortality Measurement in the Age of Immediate Gratification</p> <p>Chair: Professor Ludi Simpson</p>				
<p>4.00pm – 4.30pm</p>	<p>Break. Refreshments in communal area</p>				

4.30pm – 6.00pm Local government – Training session – Session room 5 Families – Session room 2 Demographic applications – V119 – first floor Migration – Session room 3 Gender – Session room 1 Health – Session room 4	Families: Divorce Chair: Dr. Christiaan Monden, University of Oxford 1. Parental separation and adult psychological distress: has the association changed over time? - <i>Rebecca Lacey, Mel Bartley, Hynek Pikhart, Mai Stafford and Noriko Cable, University College London</i> 2. The association between father absence, age at puberty, and reproductive timing in British men - <i>Paula Sheppard, London School of Economics</i> <i>Rebecca Sear, Durham University</i> 3. Marriage Duration and Divorce: The Seven-Year Itch or a Life-Long Itch? - <i>Hill Kulu, University of Liverpool</i> 4. Divorce in India: Trends, Patterns and Household Structure - <i>Premchand Dommaraju, Nanyang Technological University Singapore</i>	Demographic Applications of Computable General Equilibrium Modelling Chair: Professor Robert E. Wright, <i>University of Strathclyde</i> 1. Computer General Equilibrium Modelling and Demographic Research: An Introduction” (10 minutes) – <i>Robert E. Wright, University of Strathclyde</i> 2. Pension Reform in a Rapidly Ageing Country - <i>Katya Lisenkova , University of Strathclyde</i> 3. The Impact of Demographic Change on Household Energy Use - <i>Patrizio Lecca , Fraser of Allander Institute</i> 4. Demographic Changes and North-South Trade Patterns - <i>Marcel Mérette, University of Ottawa</i>	Migration: neighbourhoods & student populations Chair: Professor Tony Champion, University of Newcastle 1. Modelling spatial variations in neighbourhood out-migration with Geographically Weighted Regression - <i>Stephen Jivraj, University of Manchester</i> 2. The rapidity of studentification and population change: there goes the (student)hood – <i>Joanna Sage, University of Southampton; Darren Smith, Loughborough University), Phil Hubbard, University of Kent</i> 3. Migration norms’ and Higher Education: Ethnic differences in student migration in Britain - <i>Nissa Finney, University of Manchester</i>	Gender Chair: Dr. Sylvie Dubuc, University of Oxford 1. The cost to act “girly”: gender stereotypes and educational choices - <i>Marta Favara, ISER, University of Essex</i> 2. A step forwards? The impact of New Labour's family policy reforms on maternal employment in the UK - <i>Helen Graham, Centre for Research on Families and Relationships, University of Edinburgh</i> 3. Improvements in Women's Socio-demographic Characteristics and its Impact on Child Nutrition in Bangladesh from 1999 to 2007- <i>Radheeka R. Jayasundera, Lynne M. Casper , University of Southern California</i> 4. The gender disparity in HIV infection in Kenya: evidence from the DHS - <i>Monica Magadi, City University</i>	Health: lifestyle, family and health Chair: Professor Jane Falkingham, University of Southampton 1. Parental resources and children’s health over the life-course and their consequences for educational outcomes: evidence from Indonesia - <i>Sarah Mohaupt, LSE</i> 2. Fathers and family health: Accounts of Zulu-speaking men in South Africa - <i>Victoria Hosegood, University of Southampton & Africa centre for Health & Population Studies, Lynda Clarke, London School of Hygiene & Tropical Medicine, UK</i> 3. The Facebook generation: youth’s screen based media use and well-being - <i>Alexandra Skew, Yvonne Kelly, Amanda Sacker, ISER, University of Essex</i> 4. Body Mass Index,
--	---	---	--	---	--

					lifestyles, and health-related quality of life in Italian schoolchildren and adolescents - <i>Elisabetta Petracci, University of Bologna, Giulia Cavrini , Free University of Bolzano</i>
6.00pm – 7.00pm	Fringe events, networking. Fringe meeting 1: Radical Statistics Group – Session Room 2 Fringe meeting 2: Population Matters – Session Room 1				
7.15pm	BSPS AGM – members only – Session Room 1				
8.00pm	Dinner – Vanbrugh Dining Room				
	Friday 9 September				
7.30am – 9.00am.	Breakfast – Vanbrugh Dining Room				
9.00am – 10.30 am	Health: regional inequalities Chair: Dr. Melissa Martinson, Princeton University 1. Life expectancy variation across local authorities in Greece in 2001 and associations with socioeconomic conditions and population density of localities - <i>Cleon Tsimbos, University of Piraeus, Stamatis Kalogirou, Harokopio University of</i>	Families in the UK & elsewhere Chair: Dr. Christiaan Monden, University of Oxford 1. Examining cohabitation trajectories after a first birth: findings from across Europe and the United States - <i>Brienna Perelli-Harris, University of Southampton</i> 2. Work on families at the Office for National Statistics - <i>Karen Gask, Office for National</i>	Fertility & the lifecourse Chair: Dr. Stuart Basten, University of Oxford 1. How the determinants of childbearing intentions change over the life course - <i>Maria Iacovou, ISER, University of Essex, Alexandra Jane Skew, ISER, University of Essex Lara Patricio Tavares, University of Bocconi</i> 2. Interrelationships between	Historical : Fertility & population growth Chair: Dr. Alice Reid, University of Cambridge 1. Revisiting a delayed and gradual fertility transition. New micro-level evidences for Alghero, Sardinia (1866-1936) - <i>Marco Breschi, Massimo Esposito, Stanislao Mazzoni, Lucia Pozzi,</i>	Methods 2 Chair: Dr. Paul Norman, University of Leeds 1. <i>Ageing in place or transitory populations? Scottish population change by ten year period–cohorts, 1991 to 2001 - John Paul McCarthy, University of Leeds.</i> 2. Improving the United

Historical – Session room 3 Methods – Main Lecture Theatre	<i>Athens, Georgia Verropoulou, University of Piraeus and Institute of Education, University of London</i> 2. The scale of health inequalities in England: from region to local authority district, 2006-2008 - <i>Michael P Smith, Olugbenga Olatunde, Chris White, ONS</i> 3. Exploring the impact of local trends in self reported morbidity (1991-2001) on spatial health inequalities - <i>Alan Marshall, University of Leeds</i>	<i>Statistics</i> 3. Changes in mid-life living arrangements in the United Kingdom – <i>D. H. Demey, Ann Berrington, Maria Evandrou,, Jane Falkingham, ESRC Centre for Population Change, University of Southampton</i> 4. Intergenerational exchange in the UK - <i>Tak Wing Chan, University of Oxford</i>	Childbearing and Housing Transitions in the Family Life Course - <i>Hill Kulu, University of Liverpool</i> 3. A Cross-national Comparative Study of Intergenerational Continuities in Childbearing - <i>Mike Murphy, LSE</i> 4. New Approaches for Children Demand Estimating: A Fertility Control Motivation Analysis - <i>Olfa Frini, Institut Supérieur de Comptabilité & 'Administration des Entreprises (ISCAE), Campus Universitaire de la Manouba, Tunisia</i>	<i>University of Sassari</i> 2. The meaning of population growth for the interwar Poland (1918 - 1939) - <i>Malgorzata Radomska, Max Planck Institute for Demographic Research</i> 3. Population Problems? Social Policy and Low Fertility in Post-War France and Great Britain - <i>Emily Ann Marshall, Princeton University</i>	Kingdom's immigration estimates - <i>James Raymer, ESRC Research Centre for Population Change, University of Southampton</i> <i>Sarah Crofts, Office for National Statistics</i> 3. Integrated Modelling of European Migration: A first look at the final results - <i>Arkadiusz Wiśniowski, Jonathan J. Forster, James Raymer, Peter W.F. Smith and Jakub Bijak, Southampton Statistical Sciences Research Institute, University of Southampton</i> 4. Inter-regional migration in Europe – a spatial interaction modelling perspective - <i>Adam Dennett, Kimberley Claydon, Pablo Mateos, University College London</i>
10.30-11.00am	Break. Refreshments in communal area				
1100 – 12.30 pm Fertility – Session room 1 Ageing – Session room 2 Methods – Session room 3	Fertility & migration Chair: Dr. Sebastian Klüsener, MPIDR, Rostock 1. Immigration, integration and fertility - <i>Sylvie Dubuc, Lorraine Waller, University of Oxford</i> 2. Assessing the importance of partner's migration status for the fertility patterns of recent migrants to the UK - <i>Lorraine Waller, University of Oxford</i>	Planning for an ageing population (UK) Chair: Professor Emily Grundy, London School of Hygiene & Tropical Medicine 1. Planning for a longer life: Extending our horizons - <i>Sandra Vegeris, Policy Studies Institute</i> <i>David Martin, Independent Consultant</i> 2. Transitions into residential care in later life: Evidence from the	Methods 3 Chair: Dr. Paul Norman, University of Leeds 1. Modelling fertility schedules with a skew-symmetric distribution - <i>Stefano Mazzucco and Bruno Scarpa, University of Padova</i> 2. Developing a relational model of disability - <i>Alan Marshall, University of Leeds, Paul Norman, University of Leeds,</i>	Local Government: Projections Chair: Baljit Bains, Greater London Authority 1. Population and Household Projections for Wales - <i>Tony Whiffen, Welsh Assembly Government</i> 2. How will ethnic diversity change in the UK between 2001 and 2051? -	

Local government – Main Lecture Theatre	<p>3. Estimating fertility among recent migrants to England and Wales using the Office for National Statistics Longitudinal Study - <i>James Robards, University of Southampton</i></p> <p>4. Migrant fertility in England and Wales: origins, generations and convergence - <i>Ben Wilson, Wendy Sigle-Rushton, London School of Economics</i></p>	<p>British Household Panel Survey (1991-2009) - <i>Maria Evandrou, Jane Falkingham, Olga Maslovskaya and Athina Vlachantoni, ESRC Centre for Population Change, University of Southampton</i></p> <p>3. Housing an Ageing Population with Social Care Needs: Investigating the role of Extra Care Housing - <i>Dylan Kneale, International Longevity Centre</i></p>	<p><i>Ian Plewis, University of Manchester, Ludi Simpson, University of Manchester</i></p> <p>3. Methodological triangulation is applicable to health and mortality research in demography!- <i>Christian Wegner, Priska Flandorfer, Vienna Institute of Demography, Austrian Academy of Sciences</i></p> <p>4. An alternative measure of mortality: the mortality synthetic indicator - <i>Michela C. Pellicani, University of Bari, Alessandro Polli - University of Rome "La Sapienza"</i></p>	<p><i>Philip Rees, Pia Wohland, Paul Norman, Peter Boden, University of Leeds,</i></p> <p>3. Measuring Uncertainty in the Local Authority Population Estimates - <i>Dorothee Schneider, Ruth Fulton, Office for National Statistics</i></p>
