

British Society for Population Studies 2013 Conference: Timetable

Session rooms listed under each session heading. All adjacent to one another in Faraday Building (ground floor)

| Monday 9 September | | | | | | |
|-----------------------|---|--|--|---|--|--|
| From 10.30am | Registration in Taliesin Arts Centre. Registration desk staffed throughout the Conference | | | | | |
| 12.15 – 1.30pm | Lunch in Fulton House Dining Room (first floor) | | | | | |
| 1.30 – 3.00pm | <p>Ageing: Receipt of care at older ages <i>Chair: Dr. Rebecca Sear</i> <u>Session room 1</u></p> <p>1. Older people's receipt of social support in England – <i>Vlachantoni, Shaw, Evandrou, Falkingham</i> 2. On the compensating role of extended family and non-family ties among the childless elderly in Germany – <i>Schnettler & Woehler</i> 3. Shifting & static attitudes towards intergenerational transfers of care in rural Malawi – <i>Freeman</i></p> | <p>Census: Beyond 2011 <i>Chair: Kirsty MacLachlan</i> <u>Faraday Lecture Theatre</u></p> <p>1. Variability & accuracy of Scottish population estimates from administrative data sources – <i>Greig</i> 2. Estimating Scottish local population sizes from administrative data sets using Bayesian Monte Carlo methods – <i>Sharp & Congdon</i> 3. Population statistics in an administrative data-based world – <i>Wroth-Smith & Large</i></p> | <p>Health: Predictors of overweight & obesity in children & adolescents <i>Chair: Dr. Amos Channon</i> <u>Session room 2</u></p> <p>1. Understanding ethnic differences in BMI in the US & UK – <i>Zilanawala, Kelly, Sacker</i> 2. Family structure, maternal nativity, & childhood obesity – <i>Sigle-Rushton & Goisis</i> 3. Community & household socio-economic status influences on dietary intake in South African adolescents living in an urban area – <i>Pradeilles, Griffiths,</i></p> | <p>Migration: Lifecourse <i>Chair: Professor Tony Fielding</i> <u>Session room 3</u></p> <p>1. Spatial aspects of internal migration in Italy: a longitudinal approach – <i>Fornasin</i> 2. The geographic mobility over the life course in some European countries. Using ShareLife data to compare changes of residence over the last decade – <i>Heins & Bonifazi</i> 3. Migration motivations & migrants' satisfaction in the life course. A sequence analysis of geographical mobility trajectories in the UK –</p> | <p>Fertility: cross-national & global perspectives <i>Chair: Dr. Agnese Vitali</i> <u>Session room 4</u></p> <p>1. The future of fertility: Results from a global survey of experts – <i>Basten & Sobotka</i> 2. Culture, structure & fertility: Education, post-materialism in a cross-national perspective – <i>Macmillan</i> 3. Lengthening birth Intervals & their impact on the fertility transition in rural & urban East Africa – <i>Towriss & Timaeus</i></p> | <p>Application of multilevel modelling <i>Chair: Valeria Cetorelli</i> <i>Discussant: Dr. Berkay Ozcan</i> <u>Session room 5</u></p> <p>1. Household structure & child health in Botswana - <i>Ntshebe</i> 2. Socio-cultural determinants of modern contraceptive use in West Africa – <i>Ledger</i> 3. The effect of family allowances on first births in Europe: cross-national longitudinal comparisons and critical junctures – <i>Wood</i> 4. The association between individual &</p> |

| | | | | | | |
|----------------------|--|---|--|--|--|--|
| | | | <i>Rousham, Norris, Feeley</i> | <i>Nowok & Findlay</i> | | national-level characteristics in fertility & partnership – <i>Lyons-Amos</i> |
| 3.00 – 3.30pm | Break. Refreshments in Taliesin Arts Centre | | | | | |
| 3.30 – 4.30pm | <p>PLENARY: PROFESSOR MARY DALY (University of Oxford)</p> <p><i>Family policy in the UK and Europe – does it respond to fertility and ageing?</i></p> <p>Chair: Professor Ludi Simpson</p> <p><u>Faraday Lecture Theatre</u></p> | | | | | |
| 4.30 – 4.45pm | Short break | | | | | |
| 4.45 – 6.15pm | <p>Ageing: Segregation & inequality at older ages Chair: Dr. Emily Freeman <u>Session room 1</u></p> <p>1. Does the level of health inequality within an area influence the health of older people? – <i>Marshall, Jivraj, Nazroo, Tampubolon, Vanhoutte</i></p> <p>2. What are the dominant patterns of expenditure among</p> | <p>Ethnicity: Residential segregation & mixing Chair: Dr. Stephen Jivraj <u>Session Room 2</u></p> <p>1. White flight, mixed neighbourhoods or both? Applying spatial measures of ethnic segregation to the 2001 & 2011 Censuses – <i>Harris & Johnston</i></p> <p>2. ‘White flight’, local diversity & white opposition to immigration in Britain, 1991-2012 –</p> | <p>Economic change & family processes Chair: Dr. Berkay Ozcan <u>Session room 4</u></p> <p>1. Economic precariousness & living arrangements among young adults in the UK – <i>Tammes, Roberts, Berrington</i></p> <p>2. Economic conditions and variation in first birth hazards in 22 European countries between 1970 and</p> | <p>Methods: Migration in models Chair: Professor Phil Rees <u>Session room 5</u></p> <p>1. Estimating annual migration flows by age & sex for subnational geographies in the UK, 2001-2011 – <i>Norman, Lomax, Stillwell, Rees</i></p> <p>2. Combining internal migration data sources in England – <i>Newell</i></p> <p>3. Redevelopment of the migration-assumptions setting</p> | <p>Migration: Inter-regional patterns Chair: Professor Tony Champion <u>Session room 3</u></p> <p>1. Migration in China: interprovincial migration trends in a transition economy – <i>Fielding</i></p> <p>2. Differentiation of Russian regions and cities by mean age of population as a consequence of internal migration – <i>Kashnitsky</i></p> | <p>Training session: Studying pathways between social & biological factors using modern causal inference methods: an example using data from the ONS Longitudinal Study</p> <p><u>Faraday Lecture Theatre</u></p> <p><i>Professor Bianca DeStavola & Dr. Rhian Daniel (LSHTM) & Professor Emily Grundy (University of</i></p> |

| | | | | | | |
|-----------------------------|--|---|--|---|---|--|
| | the older population & what explains these? – <i>Hayes & Finney</i> 3. Trends in age segregation in England & Wales – <i>Sabater & Simpson</i> | <i>Kaufmann & Harris</i> 3. Neighbourhood ethnic diversity & mixing in England & Wales, 1991-2011 – <i>Catney</i> 4. Ethno-religious residential segregation & social networks: A British Muslim case study - <i>Gale</i> | 2005 – <i>Wood & Neels</i> 3. Economic context & first union formation: exploring the effects of economic downturn at the macro level (1970-2004) in five western-European countries – <i>Vergauwen & Neels</i> | methodology for the UK’s national population projections – <i>Leather</i> 4. Examining the role of international migration in global population projections – <i>Abel, Sander, Samir</i> | 3. Migration in regional groups: effects, tendencies & correlation with integration - <i>Vadim</i> | <i>Cambridge)</i> |
| 6.15 – 6.30pm | Short break | | | | | |
| 6.30 – 8.00pm | Poster session & reception (drinks & nibbles) in Taliesin Arts Centre. All Conference participants welcome. Over 55 posters on display. See abstracts for full list and presenters. | | | | | |
| 8.00pm | DINNER. Fulton House Dining Room (first-floor) Bar in Fulton House open until midnight | | | | | |
| | | | | | | |
| Tuesday 10 September | | | | | | |
| 7.30 – 9.00am | Breakfast. Fulton House Dining Room. Career mentoring breakfast for those who have had their booking confirmed. Please collect your breakfast from the Fulton House Dining Room & take to the nearby allocated room – location advised to those registered. FULLY BOOKED. | | | | | |
| 9.00 – 10.30am | Census: the 2011 Census in Scotland <i>Chair: Emma Wright</i> <u>Session room 5</u> 1. Scotland’s 2011 Census: Quality assurance of small area population & household estimates | Reproductive health: Reproductive & negative birth outcomes <i>Chair: Ben Wilson</i> <u>Session room 4</u> 1. Social inequalities of adolescent fertility outcomes: teenage | Migration: Censuses & estimates <i>Chair: Professor Tony Champion</i> <u>Session room 3</u> 1. How well is the impact of international migration measured between censuses – | Historical demography: Historical mortality <i>Chair: Dr. Eilidh Garrett</i> <u>Session room 1</u> 1. From ague to pyrexia & from smallpox to heart | Life course linkages <i>Chair: Dieter Demey</i> <u>Session room 2</u> 1. Coping with complex individual histories: A comparison of life course methods with an application to | Methods: Variations in outputs <i>Chair: Dr. Paul Norman</i> <u>Faraday Lecture Theatre</u> 1. The future quality of population estimates: how will we measure |

| | | | | | | |
|------------------------|--|---|--|---|--|--|
| | <p>with implications for future methods – <i>Hunter & Macintyre</i></p> <p>2. The Census/Census Coverage Survey Matching Project for Scotland’s Census 2011 – <i>Bowie & Stannard</i></p> <p>3. Scotland’s Census 2011: Quality assurance - <i>Macintyre</i></p> | <p>childbearing & abortion trends of three birth cohorts in Finland – <i>Vaisanen</i></p> <p>2. Local sex ratios & reproduction skew: the Finnish case - <i>Lainiala & Rotkirch</i></p> <p>3. Co-operation and conflict within families: do kin help or hinder reproductive outcomes? – <i>Sear, Moya, Schaffnit, Snopkowski</i></p> <p>4. Associations between small-area crime rate & negative birth outcomes in Scotland – <i>Clemens & Dibben</i></p> | <p><i>Owen</i></p> <p>2. Measuring population change in Scotland: How the Census sheds light on our success in capturing migration over the last ten years – <i>Hill</i></p> <p>3. Internal migration as a driver of inter-censal drift – <i>Park, Smallwood, Auckland</i></p> | <p>disease: a general overview of causes of death in Scotland 1855-1955 – <i>Reid, Garrett, Dibben, Williamson</i></p> <p>2. Was there a causal relationship between early-life living conditions & adult survivorship in the past? Insights on socioeconomic determinants from a height-mortality linkage in Spanish rural settlements (1780-1900) – <i>Camara & Pujadas</i></p> <p>3. The direct influence from early life disease exposure on young adult height, southern Sweden 1814-1950 - <i>Oberg</i></p> | <p>partnership transitions in Norway – <i>Mikolai & Lyons-Amos</i></p> <p>2. The role of parental social class in the transition to adulthood: a Sequence Analysis Approach in Italy and the United States – <i>Sironi, Barban, Impicciatore</i></p> <p>3. Parental background, intergenerational educational mobility & timing of first birth – <i>Duta</i></p> <p>4. Impacts of NEET experiences on social & health outcomes: an analysis using the Scottish Longitudinal Study – <i>Ralston, Raab, Dibben, Feng</i></p> | <p>& should we adjust? – <i>Smallwood</i></p> <p>2. On the decomposition of life expectancy & limits to life – <i>Mayhew & Smith</i></p> <p>3. How confident can we be in the projections of the older population in the UK? - <i>Rees</i></p> |
| 10.30 – 11.00am | Break. Refreshments in Taliesin Arts Centre | | | | | |
| 11.00 – 12.30pm | <p>Ethnicity: Social & economic inequalities <i>Chair: Dr. Stephen Jivraj</i> <u>Session room 2</u></p> <p>1. Ethnic minorities and inequalities:</p> | <p>Demographic projections for local government <i>Chair: John Hollis</i> <u>Session room 5</u></p> <p>1. The production of small area population</p> | <p>Fertility: Fertility preferences & intentions <i>Chair: Professor Ross Macmillan</i> <u>Session room 4</u></p> <p>1. Correspondence</p> | <p>Families: Diverse family forms: Measurement & policy issues <i>Chair: Dr. Almuneda Sevilla Sanz</i> <u>Session room 1</u></p> | <p>Demography of armed conflict <i>Chair: Dr. Jakub Bijak</i> <u>Faraday Lecture Theatre</u></p> <p>1. Demography in the courtroom – <i>Helge</i></p> | <p>CeLSIUS: joint hands-on training session for the 3 UK Census Longitudinal Studies <u>Library Computer Room</u></p> <p><i>Nicola Shelton &</i></p> |

| | | | | | | |
|------------------------------|---|--|---|--|---|---|
| | <p>Exploring ethno-religious contributions to labour market participation - <i>Khan</i></p> <p>2. Measuring the integration of the young foreign population in a new setting region of southern Italy through the command & use of the language – <i>Pellicani, Galizia & Moro</i></p> <p>3. Spatial integration at the expense of occupational disadvantage: The case of Latin Americans in Spain – <i>Sabater, Domingo, Galeano</i></p> <p>4. Self-determination through self-employment? Livelihood strategies of immigrants & their partners in rural Sweden – <i>Macpherson, Karlsson, Stromgren</i></p> | <p>estimates & forecasts for customised geographies – <i>Kenyon</i></p> <p>2. Population forecasting & demographic change in Luton – <i>Holmes</i></p> <p>3. Demographic projections for areas at risk of coastal flooding - <i>George</i></p> | <p>between intended & realised fertility: the role of education – <i>Testa & Iacovou</i></p> <p>2. Fertility intentions and health status among women in slum and non-slum areas in eight Indian cities – <i>Khopkar, Kulathinal, Saavala</i></p> <p>3. Who wants to remain childless? Exploring gender differences in intended childlessness in Britain & Italy – <i>Fiori, Rinesi, Graham</i></p> | <p>1. Complex families & material hardship - <i>Pilkaukas & Zilanawala</i></p> <p>2. Cohabiting families and their legal protection against moves into poverty: A comparison of 12 European countries - <i>Gassen & Perelli-Harris</i></p> <p>3. Economic and demographic change in India: challenging assumptions of family breakdown – <i>Penny Vera-Sanso, Birkbeck, University of London</i></p> | <p><i>Brunborg, Statistics Norway (SPECIAL INVITED SPEAKER)</i></p> <p>2. The impact of the Iraq war on neonatal polio immunisation coverage – <i>Cetorelli</i></p> <p>3. Socio-demographic differences in surviving the Holocaust - <i>Tammes</i></p> | <p><i>Rachel Stuchbury (CeLSIUS), Michael Rosato (NILS-RSU), Lee Williamson (SLS-DSU)</i></p> <p>FULLY BOOKED</p> |
| <p>12.30 – 1.30pm</p> | <p>Lunch. Fulton House Dining Room</p> | | | | | |

| | | | | | | |
|-----------------------------|---|---|--|--|--|---|
| <p>1.30 – 3.00pm</p> | <p>Census: Beyond 2011 (2) Chair: Dr. Ian Shuttleworth <u>Faraday Lecture Theatre</u></p> <p>1. Integrating surveys & administrative data to estimate population characteristics – <i>Morris, Taylor, Merad, Ralphs</i> 2. Public acceptability: the challenges for Beyond 2011 – <i>Groom</i> 3. Making a case for small area Census statistics: exploring the spatial scale of population variables in England & Wales – <i>Lloyd</i> 4. Assessing the value of small area census data: an input to ‘Beyond 2001’ discussions – <i>Norman & Martin</i></p> | <p>Families: Gendered division of labour within families Chair: Dr. Nora Sanchez Gassen <u>Session room 1</u></p> <p>1. Flexible working & Couples’ co-ordination of time schedules – <i>Sevilla & Bryan</i> 2. Time availability, bargaining or doing gender? The domestic division of labour in China – <i>Kan & He</i> 3. Work-life conflict in Britain: examining the role of family circumstances – <i>Henz</i> 4. Family-work practices & attitudes among religious groups in the United Kingdom – <i>Peri-Rotem</i></p> | <p>Historical demography: Causes of death & disease in the past Chair: Dr. Alice Reid <u>Session room 2</u></p> <p>1. The experience of trachoma, a poverty-related disease, in Italy & Spain between the 19th & 20th centuries – <i>Pozzi, Mestre, Galiana</i> 2. Control of tuberculosis in the Gold Coast, 1900-1960 – <i>Amo-Adjei et al</i> 3. Towards a long-term historical cause of death coding scheme – <i>Reid, Garrett, Dibben, Williamson</i></p> | <p>Intergenerational transmissions Chair: Professor Jane Falkingham <u>Session room 3</u></p> <p>1. Social mobility over three generations in the UK – <i>Chan</i> 2. Intergenerational wealth inequality & dependency across seven OECD countries – <i>Vitali, Aassve, Furstenberg</i> 3. Intergenerational transmission of attitudes toward the family: the role of family size – <i>Bordone, Murphy, Skirbekk</i> 4. Household structures in Europe & their relationship with poverty & deprivation – <i>Iacovou</i></p> | <p>Population change, environment, resources & conflict Chair: Dr. Stephen Jivraj <u>Session room 4</u></p> <p>1. Determining the range of excess population loss estimates: A case study of the Democratic Republic of Congo (DRC) 1984-2004 armed conflict – <i>Kapend & Hinde</i> 2. A demographic reconstruction of the components that contributed the most to population change during the Sierra Leonean civil war, 1991-2002 – <i>Kamanda</i> 3. Do biased sex-ratios affect violent crime? An individual-level longitudinal analysis using Swedish register data – <i>Schnettler, Barclay, Beckley, Filser</i> 4. Population & consumption effects under the Urban Transition – <i>Terama,</i></p> | <p>Reproductive health: HIV/AIDS & sexual behaviour Chair: Dr. Rebecca Sear <u>Session room 5</u></p> <p>1. Attitudes towards sexual health among older adults with HIV in rural southern Malawi – <i>Freeman</i> 2. Gender disparity in HIV seroprevalence & associated gender variables: A national-level analysis of the association between gender inequality & the feminisation of HIV/AIDS – <i>Harris</i> 3. HIV status & contraceptive behaviour among women in Kenya – <i>Magadi & Magadi,</i></p> |
|-----------------------------|---|---|--|--|--|---|

| | | | | | | |
|----------------------|--|---|---|---|---|---|
| | | | | | <i>Mace, Coulson</i> | |
| 3.00 – 3.30pm | Break. Refreshments in Taliesin Arts Centre | | | | | |
| 3.30 – 4.30pm | <p>Plenary: Professor Monica Das Gupta (The World Bank)</p> <p><i>Demography, Gender & Kinship Systems: perspectives from Asia</i></p> <p>Chair: Professor Tony Champion</p> <p><u>Faraday Lecture Theatre</u></p> | | | | | |
| 4.30 – 4.45pm | Short break | | | | | |
| 4.45 – 6.45pm | <p>Migration: Impacts <i>Chair: Rachel Bennett</i> <u>Session room 3</u></p> <p>1. The Hazara & Afghan diaspora in the United Kingdom, continental Europe and Australia – <i>Ware</i></p> <p>2. Location, location? A critical examination of patterns & determinants of internal mobility among post-accession Polish immigrants in the UK – <i>Trevena, McGhee, Heath</i></p> <p>3. Cleaning & care work in France: the</p> | <p>Families: Family dynamics in Europe: cross-national comparisons <i>Chair: Dr. Tak Wing Chan</i> <u>Session room 1</u></p> <p>1. How does human capital affect partnership transitions? Evidence of complex contingencies in a multi-country sample – <i>Macmillan</i></p> <p>2. The planning status of non-marital fertility – <i>Vergauwen & Neels</i></p> <p>3. Variation in the intersection between</p> | <p>Ethnicity: Population change, mixed ethnicities & racism <i>Chair: Dr. Gemma Catney</i> <u>Session room 2</u></p> <p>1. ‘The pebble in the pond’: race equality & racism in Wales – <i>Crawley</i></p> <p>2.– Ethnic differences in housing: evidence from the 2011 census <i>Finney, presented by Ludi Simpson</i></p> <p>3. Mixed-Britain & ethnicity: findings from the Census – <i>Smith</i></p> <p>4. How well did we do</p> | <p>Historical demography: Fertility & households in the past <i>Chair: Professor Lucia Pozzi</i> <u>Session room 4</u></p> <p>1. Son preference in a sharecropping society: Gender composition of children & reproduction in the pre-transitional Italian community of Casalguidi – <i>Manfredini, Breschi, Formasin</i></p> <p>2. Innovation-diffusion, geography & clustering of fertility</p> | <p>Health & Mortality: Socio-demographic predictors of health & mortality <i>Chair: Professor Monica Das Gupta</i> <u>Session room 5</u></p> <p>1. Do short birth intervals have long-term implications for parental health? An investigation using Norwegian complete cohort register data – <i>Kravdal & Grundy</i></p> <p>2. Intra-migration & Health in England & Wales: Does where you move to impact upon your health? –</p> | <p>Local government training session</p> <p><u>Library Computer Room</u></p> <p><i>Led by Piers Elias, with Sally Kenyon & Mark Green</i></p> <p>FULLY BOOKED</p> |

| | | | | | | |
|-------------------------------|---|---|---|---|---|--|
| | <p>contributions & trajectories of migrant workers – <i>Condon & Lada</i></p> <p>4. Self-employment of immigrants: Understanding the country-of-origin effects – <i>Ozcan & Ozcan</i></p> <p>5. The migration-development nexus reconsidered: Trans-local perspectives on migration & local place making processes in eastern Nepal – <i>Agergaard & Broegger</i></p> | <p>partnership & fertility: A comparison across 3 cohorts in 16 countries – <i>Lyons-Amos & Perelli-Harris</i></p> <p>4. Between tradition & egalitarianism: Non-linear divorce dynamics in Germany, Great Britain & the UK – <i>Bellani, Boertien, Esping-Andersen</i></p> | <p>in projecting ethnic group populations for local authorities in England? An investigation of errors in the ETHPOP projections – <i>Rees, Wohland, Norman</i></p> | <p>behaviour during the fertility transition: A multi-level analysis of micro census data for Sweden, 1880, 1890 & 1900 – <i>Dribe, Juarez, Scalone</i></p> <p>3. Urban & rural illegitimacy in Coimbra, Portugal (1885-1910) – <i>Pereira</i></p> <p>4. Investigating the immobile - <i>Boothman</i></p> | <p><i>Green</i></p> <p>3. The relationship between age, period & cohort trends in mortality & self-assessed health in Britain from 1974 to 2006 – <i>Murphy</i></p> <p>4. Identifying housing transitions in relation to subsequent mortality at older ages – <i>Evandrou, Falkingham, Robards, Vlachantoni</i></p> | |
| 6.45 – 7.00pm | Short break | | | | | |
| 7.00pm | BSPS AGM. (Members only please). | | | | | |
| | Faraday Lecture Theatre | | | | | |
| 8.00pm | DINNER. Fulton House Dining Room | | | | | |
| | Quiz in the Fulton House Bar after dinner for all who care to participate | | | | | |
| | | | | | | |
| Wednesday 11 September | | | | | | |
| 7.30 – 9.00am | Breakfast. Fulton House Dining Room | | | | | |

| | | | | | | |
|------------------------------|--|--|--|---|--|---|
| <p>9.00 – 10.30am</p> | <p>Local government Chair: Eileen Howes <u>Session room 1</u></p> <p>1. Estimating population yield from new housing development – <i>Tonkiss, Corr, Cameron</i> 2. Developing & running a local authority pupil projection model – <i>Elias</i> 3. Migration and the city regions of England and Wales <i>Tony Champion, Mike Coombes; Centre for Urban & Regional Development Studies (CURDS), Newcastle University</i></p> | <p>Methods: Digging deeper Chair: Dr. Paul Norman <u>Session room 2</u></p> <p>1. Identifying age, period & cohort effects: Sarah Connor versus the Terminator – <i>Voas</i> 2. Synthetic data estimation for the UK Longitudinal Studies: an introduction to the SYLLS project – <i>Dennett, Wu, Raab</i> 3. Agent-based models and statistical emulators in demography: An example of modelling social care for the ageing UK – <i>Silverman, Bijak, Hilton, Noble</i> 4. Embedding economic models of migration and household formation in a housing market model for localities and regions in New Zealand – <i>Bramley, Leishman & Watkins</i></p> | <p>Health & mortality in low income countries Chair: Philippa Waterhouse <u>Session room 3</u></p> <p>1. Intrapartum care among the urban poor in India: analysis of temporal dynamics in decision-making – <i>Jones</i> 2. Regional & socioeconomic differentials of mortality risk at young ages in Brazil – <i>Monteiro and Zaluar</i> 3. An investigation of seasonal variation of child under-nutrition in Malawi: is seasonal food availability an important factor? – <i>Chikhungu</i> 4. Geographic & socioeconomic inequalities in women and children’s nutritional status in Pakistan – <i>Di Cesare, Bhatti, Fortunato, Bhutta</i></p> | <p>Fertility: Migration, residential context & spatial differences Chair: Professor Anna Rotkirch <u>Session room 4</u></p> <p>1. Residential context, migration & fertility in Britain – <i>Kulu</i> 2. Disentangling the Quantum & tempo of immigrant fertility – <i>Wilson</i> 3. Fertility & values: a look at regional differences within the European context – <i>Tavares & Arpino</i> 4. A spatial analysis of childbearing in cohabitation – <i>Vitali, Aassve, Lappegard</i></p> | <p>Ethnicity: Changing families & fertility Chair: Dr. Stephen Jivraj <u>Session room 5</u></p> <p>1. The changing dynamics of migrant families: Findings from a qualitative longitudinal study – <i>Ahmed</i> 2. After Swedish intermarriage – <i>Obucina</i> 3. Intergenerational fertility changes, minority status & social mobility of ethnic minorities in the UK - <i>Dubuc</i> 4. Pathways out of the parental home among young second-generation migrants in the UK – <i>Berrington & Tammes</i></p> | <p>Scottish Beyond 2011 Workshop</p> <p><u>Faraday Lecture Theatre</u></p> |
|------------------------------|--|--|--|---|--|---|

| | | | | | | |
|-----------------|---|--|---|---|---|---|
| 10.30 – 11.00am | Break. Refreshments in Taliesin Arts Centre | | | | | |
| 11.00 – 12.30pm | <p>Ageing: Rethinking & re-measuring old-age (in)dependency & its implications for conceptualising population ageing Chair: Professor Philip Rees <u>Session room 1</u></p> <p>1. Population ageing in Scotland: time for a rethink? – <i>MacInnes & Spijker</i> 2. Trajectories of functional disability in the elderly – <i>French & Steele</i> 3. Retirement & cognitive skills: the mediating role of social activities & grandparenting – <i>Arpino, Bordone, Skirbekk</i></p> | <p>Families: Kinship Chair: Ben Wilson <u>Session room 2</u></p> <p>1. Family geography & demography in the UK – <i>Chan & Ermisch</i> 2. Post-separation mobility: Moving closer to the family – <i>Das, de Valk, Merz</i> 3. Fostering relations: the differences in sexual & reproductive outcomes between children raised by kin & non-kin carers – <i>Schaffnit, Sheppard, Garcia, Sear</i></p> | <p>Census: Census analysis & dissemination Chair: Esta Clark <u>Faraday Lecture</u> <u>Theatre</u></p> <p>1. Census analysis work programme – <i>Browne & Taylor</i> 2. Origin destination products from the 2011 Census – <i>Waruszynski & Hutchinson</i> 3. 2011 Census microdata products – <i>Lewin & Hutchinson</i> 4. Innovations in census dissemination at the UK Data Service – <i>Hayes</i></p> | <p>Health: Inequalities in health in England & Wales Chair: Valeria Cetorelli <u>Session room 3</u></p> <p>1. Gender convergence in human survival & the postponement of death – <i>Mayhew & Smith</i> 2. Social inequalities in mortality in English regions & Wales by NS-SEC, 2001 to 2010 – <i>Owen</i> 3. The changing structure of English society, implications for health: evidence from the Health Survey for England 1996-2010 – <i>Darlington, Norman, Ballas</i> 4. The influence of area disadvantage on LLTI reporting in England, 2001. Contributing evidence to the Joint Action European Health & Life Expectancy</p> | <p>Migration: Younger adults & children Chair: Dr. Beata Nowok <u>Session room 4</u></p> <p>1. Migration transitions to higher educational institutions: Statistical modelling of the Student Record Data in the UK – <i>Bailey & Bijak</i> 2. Spatial mobility trends in Sweden: An order-specific analysis of migration – <i>Kulu & Lundholm</i> 3. Migration intentions in post-Socialist countries – <i>Obucina</i> 4. Contexts of migration across childhood: evidence from rural South Africa – <i>Bennett</i></p> | <p>Ethnicity: National identity & belonging Chair: Dr. Gemma Catney <u>Session room 5</u></p> <p>1. Researching residential segregation in Northern Ireland: Interpreting the question on ‘national identity’ in the 2011 censuses of population – <i>Shuttleworth & Lloyd</i> 2. Belonging and not belonging: The experience of return migration for the second generation Irish from Britain – <i>Hannafin</i> 3. Who feels British? The relationship between ethnicity, religion, and national identity – <i>Jivraj, Byrne, Nazroo</i> 4. Ethnicity, nationality & identity in the UK: the development of a comparative acculturation</p> |

| | | | | | | |
