

British Society for Population Studies 2014 Conference: Timetable

Monday 8 September						
From 10.30am	Registration – Stripe foyer					
12.00 – 1.30pm	Lunch – Dining Room					
1.30 – 3.00pm	<p><b>Fertility: Partnerships &amp; children</b></p> <p><b>Session room 1</b></p> <p><i>Chair: Dr. Ernestina Coast (LSE)</i></p> <p>1. The effect of parental leave uptake on second birth hazards in Belgium, France &amp; Germany: a repeated events approach controlling for unobserved heterogeneity – <i>Wood &amp; Neel</i></p> <p>2. The gender inequality crisis in India: Are things really as bad as they seem? Constructing a state-level Gender Inequality Index for India – <i>Brunskill</i></p> <p>3. Patriarchy or</p>	<p><b>Mortality &amp; family dynamics</b></p> <p><b>Session room 3</b></p> <p><i>Chair: Dr. Paul Norman (University of Leeds)</i></p> <p>1. Mortality of Jewish population of the United Kingdom - <i>Staetsky</i></p> <p>2. Low immigrant mortality in England and Wales: selection or data artefact? Findings from the ONS Longitudinal Study 1971-2001 - <i>Wallace &amp; Kulu</i></p> <p>3. Urban/rural variation in the influence of widowhood on mortality risk - <i>Wright, Rosato,</i></p>	<p><b>Ageing populations</b></p> <p><b>Session room 5</b></p> <p><i>Chair: Professor Maria Evandrou (University of Southampton)</i></p> <p>1. Moving towards a gerontocracy? The influence of demographic changes and legal reforms on the age structure of the German electorate - <i>Sánchez Gassen</i></p> <p>2. To downsize or not? Housing adjustment at older ages in Scotland since 1991- <i>Fiori, Graham, Feng</i></p> <p>3. Paying for care costs in later life using the value of the home - <i>Mayhew &amp; Smith</i></p>	<p><b>Census: Beyond 2011</b></p> <p><b>Session room 2</b></p> <p><i>Chair: Cecila Macintyre (National Records of Scotland)</i></p> <p>1. Developing insights from commercial data to support #Census2022 - <i>Newing, Anderson</i></p> <p>2. ONS research into methods for anonymous data linkage – <i>Groom</i></p> <p>3. ONS research into producing population estimates from administrative sources – <i>Tinsley, Jathoonia</i></p> <p>4. Using income &amp; benefit data to assess residence in the population – <i>Wroth &amp;</i></p>	<p><b>Internal migration modelling</b></p> <p><b>Session room 4</b></p> <p><i>Chair: Dr. Myles Gould (University of Leeds)</i></p> <p>1. Spatial Analysis of internal migration in Luxembourg - <i>Kalogirou, Caruso,</i></p> <p>2. The association between student migration patterns and observed levels of geographic deprivation and social exclusion across the United Kingdom - <i>Bailey, Bijak, Schnepf</i></p> <p>3. Mode of transport to work or study: What does Scotland’s Census 2011 data tell us? –<i>Ene</i></p>	<p><b>International perspectives on ethnic identity</b></p> <p><b>Session room 6</b></p> <p><i>Chair: Dr. Nissa Finney (University of Manchester)</i></p> <p>1. Religion &amp; national identity in Northern Ireland: A longitudinal perspective, 2001-2011 – <i>Shuttleworth &amp; Doebler</i></p> <p>2. People and politics: the peculiar demography of Kuwait &amp; the Gulf States – <i>Hill</i></p> <p>3. Simultaneous divergence &amp; convergence: Transitive ethnicity in the Turkish-Kurdish context – <i>Zeyneloglu,</i></p>
<p>PhD workshop (closed session – participants only)</p> <p><b>Session room 7</b></p>						

	development idealism? What matters most for family formation. The case of Albania – <i>Gjonca</i> 4. The marriage boom and marriage bust - <i>Schellekens</i>	<i>O'Reilly</i> 4. A longitudinal population-based analysis of couple dynamics and mortality in KwaZulu-Natal, South Africa 2001-2011 - <i>Frost, Hosegood, McGrath</i>		<i>Wroe</i>		<i>Sirkeci, Civelek</i> 4. Mobility options for young French Caribbeans: using multiple methods to understand the role of London as a magnet or stepping stone - <i>Condon</i>
<b>3.00 – 3.30pm</b>	Break. Refreshments – Stripe foyer & studios					
<b>3.30 – 4.30pm</b>	<b>STRIPE AUDITORIUM</b>  <b>PLENARY: David Satterthwaite - Can a finite planet support an urbanizing world?</b>  Chair: Professor Tony Champion (University of Newcastle)					
<b>4.30 – 4.45pm</b>	Short break before next session					
<b>4.45 – 6.15pm</b>	<b>Reproductive health</b>  <b>Session room 4</b>  <i>Chair: Dr. Claire Bailey (University of Southampton)</i>  1. The socio-economic burden of unsafe abortion for women and households in Zambia = <i>Leone, Coast, Parmar,</i>	<b>Local government &amp; planning: administrative sources</b>  <b>Session room 3</b>  <i>Chair: John Hollis</i>  1. Developing a population yield calculator for new residential development -	<b>Health: the geography of health</b>  <b>Session room 5</b>  <i>Chair: Dr. Thomas Astell-Burt (University of Western Sydney)</i>  1. Individual level socio-economic factors explaining health inequality at older ages in England	<b>Ethnicity, income &amp; employment</b>  <b>Session room 1</b>  <i>Chair: Dr. Nissa Finney (University of Manchester)</i>  1. Ethnic Minority Disadvantage in the Labour Market: Participation, Skills and Geographical	<b>Longitudinal studies &amp; the life course: Linked 2011 census data on social change in the UK</b>  <b>Session room 2</b>  <i>Chair: Professor Chris Dibben (University of Edinburgh)</i>  1. Inter-cohort Trends in Intergenerational	<b>Family processes of immigrants &amp; ethnic groups</b>  <b>Session room 6</b>  <i>Chair: Dr. Berkay Ozcan (LSE)</i>  1. Lone motherhood among immigrants in Germany: Characteristics, entry, and exit - <i>Milewski,</i>

	<p><i>Murray</i>  2. HIV/AIDS and fertility intentions among women in Kenya - <i>Magadi</i>  3. Reproductive health among young girls in slums in Western India: Are mental and reproductive health interconnected? - a <i>Khopkar, Kulathinal, Saavala</i>  4. Marital Instability and Multiple Sexual Partnerships are Driving HIV Infection in Uganda: Evidence from Multilevel Modelling of Population-based Surveys - <i>Igulot</i></p>	<p><i>Tonkiss, Corr</i>  2. Current and potential uses of Local Authority Council Tax Registers in the Tees Valley - <i>Elias</i>  3. Using administrative data to estimate the population of Luton and the impact of migration on the area - <i>Holmes</i>  4. Small Area Population Estimates - Methods, Data Sources and Quality - <i>Aitchison, Large, Yeomans</i></p>	<p>and Wales - <i>Wohland, O'Neill, Matthews, Jagger</i>  2. Towards a New Index of Multiple Deprivation for Auckland, New Zealand – <i>Exeter, Zhao, Browne</i>  3. The pits may be closed but adverse effects on health may still be evident: exploring the links between coal mine locations, socioeconomic deprivation and self-reported health in Great Britain - <i>Norman</i>  4. A comparison of hypertension health care outcomes among older people in the US and England - <i>Marshall, Nazroo, Feeney, Lee, Vanhoutte, Pendleton</i></p>	<p>Inequalities - <i>Catney, Sabater</i>  2. Ethnic segregation and economic vulnerability - <i>Harris, Manley, Johnston</i>  3. Gendered Income Inequalities in the UK: Evaluating differences across ethnic group and socio-economic position - <i>Nandi, Platt</i>  4. Differences in the access of the I and II generation of immigrants in the Italian labour market - <i>Pellicani, Rotondo, Mero</i></p>	<p>Mobility in England and Wales: income, status, and class - (InTIME) - <i>Buscha Sturgis</i>  2. The stability of ethnic group and religion in the Censuses of England and Wales 2001-2011- <i>Warren, Simpson, Jivraj</i>  3. ship size and educational attainment in the UK - <i>Chan, Henderson, Stuchbury</i>  4. Does mixed marriage by religion increase the risk of marital dissolution in Northern Ireland – <i>Wright, Rosato, O'Reilly</i></p>	<p><i>Bernardi</i>  2. Partnership Dynamics among Immigrants and Their Descendants in Europe - <i>Kulu, Hannemann</i>  3. Conceptualising demographic capital in relation to migration and employment outcomes in London - <i>Sirkeci, Zeyneloglu</i>  4. Partner ethnicity and ethnic minority socio-economic occupation - <i>Morando</i></p>
<p><b>6.15 – 6.30pm</b></p>	<p>Short break before poster session/reception</p>					

6.30 – 8.00pm	<p><b>Stripe foyer &amp; studios</b></p> <p>Poster session &amp; reception (drinks &amp; nibbles) - All Conference participants welcome.</p> <p>50 posters on display. See abstracts for full list and presenters.</p>					
8.00pm	<p><b>DINNER – Dining room</b></p> <p>Bar open until 9.30pm – 12.30am</p>					
<b>Tuesday 9 September</b>						
7.30 – 9.00am	<p><b>Breakfast. Dining room</b></p>					
9.00 – 10.30am	<p><b>European fertility</b></p> <p><b>Session room 3</b></p> <p><i>Chair: Professor Ann Berrington (University of Southampton)</i></p> <p>1. Cohort fertility trends across Europe: commonalities and anomalies - <i>Burkimsher</i></p> <p>2. Educational differences in the effect of childbirth on female employment in 10 European countries and their regions - <i>De Wachter</i></p> <p>3. Cohort trends in childlessness in</p>	<p><b>Health: maternal &amp; child health inequalities</b></p> <p><b>Session room 1</b></p> <p><i>Chair: Dr. Arjan Gjonca (LSE)</i></p> <p>1. Inequities in Maternal Health in Cambodia: The Effect of Health Equity Funds in Urban and Rural Areas - <i>Nilsen, Channon</i></p> <p>2. High Infant and Child Mortality among Twins in Sub-Saharan Africa: Trends and Explanations - <i>Monden, Smits</i></p>	<p><b>Immigrant &amp; ethnic minority family &amp; fertility</b></p> <p><b>Session room 2</b></p> <p><i>Chair: Professor Francesco Billari (University of Oxford)</i></p> <p>1. Pathways into family life among migrant &amp; majority populations in Scandinavia - <i>Holland, Aarskaugh Wiik</i></p> <p>2. Union Formation and Dissolution Among Immigrants and Their Descendants in the British Welfare State</p>	<p><b>Local government: Policy uses</b></p> <p><b>Session room 6</b></p> <p><i>Chair: Richard Cooper</i></p> <p>1. Understanding current and future patterns of demand for school places: The London Schools Atlas - <i>Corr</i></p> <p>2. Population data and how it is used to inform policy at the local level: the case of Hampshire - <i>Quarendon, Cox,</i></p> <p>3. The use of population data in school place planning</p>	<p><b>Forecasting the components of population change</b></p> <p><b>Session room 5</b></p> <p><i>Chair: Professor Ludi Simpson (University of Manchester)</i></p> <p>1. Evaluating extensions to coherent mortality forecasting models - <i>Shair, Purcal. Parr</i></p> <p>2. Stochastic Forecasting Methods for the Total Fertility Rate in All Countries – <i>Abel, Sanderson, Scherbov</i></p> <p>3. Shift and</p>	<p><b>Families: Gender equality within the family</b></p> <p><b>Session room 4</b></p> <p><i>Chair: Dr. Agnese Vitali (University of Southampton)</i></p> <p>1. Proximity of Couples to Parents: Influences of Gender, Labour Market and Family - <i>Chan and Ermisch</i></p> <p>2. Exploring gender, work and families – Domestic labour, paid work and parental gender attitudes - <i>Bird, Sacker,</i></p>

	<p>communist and capitalist Europe - a <i>Brzozowska , Beaujouan , Zeman</i></p> <p>4. Assessing the contribution of increasing enrolment in education, delayed union formation and adverse economic conditions to fertility postponement in Belgium between 1970 and 2000. -<i>Neels</i></p>	<p>3. How feasible is the 80/40 equity target for skilled attendance at birth? An analysis of 50 Demographic and Health Surveys - <i>Channon, Neal</i></p> <p>4. Do Girls Have a Nutritional Disadvantage Compared with Boys? Breastfeeding, Food Consumption, and Mortality among Indian Siblings - <i>Fledderjohann, Agrawal, Vellakkal , Basu, Campbell , Doyle, Ebrahim, Stuckler</i></p>	<p>Context - <i>Hannemann, Kulu</i></p> <p>3. Migrants' fertility: the influence of partner choice on the transition to first birth among the second generation in Belgium - <i>Van Landschoot, Willaert, de Valk, and Van Bavel</i></p> <p>4. What is the influence of childhood exposure to cultural norms? The role of segregation and community composition in explaining migrant fertility - <i>Wilson &amp; Kuha</i></p>	<p>- <i>Zawada</i></p> <p>4. The importance of small area evidence - <i>Kenyon</i></p>	<p>Compression of Mortality at Old Age: A Conservative Scenario - <i>Ediev</i></p>	<p><i>McMunn</i></p> <p>3. Father involvement, family time and social class in the UK - <i>Henz, Mullan</i></p> <p>4. Gender Inequality in the Division of Housework over the Life Course: a European Comparative Perspective - <i>Kil, Neels</i></p>
<b>10.30 – 11.00am</b>	Break. Refreshments – Stripe foyer & studios					
<b>11.00 – 12.30pm</b>	<p><b>Fertility</b></p> <p><b>Session room 1</b></p> <p><i>Chair: Dr. Stuart Basten (University of Oxford)</i></p> <p>1. Using genetic markers as</p>	<p><b>Explaining ethnic health inequalities</b></p> <p><b>Session room 2</b></p> <p><i>Chair: Dr. Gemma Catney (University of Liverpool)</i></p> <p>1. Social capital,</p>	<p><b>Multistate &amp; other projection models</b></p> <p><b>Session room 5</b></p> <p><i>Chair: Dr. Paul Norman, University of Leeds</i></p> <p>1. Using the 2011</p>	<p><b>Longitudinal studies &amp; the life course: Health &amp; employment</b></p> <p><b>Session room 3</b></p> <p><i>Chair: Dr. Maria Sironi (University of Oxford)</i></p>	<p><b>Causes &amp; consequences of international migration</b></p> <p><b>Session room 4</b></p> <p><i>Chair: Professor Tony Champion (University of Newcastle)</i></p>	<p><b>Understanding the quality of population estimates</b></p> <p><b>Session room 6</b></p> <p><i>Chair: Greg Ball</i></p> <p>1. Measuring uncertainty in the</p>
<b>Training session – How to analyse UK Census Flow</b>						

<p><b>data . Wifi &amp; Excel – Herbert Jarman IT suite</b></p>	<p>instrumental variables to the link between education and fertility - <i>Barban, Mills, Mandemakers, Snieder</i></p> <p>2. Fertility and Family Policy: An Intersectional Perspective - <i>Sigle-Rushton</i></p> <p>3. What has divided industrialised countries into the ‘very low fertility’ group and ‘moderately low fertility’ group? : An examination of historical and cultural backgrounds and ‘couple culture’ - <i>Sato, Iwasawa, Beppu</i></p>	<p>ethnic density and mental health among ethnic minority people in England: a mixed-methods study - <i>Becares, Nazroo</i></p> <p>2. Explanatory factors for health inequalities across different ethnic and gender groups: data from a national survey in England - <i>Mindell, Knott, Ng Fat, Roth, Manor, Soskolne, Daoud</i></p> <p>3. Do propensities for migration or social mobility vary by ethnicity, age and health in England? Evidence from the ONS Longitudinal Study - <i>Darlington, Norman, Ballas</i></p> <p>4. The patterns and distances of domestic violence journeys by women of different ethnic origins to access services in England - <i>Bowstead</i></p>	<p>Census to fix ethnic group estimates and components for the prior decade - <i>Rees, Lomax</i></p> <p>2. Forecasting population and income distribution (Flanders: 2011 – 2031) - <i>Schockaert, Deblander, Decoster, Deboosere</i></p> <p>3. A simple projection of ethnic diversity - <i>Simpson</i></p>	<p>1. Women’s economic activity trajectories over the life course: implications for the self-rated health of women aged 60+ in England - <i>Stone, Evandrou, Falkingham, Vlachantoni</i></p> <p>2. Diverging experiences of transition to the labour market in Germany: The effect of social background and labour market context – <i>Zwysen</i></p> <p>3. Inequality in the Transition to Adulthood: Individualization or Social Allocation - <i>Macmillan, Furstenberg, Billari</i></p> <p>4. Assessing the potential impact of markers of social support on levels of ‘excess’ mortality in Scotland and Glasgow compared to elsewhere in the UK - <i>Ralston, Walsh, Feng, Dibben</i></p>	<p>1. Quantifying the effects of visa restrictions on global migration flows - <i>Dennett, Mateos</i></p> <p>2. Does it matter why immigrants came here? Original motives, the labour market, and national identity - <i>Campbell</i></p> <p>3. The Long-Term Economic Impacts of Reducing Migration: the Case of the UK Migration Policy - <i>Lisenkova, Mérette, ISanchez-Martinez</i></p> <p>Welfare Participation: 4. A comparison between immigrants and natives within the United Kingdom – <i>van der Wielen</i></p>	<p>ONS mid-year estimates: multiple statistical treatments to capture variability around administrative and survey sources - <i>Blackwell, Ghee, Rasulo</i></p> <p>2. Using administrative data and demographic analysis to quality assure mid-year estimates - <i>Park</i></p> <p>3. Visualising the causes of discrepancies in the mid-year estimates - <i>Auckland</i></p> <p>4. Evaluating plausibility ranges for children - <i>Wright</i></p>

12.30 – 2.00pm	Lunch. Dining Room					
2.00 – 3.30pm	<p><b>UK fertility</b></p> <p><b>Session room 2</b></p> <p><i>Chair: Dr. Arjan Gjona (LSE)</i></p> <ol style="list-style-type: none"> <li>1. Educational Differences in Entry into Motherhood and Subsequent Childbearing in Britain: A Study of Cohorts Born 1940-1964 - <i>Berrington, Stone, Beaujouan</i></li> <li>2. Economic insecurity and the transition to parenthood in the UK - <i>Berrington, Stone</i></li> <li>3. Housing and Fertility in Britain - <i>Kulu</i></li> <li>4. Macro-Micro interactions in fertility transitions: Differential responses in first birth behaviour to economic recession in</li> </ol>	<p><b>Health: Emerging issues in transitional societies</b></p> <p><b>Session room 3</b></p> <p><i>Chair: Dr. Jasmine Fledderjohann (University of Oxford)</i></p> <ol style="list-style-type: none"> <li>1. Sociodemographic and Health Characteristics over the Life Course and Cognitive Health among Older Adults in Brazil - <i>Drummond Andrade, Pires Corona, Sa Shen, Aparecida de Oliveira Duarte, Lebrão</i></li> <li>2. Geographic variation in diabetes and detection across China: multilevel evidence from 98,058 participants in the China Chronic Disease and Risk Factor Surveillance System 2010 - <i>Zhou, Astell-</i></li> </ol>	<p><b>Ageing: Transition in health</b></p> <p><b>Session room 4</b></p> <p><i>Chair: Professor Heather Booth (Australian National University)</i></p> <ol style="list-style-type: none"> <li>1. The health of grandparents caring for their grandchildren: The role of early &amp; midlife conditions – <i>Di Gessa &amp; Tinker</i></li> <li>2. Cohort differences in the levels &amp; trajectories of frailty among older people in England – <i>Marshall &amp; Nazroo</i></li> <li>3. Is healthy life expectancy increasing in terms of cognitive functioning? – <i>Bordone, Steiber, Scherbov</i></li> <li>4. Predicting the start of care in later life:</li> </ol>	<p><b>Migration &amp; Mobilities: Spatial demography</b></p> <p><b>Session room 5</b></p> <p><i>Chair: Professor Phil Rees (University of Leeds)</i></p> <ol style="list-style-type: none"> <li>1. Exploring change in population profiles across England and Wales, 2001-2011 – <i>Lloyd</i></li> <li>2. Spatial variation in human rights violations and population distribution at the chiefdom level: A case study of Sierra Leone, 1985-2004 - <i>Kamanda</i></li> <li>3. Women who out-earn their partners: Regional differences across Europe – <i>Vitali, Arpino</i></li> <li>4. Relationships between population</li> </ol>	<p><b>Longitudinal studies &amp; the life course: Methods &amp; combining data</b></p> <p><b>Session room 1</b></p> <p><i>Chair: Dr. Stephen Jivraj (University College London)</i></p> <ol style="list-style-type: none"> <li>1. What does the ONS Longitudinal Study tell us about the quality of NHS registration data? - <i>Smallwood, Warren</i></li> <li>2. Generating synthetic microdata to widen access to sensitive data sets: method, software and empirical examples - <i>Nowok, Raab, Dibben</i></li> <li>3. Augmenting MCS with external data on neighbourhood poverty rates and change - <i>Gambaro Joshi, Lupton, Fenton and Lennon</i></li> <li>4. Assessing the</li> </ol>	<p><b>Census analysis</b></p> <p><b>Session room 6</b></p> <p><i>Chair: Kirsty MacLachlan (National Records of Scotland)</i></p> <ol style="list-style-type: none"> <li>1. 2011 Census Origin-Destination Data and Results - <i>Chant</i></li> <li>2. Identification of Diverse Communities using Census data - <i>Cameron</i></li> <li>3. What does the 2011 Census tell us about the "oldest old" living in England &amp; Wales? - <i>Zumpe, Storey</i></li> <li>4. Spatial Structure in the Burden of Illness Measured from UK Census Returns: Lessons for Predicting the Prevalence of Chronic Non-Communicable Illnesses - <i>Dutey-</i></li> </ol>

	the United Kingdom - <i>Lyons-Amos, Schoon</i>	<i>Burt, Bi, Feng, Jiang, Li, Page, Wang, Wang, Zhao, Ning</i> 3. Effectiveness of the Cardiovascular project on glycemia control in Davao City, Philippines - <i>Pilleron, Caballero, Olchini</i>	Exploring the relationship between the development of needs & the commencement of care using the English Longitudinal Study of Ageing (Waves 1 – 4) - <i>Sanders</i>	change, deprivation change and health change for small areas: Australia 2001-2011 – <i>Norman, Wilson, Charles-Edwards</i>	association of retrospective and contemporaneous life course variables on later life outcomes - <i>Goodman, Jivraj</i>	<i>Magni, Moon</i>
<b>3.30 – 4.00pm</b>	Refreshment break – Stripe foyer & studios					
<b>4.00 – 5.00pm</b>	<b>STRIPE AUDITORIUM</b>  <b>PLENARY: Eilidh Garrett - Historical Demography: past, present and future, a genealogist's view</b>  Chair: Professor Jane Falkingham (University of Southampton)					
<b>5.00 – 7.00pm</b>	<b>Cultural influences on fertility</b>  <b>Session room 1</b>  <i>Chair: Dr. Nitzan Peri-Rotem (University of Cambridge)</i>  1. A conceptual framework for migrant fertility - <i>Wilson &amp; Sigle-Rushton</i> 2. Recent fertility trends among immigrants and natives in Greece -	<b>Historical demography: Mortality in historical populations</b>  <b>Session room 5</b>  <i>Chair: Dr. Eildh Garrett, University of St. Andrews</i>  1. Disease and the certification of child deaths in urban and rural Scotland, 1861-1901 - <i>Reid, Garrett</i> 2. Social class and mortality in the first	<b>Migration &amp; mobility: Internal migration &amp; residential mobility</b>  <b>Session room 2</b>  <i>Chair: Professor Jane Falkingham (University of Southampton)</i>  1. The changing propensity to move home in England and Wales, 1971-2011: A micro-level analysis – <i>Champion, Cooke, Lynch, Shuttleworth</i>	<b>Understanding health &amp; mortality</b>  <b>Session room 4</b>  <i>Chair: Kristine Nilsen (University of Southampton)</i>  1. Is Equality a Double Edged Sword? Gender Equity and Gender Differences in Life Expectancy in OECD Countries over Time - <i>Macmillan, Dearriba, Querin</i> 2. Planning for	<b>Longitudinal studies &amp; the life course: Life events &amp; families</b>  <b>Session room 3</b>  <i>Chair: Dr. Stephen Jivraj (University College London)</i>  1. Pathways to First Birth and the Changing Role of Education in Europe and the United States - <i>Mikolaj, Perelli-Harris, Berrington</i> 2. The role of	<b>Families: Cohabitation versus marriage – constraints &amp; contexts</b>  <b>Session room 6</b>  <i>Chair : Dr. Ognjen Obucina (Stockholm University)</i>  1. How Does Cohabitation Fit into the Family Life Course? An exploration of ideals and norms in Europe -

<p><b>Herbert Jarman IT suite</b></p>	<p><i>Verropoulou, Tsimbos, Karkalakos</i>  3. Trends of Ethnic fertility differentials in Cameroon - <i>Teutsong</i>  4. The influence of the parental family on the family values - <i>Kozlov, Soboleva</i>  5. Stalling fertility of Muslims Arabs in Israel - <i>Staetsky</i></p>	<p>stages of the epidemiological transition: infant mortality by social status in Georgian London 1752-1812 - <i>Davenport, Boulton</i>  3. The transmissibility of influenza pandemics of 1889-1890 and 1918-1920 in a large Urban environment: Madrid, Spain - <i>Fariñas, Garcia Ferrero</i>  4. Fertility and child mortality transition. Alghero, Sardinia (1866-1935) - <i>Pozzi, Breschi, Mazzoni</i></p>	<p>2. Residential mobility through the life course: an exploration using the British Cohort Study 1970 – <i>Finney &amp; Tyrrell</i>  3. Ethnic variations in the association between residential mobility &amp; cardiovascular disease hospitalizations in Auckland, New Zealand – <i>Exeter, Lee, Riddell, Grey, Harwood, Wells</i>  4. Densification, displacement &amp;/or development: short &amp; long-term impacts of new migrants from rich/poor countries on the population growth in London and across the Greater South East – <i>Gordon</i></p>	<p>demographic change in the design, evaluation and transportability of large-scale interventions - <i>Melendez-Torres, Basten</i>  3. Deriving local level maternal mortality estimates from census data: an illustration from Ghana- <i>Nyarko, Matthews, Bailey, Hill</i>  4. Exploring factors associated with completeness of parental survival data in a longitudinal surveillance system - <i>Mejia-Pailles, Hosegood, Berrington</i>  5. Inequality &amp; mortality increase at older ages - a paradox?- <i>Anson</i></p>	<p>unemployment and job instability in mediating the relationship between parental resources and the tempo of marriage and cohabitation in Europe - <i>Mariani, Gabos</i>  3. Do parents have a happier life than non-parents? The role of preferences - <i>Balbo, Arpino</i>  4. Cohort and gender differences in work-family life courses in Great Britain: evidence of increasing individualisation? - <i>Lacey, Sacker, Kumari, Booker, McMunn</i>  5. How does childhood socioeconomic hardship affect reproductive strategy? Pathways of development - <i>Sheppard, Pearce, Sear</i></p>	<p><i>Holland, de Valk</i>  2. The link between the divorce revolution and the cohabitation boom - <i>Perelli-Harris, Berrington, Galezewska, Holland, Sanchez Gassen</i>  3. Alternatives to age in analysing early adult transitions - <i>Beaujouan, Murphy Neels, NI Bhrolchain</i>  4. Individual strategies in the face of the realities of the marriage market. Japan as a case study - <i>Hertog, Mun, Brinton</i>  5. "Til Work Do Us Part" A Cross-National Analysis of Globalization and the Role of Work in Non-cohabiting Marriages - <i>Ferrari, Macmillan</i></p>
<p><b>7.00 – 7.15pm</b></p>	<p>Short break before AGM</p>					

<b>7.15pm</b>	<b>BSPS AGM.</b> (Members only please).					
	<b>STRIPE AUDITORIUM</b>					
<b>8.00pm</b>	<b>DINNER.</b> Dining room					
	Quiz after dinner for all who care to participate					
	Bar open 9-30pm – 12.30am					
<b>Wednesday 10 September</b>						
<b>7.30 – 9.00am</b>	Breakfast. Dining room					
<b>9.00 – 10.30am</b>	<b>Reproductive health &amp; family planning</b>  <b>Session room 4</b>  <i>Chair: Professor Monica Magadi (University of Hull)</i>  Family planning policy and trends in fertility in China 1971-2005 - <i>Min Qin</i> 2. Reporting of early adolescent reproductive and sexual health events in Demographic and Household surveys: Are women reliable informants? - <i>Neal, Hosegood</i> 3. Fertility	<b>Family instability &amp; child outcomes</b>  <b>Session room 5</b>  <i>Chair: Dr. Alita Nandi (University of Essex)</i>  1. Family change, employment change, and home moves in the first five years of life: a comparison of US and UK - <i>Gambaro, Buttaro, Lennon, Joshi</i> 2. The effects of parental separation on children's health outcomes - <i>Goisis, Ozcan</i> 3. Household membership and child	<b>Dimensions of ethnic spatial segregation</b>  <b>Session room 2</b>  <i>Chair: Dr. Gemma Catney (University of Liverpool)</i>  1. Religious and ethnic neighbourhood profiles in Vienna 1971 - 2011: A comparative assessment of two dimensions of urban diversity – <i>Bauer, Speringer, Abel</i> 2. Multilevel Geographical Segregation: Changing Ethnic Segregation in London 2001 – 2011 –	<b>Migration in historical populations</b>  <b>Session room 1</b>  <i>Chair: Dr. Alice Reid (University of Cambridge)</i>  1. The determinants of nineteenth-century migration streams: Evidence from the 1881 CEBs - <i>Day</i> 2. Do migration and population structure predict variation in vernacular culture? Explaining the distribution of patterns in fishermen's ganseys - <i>Smith</i>	<b>Demographic projections for sub-national planning</b>  <b>Session room 3</b>  <i>Chair: Professor Ludi Simpson (University of Manchester)</i>  1. A sub-regional housing market model for England with endogenous migration and household formation: its role in assessing the adequacy of planned new housing - <i>Bramley, Leishman, Watkins</i> 2. Incorporating recent trends in	<b>Longitudinal studies &amp; the life course: Linked 2011 census data on health &amp; caring in the UK</b>  <b>Session room 6</b>  <i>Chair: Professor Allan Findlay (University of St. Andrews)</i>  1. The long-term impacts of NEET experiences on health: evidence from the Scottish Longitudinal Study - <i>Feng, Ralston, Raab, Dibben, Graham</i> 2. Does the Month of Birth of Children in
