

British Society for Population Studies 2015 Conference: Timetable

| Monday 7 September | | | | | | |
|--------------------|--|---|---|--|--|--|
| From 10.30am | Registration – <i>Parkinson Court</i> | | | | | |
| 12.00 - 1.30pm | Lunch - <i>Refectory</i> | | | | | |
| 1.30 - 3.00pm | Demographic projections: Ethnicity & projections Session Room 1 <i>Chair: Professor Ludi Simpson, University of Manchester</i> 1. Projecting the regional explicit development of the population structure and social heterogeneity in Nepal - <i>Samir K.C., Speringer</i> 2. Alternative methods to estimate mortality for UK ethnic groups - <i>Wohland</i> 3. Ethnic group migration patterns: a UK time series analysis - <i>Lomax</i> | Fertility: Fertility and gender Session Room 2 <i>Chair: Dr. Melanie Channon, University of Oxford</i> 1. Partners' relative earnings and fertility intentions - <i>Vitali, Testa</i> 2. Fertility and socioeconomic gender equality between a couple: a Bayesian analysis - <i>Osiewalska</i> 3. Socio-economic differentials in the uptake and effects of (in)formal childcare on second birth hazards in Belgium - <i>Neels, Wood, Kil</i> 4. Fertility intentions in Scotland: gender | Health: Health inequalities in Africa Session Room 4 <i>Chair: Professor Monica Magadi, University of Hull</i> 1. Maternal education and infant mortality decline in Egypt - <i>Schellekens</i> 2. Too poor to access free care: have maternity care fee exemptions policies in Ghana benefited the poor? - <i>Amoako Johnson, Frempong-Ainguah, Padmadas</i> 3. Are fathers' gender attitudes associated with child health outcomes? Evidence on child undernutrition in sub- | Migration: Internal migration Session Room 3 <i>Chair: Dr. Nissa Finney, University of St. Andrews</i> 1. Union dissolution and migration - <i>Cooke, Mulder, Thomas</i> 2. Overcoming data issues to project interregional migration flows amongst Australia's Indigenous population - <i>Raymer, Biddle, Campbell</i> 3. Long-term trends in spatial mobility: an order-specific analysis of migration of young adults in Sweden - <i>Kulu, Lundholm,</i> | Ageing: Health and wellbeing Session Room 5 <i>Chair: Dr. Madelin Gomez-Leon, University of Southampton</i> 1. Socio-economic correlates of self-rated health among persons aged 50 or higher in SHARE waves 2 and 3 - <i>Verropoulou, Zakyntinou</i> 2. How has ageing changed over the last two decades? Health expectancies from the Cognitive Function and Ageing Studies - <i>Jagger, Wohland, Robinson, Arthur, Brayne, Matthews</i> | Uses & linking of administrative data Session Room 6 <i>Chair: Dr. Emma White, University of Southampton</i> 1. Reconstructing women's fertility histories through retrospective questions: is sample survey data reliable? - <i>Rinesi, Attili, Iaccarino</i> 2. Barriers to exploring the educational outcomes of children looked-after in England using administrative data - <i>Mc Grath-Lone, Deardorn, Gilbert</i> |

| | | | | | | |
|---|--|---|---|--|---|---|
| | 4. Ethnic population projections for the UK and local areas, 2011-2101: new results for the fourth demographic transition - <i>Rees, Wohland, Lomax, Norman</i> | differences, social attitudes and family formation - <i>Ernsten</i> | Saharan Africa using the Demographic and Health Surveys - <i>Heckert, Fledderjohann</i> 4. Rural and urban differentials in adult mortality in Sub-Saharan Africa - <i>Menashe-Oren, Stecklov</i> | <i>Malmberg</i> 4. Internal migration in Austria along the rural-urban continuum and across the life course, 1996–2014 - <i>Bauer, Sander</i> | 3. Ethnic inequalities in health in later life - <i>Evandrou, Falkingham, Feng, Vlachantoni</i> 4. The effect of Mindfulness meditation on wellness in an ageing population - <i>Wilson, Black</i> | |
| 3.00 - 3.30pm | Break. Refreshments – <i>Parkinson Court</i> | | | | | |
| 3.30 - 4.30pm | PLENARY 1 – Chair: Professor Tony Champion <i>Rupert Beckett Lecture Theatre</i> Professor John Stillwell (University of Leeds) - <i>Monitoring Internal Migration in the United Kingdom</i> | | | | | |
| 4.30 - 4.45pm | Short break before next session | | | | | |
| 4.45 - 6.15pm Training - Using GIS for population research Computer Lab, School of Geography | Population change, environment and resource use Session Room 6 <i>Chair: Dr. Alan Marshall, University of St. Andrews</i> 1. Believing, belonging and behaving: exploring | Census analysis Session room 1 <i>Chair: Cecilia MacIntyre, National Records of Scotland</i> 1. Creating population surfaces for the analysis of small area change - <i>Bearman, Lloyd</i> | Ethnicity: Projections & patterns Session room 3 <i>Chair: Dr. Laurence Lessard-Phillips, University of Manchester</i> 1. Projecting UK employment by ethnic group between | Families: Gendered division in (un)paid work Session room 5 <i>Chair: Dr. Ursula Henz, London School of Economics</i> 1. Housework share between partners: experimental | Fertility: Methods & theories Session Room 2 <i>Chair: Rachel Woodlee, University of Oxford</i> 1. Using ‘pseudo panels’ to establish causal link between HIV and fertility in | Historical: Mortality & morbidity in historical populations Session room 4 <i>Chair: Dr. Romola Davenport, University of Cambridge</i> 1. Mortality differentials during the demographic |

| | | | | | | |
|----------------------|---|---|--|--|--|---|
| | <p>mismatch between climate change perceptions and individual mitigation behaviours across 27 European countries - <i>Muttarak</i></p> <p>2. A tale of disaster experience in two countries: demographic differentials in disaster preparedness in the Philippines and Thailand - <i>Hoffmann, Muttarak</i></p> <p>3. When the well runs dry, when the water gets high: Exploring internal migration due to environmental stress in Americas and Southeast Asia- <i>Abel, Muttarak, Vuolo</i></p> | <p>2. Health, deprivation and migration in the 2011 Census - <i>Wilding, Martin, Moon</i></p> <p>3. Towards Dispersal or Congregation? Spatial and Socio-Economic Characteristics of Smaller Cultural Groups in England and Wales - <i>Sapiro</i></p> <p>4. What we know or rather don't know about the population size in Poland after the latest census - <i>Dybowska</i></p> | <p>2012 and 2022 - Green, Owen, Gambin, Yuxin Li</p> <p>2. How has ethnic mortality changed between 2001 and 2011 in the UK? - <i>Wohland</i></p> <p>3. The multifaceted reality of parental leave use: a longitudinal analysis of ethnic differentials in Belgium - <i>Wood, Kil, Neels</i></p> | <p>evidence on gender identity - <i>Auspurg, Iacovou, Nicoletti</i></p> <p>2. Trends in fathers' contribution to housework and childcare under different welfare policy regimes - <i>Altintas, Sullivan</i></p> <p>3. Beyond exploitation: gendered division of labour and women's negotiation with patriarchy - <i>Agha</i></p> | <p>Kenya - <i>Magadi</i></p> <p>2. Why is there a two-child norm in Pacific Asia? - <i>Basten</i></p> <p>3. The role of transnational groups of reference in understanding individuals' childbearing intentions – <i>Marczak, Sigle, Coast</i></p> | <p>transition: a linked-records study from Tartu (Estonia), 1897–1899 - <i>Jaadlaa</i></p> <p>2. The widowhood effect in polygamous marriages: evidence from historical Utah - <i>Barclay, Donrovich, Hanson, Smith</i></p> <p>3. A frame of persons affected by pellagra in an Italian area: strategies and practices of care and social security (late XIX-early XX cc.) - <i>Da Molin, Federighi</i></p> |
| 6.15 - 6.30pm | Short break before poster session/reception | | | | | |
| 6.30 - 8.00pm | Poster session & reception (drinks & nibbles) - All Conference participants welcome. Parkinson Court | | | | | |
| 8.00pm | DINNER – Refectory | | | | | |

| Tuesday 8 September | | | | | | |
|---------------------|--|--|--|--|--|---|
| 7.30 - 9.00am | Breakfast. <i>Refectory</i> | | | | | |
| 9.00 - 10.30am | <p>Engaging with users of demographic statistics & research (workshop)</p> <p>Session Room 4</p> <p><i>Chair: Cecilia MacIntyre, NRS</i></p> <p>1. Engaging the layman with demographic research; lessons from a case study of an interactive exhibition – <i>Falkingham, McGowan, West, Edel</i></p> <p>2. How new methods of disseminating migration statistics have increased the value of the statistics – <i>Morgan & Wright</i></p> <p>3. Discussion: Following the presentations, there will be an interactive element where the audience discuss a</p> | <p>Families: Labour market participation</p> <p>Session room 3</p> <p><i>Chair: Professor Tak Wing Chan, University of Warwick</i></p> <p>1. Is your partner paying the price for your career? How parents' relative division of paid work is reflected in their relative labour market outcomes - <i>Langner</i></p> <p>2. Provider or father? British men's employment behaviour after the birth of a child - <i>Hoherz, Bryan</i></p> <p>3. Grandparental childcare and labour market outcomes of mothers: some aspects of inter-generational ties in India - <i>Dutta, Husain</i></p> <p>4. The employment</p> | <p>Health: General health & wellbeing</p> <p>Session room 5</p> <p><i>Chair: Dr. Amos Channon, University of Southampton</i></p> <p>1. Inequalities in self-reported health and self-reported illness among women aged 15-54 in the oPt - <i>Bates, Leone, Coast, Gandour, Giacaman, Imseeh, Mitwalli, Nasr</i></p> <p>2. Health inequalities in British post-war cohorts: are later born cohorts less healthy than earlier generations? - <i>Jivraj, Goodman, Ploubidis</i></p> <p>3. What is the effect of social mobility between 1991 and 2001 Censuses on the socioeconomic gradient in mortality in 2007-11? - <i>White,</i></p> | <p>Innovative data and models</p> <p>Session room 6</p> <p><i>Chair: Ridhi Kashyap, University of Oxford</i></p> <p>1. Twitter as a novel source of mobility indicators - <i>Swier</i></p> <p>2. Statistical analysis of an agent-based model of inter-generational fertility patterns using Gaussian process emulators - <i>Hilton, Bijak</i></p> <p>3. The risky business of asking for help: an agent-based model of unmet need - <i>Gray, Bijak, Bullock</i></p> <p>4. The impact of immigration on long-term and transient population dynamics: case study of Germany - <i>Zincenko, Bijak, Ezard</i></p> | <p>Ethnicity & religion: Dynamics 1 – religion</p> <p>Session room 1</p> <p><i>Chair: Dr. Ian Shuttleworth, Queen's University Belfast</i></p> <p>1. Families, culture and the causes of religious decline - <i>Voas, Storm</i></p> <p>2. Demographic profile of Strictly Orthodox Jews in the UK - <i>Staetsky</i></p> <p>3. Religious Identities in Northern Ireland: stability and transitions - <i>Doebler, Shuttleworth</i></p> <p>4. Religious mobility of immigrants in Canada - <i>Malenfant, Goujon, Skirbekk</i></p> | <p>Fertility: The consequences of fertility timing</p> <p>Session room 2</p> <p><i>Chair: Dr. James Robards, University of Southampton</i></p> <p>1. Does teenage pregnancy affect social mobility? Decomposition using the KHB-method - <i>Väisänen</i></p> <p>2. Determinants and later life outcomes associated with early parenthood: cross-European comparisons - <i>Keenan, Grundy</i></p> <p>3. Reproductive trajectories of teenage mothers: a Franco-British comparison - <i>Tomkinson</i></p> |

| | | | | | | |
|------------------------|---|--|---|---|--|--|
| | few different examples of new methods of dissemination and engagement and give their views on the strengths and weaknesses. | status of Swiss and immigrant women: a life course perspective - <i>Vidal-Coso, Lacroix</i> | <i>Pinkard</i> 4. If all we knew about women outside the childbearing period health needs in low income countries was coming from surveys what would we know? - <i>Leone, Bates, Emina</i> | | | |
| 10.30 - 11.00am | Break. Refreshments - Parkinson Court | | | | | |
| 11.00 - 12.30pm | Families: Living arrangements Session room 5 <i>Chair: Heini Vaisänen, London School of Economics</i> 1. Long-term trends in children's family context in Britain - <i>Henz</i> 2. Household composition and housing need - <i>Simpson, Berrington</i> 3. Family geography and family demography in the UK: dynamic perspective - <i>Chan, Ermisch</i> | Migration: Immigrant integration Session room 2 <i>Chair: Professor Philip Rees, University of Leeds</i> 1. Selective sorting and the stayers left behind: what does this mean for changing ethnic health gradients in England? - <i>Darlington, Norman, Ballas</i> 2. Union dissolution and residential mobility among Dutch and non-Western immigrant women in the Netherlands - | Ageing: Ageing populations Session room 6 <i>Chair: Dr. Gloria Chepngeno-Langat, University of Southampton</i> 1. The recent evolution of the crisis in Portugal: the effect of demographics on the labour market - <i>Albuquerque</i> 2. The effect of parenthood on the pension protection of first- and second-generation migrant women in Belgium - <i>De Wachter, Neels,</i> | Ethnicity: Dynamics 2 – ethnicity Session room 3 <i>Chair: Dr. Stefanie Doebler, Queen's University Belfast</i> 1. Understanding the role of contextual factors and competing identities for the salience of ethnic identity - <i>Nandi, Platt</i> 2. Changes and trade-offs in ethnic and educational preferences in inter-ethnic partnership formation: an agent-based approach - | Demographic projections: National & global scenarios Session room 1 <i>Chair: Dr. Nik Lomax, University of Leeds</i> 1. Long run net migration assumptions and their impact on projected populations - <i>Abel</i> 2. The dynamics of human capital-specific old-age dependency ratio in Europe - <i>Philipov, Goujon, Di Giulio</i> 3. Population ageing and population decline in Europe, | Fertility: Son preference Session room 4 <i>Chair: Dr. Stuart Gietel-Basten, University of Oxford</i> 1. Skewed sex ratios and sex-selective abortions in Nepal: an analysis using census data - <i>Channon, Bajracharya, Puri, Basten</i> 2. Son preference and intentions to move to parity two: Evidence from Taiwan – <i>Verropoulou, Gietel-Basten</i> 3. Religion or national |

| | | | | | | |
|--|---|--|--|--|---|--|
| | 4 Living arrangements: differences by migration background explored and explained - <i>de Valk, Bordone</i> | <i>Rooyackers, Das, de Valk</i> 3. Economic and Policy Determinants of Immigrants' Interstate Migration – <i>Edmonston & Lee</i> 4. Labour market characteristics and conditions of first generation migrants: is the Southern European Model of Migration still valid today? - <i>Di Bartolomeo, Gabrielli, Strozza</i> | <i>Mortelmans, Kil, Cordeel, Donvil, Peeters, Havermans</i> 3. Age structure and the economy: longer-term effects of immigration as an instrument to offset population ageing - <i>Denton, Spencer</i> 4. Population ageing and intergenerational relationships - <i>Pellicani</i> | <i>Lessard-Phillips, Meyer, Vasey</i> 3. Religious and national identities in Northern Ireland and change over time - <i>Shuttleworth, Doebler</i> 4. Islam and fertility in North Caucasus: does revival of religion result in revival of fertility? - <i>Kazenin, Kozlov</i> | 2013-2080: estimating the sensitivity and elasticity of projection results – <i>Sánchez-Gassen, Caswell</i> | context? Examining Hindu-Muslim differentials in the demographic manifestations of son preference across South Asia - <i>Kashyap, Channon</i> |
| 12.30 - 1.45pm | Lunch. Refectory | | | | | |
| 1.45–3.15pm Training - Systematic approaches to reviewing the literature Session room 4 | Longitudinal studies: Analytical approaches to longitudinal studies Session room 1 <i>Chair: Dr. Ian Shuttleworth, Queen's University Belfast</i> 1. The state of the art of longitudinal data analysis in population studies? - <i>Gould, Robards</i> | Ageing: Later life and measurement Session room 5 <i>Chair: Professor Maria Evandrou, University of Southampton</i> 1. Home alone: determinants of living alone among older immigrants in Canada and the US - <i>Lee, Edmonston</i> 2. Pathways to death | Demographic projections: Projections & local planning Rupert Beckett Lecture Theatre <i>Chair: Jan Freeke, Glasgow City Council</i> 1. Labour force projections for Districts of Britain - <i>Simpson</i> 2. Household | Historical: Fertility & kinship in historical populations Session room 2 <i>Chair: Dr. Alice Reid, University of Cambridge</i> 1. Diversity in demographic outcomes: Scottish chain migration to Ontario, 1871-1901 – <i>Rose Taylor</i> | Families: The consequences of family transitions & fertility decisions on later life outcomes Session room 3 <i>Chair: Dr. Alice Goisis, London School of Economics</i> 1. Union formation and mid-life well-being: is cohabitation as good as marriage? | Health: Migration, ethnicity and health Session room 6 <i>Chair: Dr. Pia Wohland, Hull York Medical School</i> 1. How does risk of cardiovascular disease (CVD) vary for movers and stayers in New Zealand by ethnic group? A survival analysis - |

| | | | | | | |
|----------------------|---|--|--|---|--|---|
| | <p>2. How does social care need amongst older adults change over time in the UK? - <i>Channon, Viana, Brailsford, Rossiter</i></p> <p>3. Variation in the Intersection between partnership and fertility: a comparison across three cohorts in 15 countries - <i>Lyons-Amos</i></p> <p>4. Spatial concentrations of worsening health and housing tenure entrapment in 2001-2011: Cross-level individual and ecological analyses – <i>Gould & Shuttleworth</i></p> | <p>by socio-economic status - <i>Potente</i></p> <p>3. Ageing in Russia: comparative analysis of Russia's rank in the international indexes of active ageing - <i>Sinyavskaya, Varlamova</i></p> <p>4. Measuring frailty: a comparison of Fried's Frailty Phenotype and Rockwood's Frailty Index using the English Longitudinal Study of Ageing (ELSA) - <i>Marshall, Buckley, Mekli, Nazroo</i></p> | <p>projections and planning: geographical variations in England - <i>Ball</i></p> <p>3. Preparing for housing projections in the Sheffield City Region - <i>Cooper</i></p> | <p>2. The low levels of fertility during the interbellum in France - <i>Brée</i></p> <p>3. Genealogical analysis of participants in the CARTaGENE project (Quebec, Canada) - <i>Tremblay</i></p> <p>4. Measuring education from the present in the past: the construction of a global dataset on the educational attainment in the 20th Century – <i>Speringer, Goujon, Samir K.C. Eder, Bauer, Potancokova</i></p> | <p><i>Styrc, Perelli-Harris, Evans, Lappegård, Addo, Sassler</i></p> <p>2. Fertility history and use of antidepressant medication in late mid-life: a register-based analysis of Norwegian women and men - <i>Kravdal, Grundy, Skirbekk</i></p> <p>3. Do ART children have better or worse cognitive outcomes? A longitudinal study of socio-economic gradients - <i>Barbuscia, Mills</i></p> <p>4. Stay with mommy and daddy or move out? Consequences of the age at leaving home in the United States - <i>Sironi, Billari</i></p> | <p><i>Darlington, Exeter, Norman</i></p> <p>2. Infant and fetal mortality levels and patterns among Greek natives and foreign origin populations in Greece: 2010-2012 - <i>Tsimbos, Verropoulou</i></p> <p>3. Ethnic density and mental health: the role of sense of belonging - <i>Crawford</i></p> <p>4. The mortality of descendants of migrants in England and Wales: does a 'Healthy Migrant Effect' persist beyond the first generation? - <i>Wallace</i></p> |
| 3.15 - 3.45pm | Refreshment break – <i>Parkinson Court</i> | | | | | |
| 3.45 - 4.45pm | <p>PLENARY 2 – Chair: Professor Jane Falkingham</p> <p><i>Rupert Beckett Lecture Theatre</i></p> <p>Professor Helga de Valk - <i>European migrants: new demographic questions and challenges?</i></p> | | | | | |
| 4.45 - 5.00pm | Short break | | | | | |

| | | | | | | |
|--|---|---|--|---|--|---|
| <p>5.00 - 6.30pm</p> <p>Training session – longitudinal</p> <p>School of Geography computer lab</p> | <p>Families: Union & family formation</p> <p>Session room 5</p> <p><i>Chair: Dr. Julia Mikolai, University of Liverpool</i></p> <ol style="list-style-type: none"> 1. Is remarriage increasing or decreasing? The case of Austria 1974-2013 - <i>Klotz, Fuchs</i> 2. Emerging patterns of union formation in the Philippines - <i>Kuang, Perelli-Harris, Padmadas</i> 3. Dynamics of mixed marriages in the United Kingdom - <i>Hannemann, Kulu</i> 4. Assessing the contribution of living arrangements to aggregate trends in entry into parenthood for five European countries between 1970 and 2005 - <i>Vergauwen, de Wachter, Neels</i> | <p>Fertility: European fertility</p> <p>Session room 6</p> <p><i>Chair: Dr. Melanie Channon, University of Oxford</i></p> <ol style="list-style-type: none"> 1. Spacing between children and trends in mean age of successive birth orders: quite different stories! - <i>Burkimsher</i> 2. A changing relationship between fertility and economic development at the sub-national regional level? Theoretical considerations and evidence from Europe - <i>Fox, Klüsener, Myrskylä</i> 3. Socio-economic development and emerging sub-national geographies of fertility: the case of Spain - <i>Sabater, Graham, Macinnes</i> | <p>Innovative data & models for sub-national level population research</p> <p>Session room 4</p> <p><i>Chair: Professor Francesco Billari, University of Oxford</i></p> <ol style="list-style-type: none"> 1. Neighbourhood trajectories and the ethnic population composition: moving beyond standard administrative boundaries – <i>Zwiers, Manley, van Ham</i> 2. Selective licensing of landlords and the identification of the private rented sector- <i>Mayhew, Harper</i> 3. Estimating life-tables for very small areas in a national context: An analysis of Israel Statistical Areas - <i>Anson</i> | <p>Ethnicity, religion & their socio-spatial dimensions</p> <p>Session room 3</p> <p><i>Chair: Professor Anne Green, University of Warwick</i></p> <ol style="list-style-type: none"> 1. Exploring the association between ethnic concentration and neighbourhood deprivation in Britain: a study of small areas over four decades - <i>Catney</i> 2. Can bad segregation be measured? - <i>Finney, Simpson</i> 3. Breaking through the boundary in the name of faith: how religious volunteering serves as identity-bridging social capital for British ethnic minorities - <i>Huang</i> 4. Visible but not counted: problems conceptualising and operationalising Accession White | <p>Demographic projections: Improvements in official forecasts</p> <p>Session room 1</p> <p><i>Chair: Dr. Paul Norman, University of Leeds</i></p> <ol style="list-style-type: none"> 1. Improvements to the Scottish sub-national population projection model: results and planned developments - <i>Clark, Main, MacLachlan, Rees, Norman, Lomax Wohland</i> 2. Updating the methods and tools for producing the UK National Population Projections - <i>Large, Guy</i> 3. Forecasting age patterns of interregional migration - <i>Wiśniowski, Raymer, Bijak, Forster, Smith</i> 4. Estimating the population of the very old at sub-Scotland | <p>Census transformation</p> <p>Session room 2</p> <p><i>Chair: Kirsty Maclachlan, National Records of Scotland</i></p> <ol style="list-style-type: none"> 1. Delivering early benefits and trial outputs using administrative data – <i>Shorten, ONS</i> 2. Evaluating the feasibility of using administrative data in the context of population statistics – <i>Brett, ONS</i> 3. Plans for the online 2021 Census with increased use of administrative and survey data - <i>Waruszynski, Fraser, Ghee</i> 4. Second addresses and an alternate ‘majority of time’ population base - <i>Monkman</i> |
|--|---|---|--|---|--|---|

| Wednesday 9 September | | | | | | |
| 7.30 - 9.00am | Breakfast. <i>Refectory</i> | | | | | |
| 9.00 - 11.00am | Challenges in contemporary Chinese demography <i>Session room 3</i> <i>Chair: Heini Vaisanen, London School of Economics</i> 1. The logic of China’s industrialism: development, demography, and the building of a welfare state - <i>Woodlee</i> 2. Transition to second birth in ultra-low fertility Pacific Asia: a qualitative comparative study of | Migration: Family dynamics among the descendants of immigrants <i>Session room 5</i> <i>Chair: Professor Ann Berrington, University of Southampton</i> 1. Union formation among the children of immigrants in Sweden - <i>Obucina</i> 2. Socio-economic effects on first union formation among second generation migrant women in Belgium - <i>Van den</i> | Health: Socio-demographic predictors of health <i>Session room 4</i> <i>Chair: Professor Sabu Padmadas, University of Southampton</i> 1. Explaining the Growing Education Gap in U.S. Adult Life Expectancy, 1990-2010 - <i>Sasson</i> 2. Partnership status and mortality in England and Wales: all-cause and cause-specific mortality between 2001-2011 - | Population dynamics & human wellbeing in environmentally vulnerable delta regions <i>Session room 2</i> <i>Chair: Dr. Sylvia Szabo, University of Southampton</i> 1. A geospatial analysis of the impacts of encroaching salinity and shrimp farming on poverty in the populous Ganges-Brahmaputra-Meghna (GBM) Delta Plain of | Longitudinal studies & the life course <i>Session room 1</i> <i>Chair: Dr. Myles Gould, University of Leeds</i> 1. Mismatches and matches in address information from the Census and the BSO: a longitudinal perspective 2001-2011 - <i>Shuttleworth, Foley</i> 2. Relationships between time since entering the UK, languages spoken and | Historical: Marriage & death in Britain 1800-1911 <i>Session room 6</i> <i>Chair: Hannaliis Jaadla, Tallin University</i> 1. Urban mortality and standards of living in Britain 1800-1860 - <i>Davenport</i> 2. Spatial modelling of rural infant mortality in nineteenth-century Britain - <i>Atkinson, Gregory, Porter, Francis</i> 3. A detailed |

| | | | | | |
|---|---|---|---|---|---|
| <p>Beijing and Taipei - <i>Freeman, Basten, Xiaohong Ma, Ping Yan, Lih-Rong Wang, Wen-shan Yang, Hsieh Shih</i></p> <p>3. Income inequality, wellbeing and health among Chinese older adults - <i>Xuejie Ding, Billari</i></p> <p>4. Transition to second and third birth: role of family planning policy and women's education in China - <i>Min Qin, Padmadas, Falkingham</i></p> <p>5. Gender Ratio under China's Two-Child Policy - <i>Bing Xu, Pak</i></p> | <p><i>Berg</i></p> <p>3. Fertility among the descendants of immigrants in eight European countries - <i>Kulu, Hannemann, Pailhé, Neels, Rahnu, Puur, Krapf, González-Ferrer, Castro-Martin, Kraus, Bernardi, Guarin, Andersson, Persson</i></p> <p>4. Does the partner choice affect the transition to higher order births? A Belgian study analysing the influence of the partner choice on the transition to second and higher order births for second-generation women of Turkish and Moroccan origin - <i>Van Landschoot, Van Bavel, de Valk</i></p> <p>5. Transition to adulthood among descendants of immigrants in France: cultural vs. structural determinants - <i>Ferrari, Pailhé</i></p> | <p><i>Franke, Kulu</i></p> <p>3. Mental wellbeing and support exchanges between older adults and their children in Eastern and Western Europe: what are the impacts of number and gender of children? - <i>Keenan and Grundy</i></p> <p>4. How much of the variation in mortality across Norwegian municipalities is explained by the socio-demographic characteristics of the population? - <i>Kravdal, Alvær, Bævre, Kinge, Meisfjord, Steingrimsdóttir</i></p> | <p>Bangladesh - <i>Amoako Johnson, Hutton, Hornby, Lazar, Mukhopadhyay</i></p> <p>2. Assessing coastal population development: results and experiences from a global analysis - <i>Neumann, Athanasios, Vafeidis, Zimmermann, Nicholls</i></p> <p>3. An ecological approach to address chronic poverty within Patharpratima block of Indian Sundarban Delta - <i>Hazra, Das, Hazra, Ghosh</i></p> <p>4. Evolutionary social and biogeophysical changes in the Amazon, Ganges-Brahmaputra-Meghna and Mekong deltas - <i>de Araujo Barbosa, Dearing, Hossain, Szabo, Nhan, Binh, Matthews</i></p> <p>5. Predicting poverty from ecosystem service use in deltaic socio-ecological systems – <i>Adams,</i></p> | <p>proficiency in English - <i>Duke-Williams</i></p> <p>3. Birth order and educational decision-making: fields of study and expected outcomes - <i>Barclay, Hällsten, Myrskylä</i></p> <p>4. Fertility, health and education of United Kingdom immigrants: the role of English language skills - <i>Santiago, Aoki</i></p> <p>5. Health outcomes for informal carers in England and Wales: a longitudinal study using nationally representative census data for England and Wales - <i>Vlachantoni, Robards, Evandrou, Falkingham</i></p> | <p>geography of early-age mortality in England and Wales, 1851-1911 - <i>Reid</i></p> <p>4. Marriage patterns in Victorian England and Wales: an analysis based on registration subdistrict data, 1851-1911 - <i>Garrett, Reid, Higgs</i></p> |
