

British Society for Population Studies 2016 Conference: Timetable

Monday 12 September						
From 10.30am	Registration – Stripe foyer					
12.00 – 1.30pm	Lunch – The Food Hall					
1.30 – 3.00pm	<p>Ageing & the life course: applications using the English Longitudinal Study of Ageing</p> <p>Session room 1</p> <p><i>Chair: Stephen Jivraj</i></p> <p>1. Quality of life and loneliness among people who reported visual impairment: findings from English Longitudinal Study of Ageing – <i>Pikhartova, Victor</i></p> <p>2. Is the relationship between self-perceived age and emotional distress bi-directional? – <i>Rippon, Steptoe</i></p> <p>3. Investigating the bidirectional</p>	<p>Health - Determinants of childhood health & mortality in developing countries</p> <p>Session room 2</p> <p><i>Chair: Alan Marshall</i></p> <p>1. Maternal schooling, child mortality, and pathways of influence: Evidence from a quasi-experiment in Ethiopia, Malawi, and Uganda - <i>Andriano, Monden</i></p> <p>2. Global deterministic patterns of socioeconomic determinants of neonatal mortality at the country level - <i>Temporin</i></p>	<p>Fertility & reproductive health – Policy, economics & fertility</p> <p>Session room 3</p> <p>1. Do family policies have an impact on the fertility rate? A comparative study of the Swiss cantons - <i>Burkimsher</i></p> <p>2. The effect of the economic crisis on fertility behaviour in southern Europe: the example of Andalusia - <i>Ramiro-Fariñas, Viciana, Victor Montañes</i></p> <p>3. Low educational attainment and UK fertility change in times of austerity - <i>Graham and Sabater</i></p>	<p>ONS session - World Café - Integrated Census and Admin Data Outputs</p> <p>Session room 4</p> <p>One of the main objectives of ONS Census Transformation Programme is to make greater use of administrative data in enhancing the range and quality of outputs from the 2021 Census. A separate project – the Admin Data Census – is aspiring to replicate as many of the census outputs as possible using administrative data and surveys. Attendees will join</p>	<p>Ethnicity & education</p> <p>Session room 6</p> <p><i>Chair: Ian Shuttleworth</i></p> <p>1. What's a degree worth? Early labour market outcomes of EU domiciled graduates in the UK - <i>Luthra</i></p> <p>2. Evolution of the Jewish faith schools in the UK: Numerical trends, policy debates and theoretical implications – <i>Staetsky</i></p> <p>3. Variation in gender disparities in school education across ethnic groups in India: An analysis of the inequality in</p>	<p>Families & households – Causes & consequences of union dissolution</p> <p>Session room 5</p> <p><i>Chair: Alina Pelikh</i></p> <p>1. Infertility in romantic relationships: Relationship quality and stability among married and cohabiting couples in the US - <i>Fledderjohann, Greil, McQuillan</i></p> <p>2. Union dissolution and women's economic activity in the UK - <i>Wiltshire</i></p> <p>3. Separation and housing tenure trajectories in</p>

	association between Body Mass Index (BMI) and sleep duration in older adults: The English Longitudinal Study of Ageing (ELSA) – <i>Garfield, Llewellyn, Steptoe, Kumari</i>	3. Birth order and sibling composition contributions to sex-differentials in child mortality - <i>Kashyap, Barclay</i> 4. Economic returns to investment in family planning in India and China - <i>Padmadas, Bohua Li, Min Qin, Amoako Johnson</i>	4. Income, welfare and the transition to third birth in the UK - <i>Stone, Berrington</i>	three small discussions on a framework for producing census outputs on the characteristics of the population using administrative data, and plans for putting this into practice using income and household statistical outputs as case studies	educational process - <i>Dutta, Husain</i>	England and Wales - <i>Mikolaj, Kulu</i>
3.00 – 3.30pm	Break. Refreshments – Stripe foyer & studios					
3.30 – 4.30pm	PLENARY 1 - Stripe Auditorium PROFESSOR PEARL DYKSTRA - Demographic change: Policy challenges for Europe Chair: Professor Jane Falkingham					
4.30 – 4.45pm	Short break before next session					
4.45 – 6.15pm	Contraception & abortion Session Room 2 <i>Chair: Jasmine Fledderjohann</i> 1. Reconsidering (In)equality in the use of IUDs: The changing	Historical demography of Africa & the Pacific Session room 5 <i>Chair: Romola Davenport</i> 1. Patterns of morbidity and	Migration: Immigrant family & fertility Session room 6 <i>Chair: Elspeth Graham</i> 1. Migrant total fertility rates: Time for a rethink? - <i>Murphy</i>	Ageing – Intergenerational exchange & social activity Session room 1 <i>Chair: Stephen Jivraj</i> 1. The dynamics of social care and paid	Demography & policy – UK Censuses and methodology Session room 4 <i>Chair: Jenny Boag</i> 1. Scotland's Census 2021: Developing content following	Ethnicity & space: Segregation & inequality dynamics Session room 3 <i>Chair: Renee Luthra</i> 1. Eastern European immigrants in a comparative cross-

	<p>context of U.S. contraceptive choice across the reproductive lifespan - <i>Sweeney, Eeckhaut, Gipson</i></p> <p>2. Sex-selective abortion: measuring the who and how often - <i>Dimri, Gille, Ketz</i></p> <p>3. The contraceptive use behaviour before and after unintended birth in Colombia and Peru: does it change? - <i>Batyra</i></p> <p>4. Timing of abortions, births and relationship transitions in Finland - <i>Vaisanen</i></p>	<p>mortality in colonial Uganda - <i>Doyle</i></p> <p>2. The number of native Hawaiians & part-Hawaiians in Hawai'i, 1778to 1900: Demographic estimates by age with discussion - <i>Swanson</i></p> <p>3. Gender & class formation in urban British Africa: Evidence from Anglican marriage registers, 1830-2011- <i>Meier zu Selhausen, Weisdorf</i></p>	<p>2. Ethnic differentials in the uptake of (in)formal childcare in Belgium and effects on parity progression – <i>Neels, Wood</i></p> <p>3. What does the recent refugee crisis mean for the future of European demography? From policies and statistics to the voices of Syrian refugees – <i>Wilson, Ga Hangartner , Dwan Kaoukji</i></p>	<p>work in mid-life - <i>Gomez-Leon, Evandrou, Falkingham and Vlachantoni</i></p> <p>2. The factors that have impact on older people's mental well-being: An analysis of older people's needs for, receipt of and unmet needs for care in England - <i>Wang, Wittenberg</i></p> <p>3. Does intergenerational social mobility affect general health, oral health and physical function among older adults in England? - <i>Letelier, Heilmann, Watt, Jivraj, Tsakos</i></p> <p>4. Digital inclusion in later-life: Cohort changes in internet use over a 10 year period in England - <i>Matthews, Nazroo, Marshall</i></p>	<p>topic consultation - <i>Maclean , Macintyre</i></p> <p>2. What is your occupation? – Working towards online self-identification of occupation for the 2021 Census for England and Wales - <i>Redgwell , Waruszynski</i></p> <p>3. Creation of synthetic microdata in 2021 Census Transformation Programme (proof of concept)- <i>Rendell</i></p> <p>4. Respondents who don't 'submit' – An analysis of forced submissions from 2011 Census - <i>Waruszynski</i></p>	<p>national context: A K-nearest neighbour perspective - <i>Shuttleworth and Östh</i></p> <p>2. Race, ethnicity, xenophobia or social ties?: explaining ethno-specific mobility in England and Wales - <i>Kaufmann</i></p> <p>3. Local ethnic inequalities and ethnic minority concentration in England and Wales, 2001-11 - <i>Lymperopoulou, Finney, Catney</i></p> <p>4. Examining the roles of international and internal migration in the spatial distribution of the UK's ethnic group populations - <i>Lomax, Wohland and Rees</i></p>
6.15 – 6.30pm	Short break					
6.30 – 8.00pm	<p>Poster session & reception (drinks & nibbles) - All Conference participants welcome.</p> <p>Stripe foyer & studios</p>					

8.00pm	DINNER – The Food Hall Terrace Bar open from 9.30pm					
Tuesday 13 September						
7.30 – 9.00am	Breakfast. The Food Hall					
9.00 – 10.30am	Health inequalities across the life course: early life circumstances & health Session room 1 <i>Chair: Albert Sabater</i> 1. An exploration of educational outcomes for children with disabilities - <i>Cox, Marshall</i> 2. A complex relationship between ethnicity, socio-economic status and the risk of child obesity/overweight in the UK – <i>Goisis, Martinson, Sigle</i> 3. Qualitative evidence on the relationship between breastfeeding and	Families & households: Union formation Session room 3 <i>Chair: Ursula Henz</i> 1. Family structure, relationship quality of family members, and marital preference - <i>McNamee</i> 2. Mixed marriages among immigrants and their descendants in Europe - <i>Hannemann, Kulu, Rahnu, Puur, Obućina, González-Ferrer, Hărăguș, Neels, Van den Berg, Potârca, Bernardi, Pailhé</i> 3. The association between alcohol consumption and the timing of union	Demography & policy: Small area estimation Session room 4 <i>Chair: John Hollis</i> 1. Housing delivered in the first decade since the millennium – who lives there? A methodology for identifying new residential developments, and the number and ages of residents, on Census Day 2011 at specific development level for any district in England - <i>Clyne</i> 2. Child benefit data as a proxy for resident population counts - <i>Elias</i> 3. Error in local	Social norms & fertility Session room 2 1. Family and fertility in context: a cross-cultural analysis of whether cooperation within the family increases fertility - <i>Sear, Schaffnit, Kristin Snopkowski</i> 2. Kin support and childbearing intentions: Polish mothers and fathers in Poland and in the UK - <i>Marczak</i> 3. Childlessness and fertility by couples’ educational gender (in)equality in Austria, Bulgaria and France - <i>Osiewalska</i>	Historical demography: Population & institutions Session room 6 <i>Chair: Alice Reid</i> 1. Rethinking Adam Smith on population – <i>Kreager</i> 2. Demography and democracy: Age structure, political participation, political competition and democracy in Europe, 1810 – 2000 - <i>Optat Herman, Murphy</i> 3. Geographical variations in the proportion of old people in Victorian England and Wales - <i>Heritage, Clifford Hinde</i>	Ethnicity, employment & social mobility Session room 5 <i>Chair: Ian Shuttleworth</i> 1. Re-thinking the concept of ethnicity for population studies and evidence-based policy - <i>Finney</i> 2. Employment dynamics among ethnic minorities in the United Kingdom - <i>Martin, Platt</i> 3. The evolution of unemployment inequality in Northern Ireland, 1991-2011- <i>Rowland</i> 4. Religion and educational attainment as

	<p>postnatal depression - <i>Iacovou</i></p> <p>4. The determinants of breastfeeding duration in the UK: A survival analysis of the early postpartum stage - <i>Harvey</i></p>	<p>formation in a British cohort - <i>Arrighini</i></p> <p>4. Gender norms and life-long singlehood: A multilevel analysis - <i>Bellani, Esping-Andersen, Nedoluzhko</i></p>	<p>population estimates: do the characteristics of places matter? - <i>Marshall and Simpson</i></p> <p>4. Population level research using the Hampshire Health Record Analytical Database - <i>Johnson</i></p>			<p>interacting factors in the determination of economic opportunity and social mobility in the new Northern Ireland - <i>Moriarty, Wright, O'Reilly, Thurston</i></p>
10.30 – 11.00am	Break. Refreshments – Stripe foyer & studios					
11.00 – 12.30pm	<p>ONS session – Measuring the impact of demographic statistics and research - how and why - ONS</p> <p>Session room 4</p> <p>Understanding the population and how its changing is fundamentally important to our understanding of society and the economy. Indeed demography is so fundamental that measuring the impact of research and statistics in the field should be easy. Yet as the funding for production/analysis of demographic statistics comes under ever increasing scrutiny it becomes all the more important to fully</p>	<p>Internal migration</p> <p>Session room 1</p> <p><i>Chair: Allan Findlay</i></p> <p>1. Why do we move? An analysis of census microdata - <i>Darlington-Pollock, Lomax, Norman</i></p> <p>2. 40 years of (not) moving: Identifying residential mobility trajectories with the British Cohort Study 1970 – <i>Finney, Bentley, Tyrrell</i></p> <p>3. New insights into migration and commuting derived from the Annual Survey of Hours and Earnings - <i>Champion,</i></p>	<p>Family formation</p> <p>Session room 3</p> <p><i>Chair: Catherine McNamee</i></p> <p>1. Educational differences in non-marital childbearing in Britain: What do recent data reveal? - <i>Peri-Rotem, Scott</i></p> <p>2. Education and diverging family trajectories in Britain: New insights From microsimulation - <i>Beaujouan, Berrington, Winkler-Dworak</i></p> <p>3. Ethnic differentials in the labour market preconditions to</p>	<p>Older age population estimates & service provision</p> <p>Session room 5</p> <p><i>Chair: Athina Vlachantoni</i></p> <p>1. Estimating the population aged 90+ in England and Wales - <i>Hechler, Storey</i></p> <p>2. Ageing of the ageing population, causes, consequences and models – <i>Murphy, Optat Herman</i></p> <p>3. Evaluating the effect on mortality of living in a UK retirement village - <i>Mayhew, Smith,</i></p>	<p>Innovative data, methods & models</p> <p>Session room 2</p> <p><i>Chair: Jakub Bijak</i></p> <p>1. Equalities in a stationary population: Observations, a conjecture, and applications - <i>Swanson, Tedrow</i></p> <p>2. A sensitivity analysis of transient population dynamics: The importance of transients and their key drivers - <i>Dooley, Bijak, Townley, Hodgson & Ezard</i></p> <p>3. Projections of the influence of migrant ages on living</p>	<p>Health: Inequalities & local contextual factors</p> <p>Session room 6</p> <p><i>Chair: Alan Marshall</i></p> <p>1. Unravelling urban-rural health disparities in England: Context or composition? - <i>Allan, Kulu, Williamson</i></p> <p>2. Integrating small area census data to investigate social change in Scotland 1981-2011 - <i>Exeter, Zhao, Feng, Norman</i></p> <p>3. The same but different: Social correlates of local area mortality in</p>

	<p>understand impact. The session recognises measuring impact as a shared interest across all those who attend the BSPS conference. Panel members will be invited from across the major groups represented at the conference (academia, central/local government and the private sector). The panel will be asked to provide their perspective on why impact measurement matters and how they go about it. It is hoped that the session will provide an opportunity to learn from what works in different sectors. After a short 15 minute perspective from each panel member, delegates will be invited to question the panel.</p>	<p><i>Brown</i> 4. Separation and spatial mobility: A cross-national comparison - <i>Kulu, Mikolaj, Vidal, Schnor, Willaert, Visser, Mulder, Thomas</i></p>	<p>parenthood in Belgium - <i>Van den Berg, Wood, Neels</i></p>	<p><i>Rickayzen</i> 4. Evaluating the value of health insurance as a strategy to move towards universal health coverage in the context of population ageing: Evidence from Ghana - <i>van der Wielen, Falkingham, Channon</i></p>	<p>standards - <i>Parr, Guest</i> 4. Papyro, Silico, Vitro - <i>Gray, Bijak, Bullock</i></p>	<p>Australia - <i>Anson</i></p>
12.30 – 1.30pm	Lunch – The Food Hall					
<p>1.30–3.00pm</p> <p>Fred Wheeler 204 (second floor)</p> <p>Using QGIS and CartoDB for population research –</p>	<p>Ageing & the life course: Life history analysis</p> <p>Session room 1</p> <p><i>Chair: Athina Vlachantoni</i></p> <p>1. Timing, duration and order: The influence of</p>	<p>Health inequalities in a national/regional context</p> <p>Session rom 2</p> <p><i>Chair: Elspeth Graham</i></p> <p>1. Cross-national comparisons of adolescents' psycho-social health: The role</p>	<p>Historical demography of Britain from micro-census data 1851-1911</p> <p>Session room 3</p> <p><i>Chair: Romola Davenport</i></p> <p>1. The geography of</p>	<p>Reproductive health</p> <p>Session room 4</p> <p>1. Advanced maternal not an independent risk factor for low birth weight or preterm birth – <i>Goisis, Remes, Barclay, Martikainen, Myrskylä</i></p>	<p>Probabilistic population estimation & forecasting</p> <p>Session room 6</p> <p><i>Chair: Jonathan J. Forster</i></p> <p>1. Integrated probabilistic</p>	<p>Families & households: Union dissolution & child wellbeing</p> <p>Session room 5</p> <p><i>Chair: Julia Mikolai</i></p> <p>1. Parental separation and children's education in a</p>

<p>training session - computer suite</p>	<p>residential histories on later life wellbeing - <i>Vanhoutte, Wahrendorf, Nazroo</i></p> <p>2. Childhood circumstances, adult family life courses and depression among older parents in England - <i>Grundy, Read and Vaisanen</i></p> <p>3. Assessing the differential association of prospective and retrospective life course variables on health and economic wellbeing in later life – <i>Jivraj, Goodman, Ploubidis, De Oliveira</i></p>	<p>of measurement invariance - <i>Shackleton, Jerrim</i></p> <p>2. Inequalities in the time between stopping work and death: ONS Longitudinal Study - <i>Murray, Shelton</i></p> <p>3. Mortality patterns and levels of natives and immigrants in Greece in 2011 - <i>Verropoulou, Tsimbos</i></p> <p>4. Regional mortality variations of the older population in Greece: 2010-2012 - <i>Tsimbos, Kalogirou, Verropoulou,</i></p>	<p>the fertility decline in England and Wales - <i>Reid, Garrett, Jaadla, Day</i></p> <p>2. Marriage patterns in Victorian England and Wales: 1851-1911- <i>Garrett, Schurer, Day, Reid</i></p> <p>3. The geography of early childhood mortality in England and Wales, 1851-1911 - <i>Jaadla, Reid</i></p> <p>4. The Importance of London, 1851-1911 Using the Individual-level census data to reconstruct lifetime migration paths - <i>Schurer, Day</i></p>	<p>2. Who seeks help? Responses to perceived fertility impairments in Malawi - <i>Fledderjohann, Trinitapoli, Billari</i></p> <p>3. Maternal socioeconomic status and risk of labour induction in the UK - <i>Carter</i></p> <p>4. Female genital mutilation in Mali and Mauritania - <i>Cetorelli, Wilson Batyra, Coast</i></p>	<p>population forecasts for the United Kingdom: A Bayesian approach - <i>Hilton, Bijak, Dodd, Forster, Smith</i></p> <p>2. Bayesian multiregional population forecasting: England - <i>Wiśniowski, Raymer</i></p> <p>3. Modelling the impact of lifestyle factors and chronic diseases on disability and dependency through microsimulation - <i>Jagger, Kingston Booth</i></p>	<p>comparative perspective: Does the burden disappear when separation is more common? - <i>Kreidl, Štípková, Hubatková</i></p> <p>2. Mind the gaps : Rethinking the policy implications of family gaps in well-being - <i>Sigle</i></p> <p>3. Divided families, father-child contact and children’s outcomes: Evidence from the Millennium Cohort Study - <i>Di Nallo, Esping Andersen</i></p>
<p>3.00 – 3.30pm</p>	<p>Refreshment break – Stripe foyer & studios</p>					
<p>3.30 – 4.30pm</p>	<p>PLENARY 2 – Stripe Auditorium</p> <p>DR. KATHERINE RAKE - From academia to influencing policy: understanding population change</p> <p>Chair: Piers Elias</p>					
<p>4.30 – 4.45pm</p>	<p>Short break</p>					

<p>4.45 – 6.15pm</p> <p>Fred Wheeler 204 (second floor)</p> <p>Visualising time series data using QGIS – training session - computer suite</p>	<p>Latin America & the Caribbean</p> <p>Session room 6</p> <p><i>Chair: Ewa Batyra</i></p> <p>1. Clustering age-sex structures to monitor their development over time: Latin America and the Caribbean sub-national areas 1960-2011 - <i>Korenjak-Černe, Simpson</i></p> <p>2. How prepared are we for population ageing? Current status of quality of life of the elderly in countries of Latin America - <i>Garrido</i></p> <p>3. Comparative sub-national demographic development in Latin America - <i>Simpson, Gonzalez</i></p>	<p>Family structure & wellbeing</p> <p>Session room 2</p> <p><i>Chair: Joanna Marczak</i></p> <p>1. Better off living with family or alone? Men’s living arrangements, partnership status and health in Russia - <i>Permyakova, Holland, Perelli-Harris</i></p> <p>2. Union status and Income at Mid-life in the U.S., UK, Germany, and Norway: can selection and childbearing explain the association? - <i>Perelli-Harris, Addo, SHoherz, Lappegård, Sassler</i></p> <p>3. The social and economic impact of international female labour migration on left-behind husbands: Case study of East Java, Indonesia - <i>Pallikadavath, Kamanda, Sukesi,</i></p>	<p>Demography & policy: Data visualisation & presentation</p> <p>Session room 4</p> <p><i>Chair: Ben Corr</i></p> <p>1. 40 years of population studies - plus ça change? - <i>Boag</i></p> <p>2. Data Visualisation @ONS - Connecting a wider audience with Official Statistics - <i>Field, Donnarumma</i></p> <p>3. 2011: How National Records of Scotland are making the most of the data - <i>Macintyre</i></p> <p>4. Expanding the Greater London Authority projection model beyond London- <i>Tonkiss & Corr</i></p>	<p>Fertility dynamics</p> <p>Session room 3</p> <p><i>Chair: Ben Wilson</i></p> <p>1. Fertility, family and employment: A life course perspective on fertility of immigrants and their descendants in the UK - <i>Hannemann , Kulu</i></p> <p>2. Shifts to low fertility since the baby-boom: The role of parity progression ratios - <i>Zeman, Beaujouan, Brzozowska, Sobotka</i></p> <p>3. The emerging positive educational gradient in fertility in Belgium: A multi-level regional analysis of a vanguard country - <i>Wood, Neels, Klüsener, Myrskylä</i></p>	<p>Migration – Migration, health & well-being</p> <p>Session room 5</p> <p><i>Chair: Francesco Billari</i></p> <p>1. Understanding age variations in the Migrant Mortality Advantage - <i>Guillot, Khlal, Elo, Solignac, Wallace</i></p> <p>2. Ethnic mortality estimation – a method put to the test - <i>Wohland</i></p> <p>3. The role of deprivation transitions in explaining health inequalities in New Zealand - <i>Exeter, Darlington, Norman, Zhao, Hanham</i></p> <p>4. Mobility of young people during the transition to adulthood in Britain – <i>Pelikh, Kulu</i></p>	<p>Later life health</p> <p>Session room 1</p> <p><i>Chair: Stephen Jivraj</i></p> <p>1. Women’s mid-life ageing in low and middle income countries - <i>Leone</i></p> <p>2. Number of children and later-life depression in Eastern and Western Europe - <i>Grundy, van den Broek, Keenan</i></p> <p>3. Marital status and subsequent changes in physical capability in England among men and women aged 60+ - <i>Wood, McMunn, Webb</i></p> <p>4. Is being in paid work beyond state pension age associated with depression, sleep disturbance, and physical health? Evidence from ELSA - <i>Di Gessa, Corna, Platts, Worts, Donough., Price, Glaser</i></p>

		<i>Aminuddin, Rosalinda, Hatton</i>				
6.30pm	BSPS AGM – Stripe Auditorium					
From 7.00pm	Book launch - <i>Population Change in the UK</i> Stripe foyer & studios					
8.00pm	DINNER. The Food Hall Terrace Bar open from 9.30pm. BSPS quiz from 10.00pm					
Wednesday 14 September						
7.30 – 9.00am	Breakfast. The Food Hall					
9.00 – 11.00am Session room 4 Workshop – Transparency in social science research. See training & workshop schedule for	How families operate Session room 1 <i>Chair: Nitzan Peri-Rotem</i> 1. Fathers' involvement in childcare in the United Kingdom: Recent trends and social differences - a <i>Henz</i> 2. The educational	Health inequalities: Mechanisms & trends Session room 2 <i>Chair: Alan Marshall</i> 1. Self-reported general health and Body Mass Index: a U-shaped relationship? - <i>Norman, Fraser</i> 2. Educational attainment and biomarkers of health:	International migration Session room 3 <i>Chair: Tony Champion</i> 1. The form and evolution of international migration flow networks - <i>Abel, DeWaard, Almquist, Trang Ha</i> 2. A comparison of	Demography & policy: Projections & forecasts Stripe Auditorium <i>Chair: Piers Elias</i> 1. Population and household projections for Scottish sub-Council areas (2012-based) - <i>Adams, Howes, Sinclair, Rutherford,</i>	Historical demography: health & living conditions in the European past Session room 6 <i>Chair: Eilidh Garrett</i> 1. Urban sanitation and infant mortality. Sewerage coverage and health improvement in the city of Madrid in the	Ethnicity, religion, attitudes & the life course Session room 5 <i>Chair: Nik Lomax</i> 1. The effect of education on ethnic inequality - <i>Brynin</i> 2. Intergenerational transmission of attitudes toward migration as a

<p>details.</p>	<p>gradient in resource pooling across native and foreign-born spouses in Italy - <i>Fraboni, Vitali</i> 3. Do relative resources mediate the parenthood effect on gender inequality? An analysis of change in the division of paid work among couples over the transition to parenthood – <i>Kil, Neels, Wood</i> 4. The long-term effects of parenting styles on substance use – the importance of parental warmth measurement - <i>Hei Wan Mak, Iacovou</i></p>	<p>Evidence using genetic markers - <i>Xuejie Ding, Barban</i> 3. Socioeconomic differentials in health expectancy with and without multimorbidity using electronic health records - <i>Bajekal, Sum Chan, Jones, van den Hout, Pujades</i> 4. Compositional changes in educational groups as an explanation for widening health differences - <i>Potente, Monden</i> 5. Behavioural factors drive geographic mortality inequality in Great Britain - <i>Kelly</i></p>	<p>bilateral migration counts by time intervals - <i>Vinue, Abel</i> 3. Examining the link between climate, conflict and cross-border migration using gravity model - <i>Muttarak, Abel, Brottrager, Crespo Cuaresma</i> 4. Effects of international migration on the age structure of young persons: local authorities in England 2001 to 2011 - <i>Norman</i></p>	<p><i>Roughsedge, Clark Simpson</i> 2. Pupil forecasting for the primary and secondary Phases - <i>Zawada</i> 3. A pupil flow based model for school roll projections in London - <i>Lapsley, Tonkiss, Corr</i> 4. Practical uses for a local forecasting model - <i>Bullen</i> 5. New sub-national population projections method for Scottish areas - <i>Main, Crowley, Clark</i></p>	<p>early twentieth century - <i>Ramiro-Fariñas, Casado-Ruiz</i> 2. Poverty, malnutrition and disease: tuberculosis in Sardinia between the end of the 19th Century and the Second World War - <i>Pozzi</i> 3. Cholera epidemics as a ‘sanitary test’ of British towns, 1832-1866 - <i>Davenport</i> 4. ‘The English Disease’: rickets after 1600 – diagnosis, environment and social customs of childcare - <i>Newton</i></p>	<p>potential antagonist of the demographic metabolism - <i>Steiber Striessnig, Samir KC</i> 3. Prevalence, intensity and persistence of ethnic or racial harassment in Britain - <i>Nandi, Luthra, Benzeval</i> 4. Differences in expectations and outcomes with respect to childbearing between the religious ‘nones’ and the religiously active <i>Burkimsheer</i> 5. Religious identity, practices and beliefs across the life course - <i>Kaushal, Cadar, Stafford, Richards</i></p>
<p>11.00 – 11.30am</p>	<p>Break – refreshments – <i>Stripe foyer & studios</i></p>					
<p>11.30 – 1.00pm</p>	<p>Health inequalities across the life course: later life Session room 2 <i>Chair: Alan Marshall</i> 1. Intergenerational</p>	<p>Administrative data research Session room 1 <i>Chair: Peter WF Smith</i> 1. What can linked administrative data</p>	<p>Demography & policy: Evidence & policy – international evidence Session room 6 <i>Chair: Richard Cooper</i></p>	<p>An introduction to using the UK Longitudinal Studies - training session Fred Wheeler 204 (second floor) See training leaflet</p>	<p>Ageing – Grandparenting Session room 4 <i>Chair: Athina Vlachantoni</i> 1. Ethnicity and</p>	<p>Latin America & the Caribbean Session room 3 <i>Chair: Ludi Simpson</i> 1. Unintended fertility and unmet</p>

	<p>influences on physical activity among older adults in Europe - <i>Sabater, Graham Marshall</i></p> <p>2. The importance of material hardship and psychosocial factors for onset of rheumatoid arthritis - <i>Hammond</i></p> <p>3. Multi-morbidity, functional status and hypertension: a study of older adults in South Africa - <i>Waterhouse, Van Der Wielen, Banda</i></p>	<p>tell us about the population at small area level? - <i>Dent, Park</i></p> <p>2. Assessing uncertainty when combining administrative data to estimate population counts <i>Yildiz, Smith</i></p> <p>3. Zone design for statistical disclosure control in administrative and linked microdata - <i>Robards, Martin, Gale</i></p> <p>4. Determinants of enrolment into and dropout from Higher Education: evidence from a cohort of 15,000 people created using the Administrative Data Research Centre – Northern Ireland - <i>Wright, O'Reilly</i></p>	<p>1. Breaking down silos around demographic data and models - experience of a city's local authorities – <i>Townsend</i></p> <p>2. Modelling the age-sex differentials influencing the severity of road traffic injuries in Oman - <i>AlAamri</i></p> <p>3. Population & development: What do we really know? A comparison of the recent course of human development in Mali & Ghana - <i>Hill</i></p>		<p>grandparental childcare in the UK – <i>Bordone, Evandrou, Vlachantoni</i></p> <p>2. Grandparental divorce and care for grandchildren: variations across contexts – <i>Žilinčíková & Kreidl</i></p> <p>3. Productive ageing in familialistic welfare regimes: a longitudinal analysis of activity determinants for Italy and South Korea - <i>Floridi</i></p> <p>4. The role of life histories on the probability of being grandparent at different ages across European countries <i>Arpino, Gumà, Julià</i></p>	<p>need for family planning in countries of Latin America and the Caribbean - <i>Fanta Garrido, Abeldaño</i></p> <p>2. Effects of external causes of death in life expectancy and population structure in Latin America, 1970-2010 - <i>Garcia</i></p> <p>3. 'Living as a couple' in a context of partnership instability: gender, conflict and partner violence in the French Caribbean - <i>Condon & Beaugendre</i></p> <p>4. Educational homogamy and descending economic in Ecuador - <i>Robles</i></p>
