

British Society for Population Studies 2017 Conference 6-8 September – University of Liverpool: Timetable

Wednesday 6 September						
<b>From</b> <b>10.30am</b>	<b>Registration</b> Central Teaching Hub					
<b>12.00 –</b> <b>1.30pm</b>	<b>Lunch</b> Central Teaching Hub					
<b>1.30 –</b> <b>3.00pm</b>	<p><b>Health: Life course</b> Session Room 2</p> <p>Chair: Katherine Keenan (University of St. Andrews)</p> <p>1. Quitting smoking and the timing of life events: An investigation on English men and women <i>La Valle</i></p> <p>2. Exploring the factors that determine depression among 50+ Europeans over the life course - <i>Serafetinidou, Verropoulou</i></p> <p>3. Associations between childhood neighbourhood deprivation and later life health - <i>Nicholas, Murray, Norman, Jivraj</i></p> <p>4. Growing up together/apart? A Longitudinal study of mobility over the educational life course - <i>Sweet, Harris, Manley</i></p>	<p><b>Family formation: attitudes &amp; behaviours</b> Session room 1</p> <p>Chair: Natalia Permyakova (University of Southampton)</p> <p>1. Make up or break up? Union histories of young adults in England and Wales - <i>Pelikh, Kulu, Mikolai</i></p> <p>2. Ethnic differences in aspirations and realities in transitions to adulthood – <i>Berrington</i></p> <p>3. Cohabitation experience and change in attitudes - <i>Žilinčiková, Kreidl</i></p> <p>4. The ideal age at the first marriage by the type of settlement in Russia - <i>Tretyakova</i></p>	<p><b>Religion &amp; ethnicity: demographic accounts</b> Session room 3</p> <p>Chair: Neil Rowland (Queen’s University Belfast)</p> <p>1. Religion in the UK – <i>Potter</i></p> <p>2. Census undercount of Strictly Orthodox Jews in the UK – <i>Staetsky</i></p> <p>3. Why do people change their ethnic group? Predictors of reported ethnic change for mixed people in the ONS Longitudinal Study - <i>Mok</i></p>	<p><b>Migration in middle-income countries: patterns, processes &amp; measurement</b> Session room 6</p> <p>Chair: Tony Champion (Newcastle University)</p> <p>1. Simplifying the complex: Alternative measures of bilateral migration – <i>Wei Qi, Muttarak, Abel</i></p> <p>2. Does the ‘productivist paradigm’ dominate policy making in China? - An analysis of the changes to social policy concerning internal migrants – <i>Zhang</i></p> <p>3. Family, gender and return migration: a look beyond assumptions of solidarities - <i>Condon</i></p>	<p><b>Social inequalities</b> Session room 5</p> <p>Chair: Chris Lloyd (University of Liverpool)</p> <p>1. Spatial variation in the social structure of England and Wales – <i>Williamson, Gu</i></p> <p>2. Changing Socio-Spatial Inequalities: Population change and the lived experience of inequality in urban South Africa – <i>Lloyd, Noble, McLennan, Wright, Turok, Bhatti</i></p> <p>3. A spatial analysis of the geographies of self-rated health status in Great Britain, 1991-2011 - <i>Dearden, Lloyd &amp; Catney</i></p>	<p><b>Reproductive health 1</b> Session room 4</p> <p>Chair: Melanie Channon (University of Oxford)</p> <p>1. Does shorter postnatal hospital stay lead to post-discharge complications? Evidence from Janani Suraksha Yojana in India - <i>Rahman, Pallikadavath, Khatoon</i></p> <p>2. Supply side effects of demand side financing in Bangladesh - <i>Pallikadavath, Rahman</i></p> <p>3. Pathways through the continuum of care: A person centred approach to transitions in pre-natal, delivery and post-partum care in Indonesia, Kenya and Nigeria - <i>Lyons-Amos, Radovich, Wong, Dennis, Lynch, Benova</i></p> <p>4. Analysis of socioeconomic</p>

						differences in the quality of antenatal services in low and middle-income countries (LMICs) in Latin America and Caribbean, Africa, Asia and Europe – <i>Amo-Adjei &amp; Izugbara</i>
<b>3.00 – 3.30pm</b>	<b>Break. Refreshments</b> <b>CT Hub</b>					
<b>3.30 – 4.30pm</b>	<b>PLENARY 1</b> <b>Plenary Lecture Theatre CT Hub</b>  <b>PROFESSOR MICHAEL ANDERSON (University of Edinburgh)</b> <b>Scottish migration: who, when, where and why: from the mid-nineteenth century to the present day?</b>  Chair: Piers Elias					
<b>4.30 – 4.45pm</b>	Short break before next session					
<b>4.45 – 6.15pm</b>  <b>Session Room 1</b>  <b>Good practice in peer review: how to review journal articles – Dr. Rebecca Sear, Professor</b>	<b>Child health</b> <b>Session room 2</b>  <i>Chair: Karen Mak (University of Cambridge)</i>  1. Food prices, food insecurity and child and adolescent health: Longitudinal evidence from India – <i>Aurino, Fledderjohann, Vellakkal</i> 2. Investigating the association between area deprivation and dental health in children aged 4 years – <i>Exeter, Shackleton, Crengle</i>	<b>Innovations in demographic forecasting</b> <b>Session room 3</b>  <i>Chair: Guy Abel (Asian Demographic Research Institute)</i>  1. Bayesian reconstruction of multistate populations - <i>Yildiz, Abel, Vinue, Goujon</i> 2. Forecasting of UK Demographic Rates using Bayesian Generalised Additive Models – <i>Hilton, Forster, Dodd, Smith, Bijak</i>	<b>Religion &amp; ethnicity: Eat, pray, love: religion &amp; relationships</b> <b>Session room 4</b>  <i>Chair: Stefanie Doebler (University of Liverpool)</i>  1. Religiously mixed marriages in England and Wales – <i>Voas</i> 2. Patterns of relationship dissolution among migrant populations in Belgium and the role of household composition – <i>Van Den Berg, Mortelmans</i>	<b>Innovations in historical demography</b> <b>Session room 6</b>  <i>Chair: Alice Reid (University of Cambridge)</i>  1. The Importance of London – <i>Day, Schurer</i> 2. Learning from past links: Understanding the limits of linkage quality - <i>Akgün, Dearle, Garrett, Kirby</i> 3. False positives and faulty estimates: Linked census data and bias to estimates of	<b>Infographics Workshop</b> <b>Plenary Lecture Theatre – CT Hub</b>  <b>How to bring data to life using infographics and interactive visualisations</b>  <i>Esther Roughsedge and Vicky Avila, National Records of Scotland</i>  This session will focus on ways of making your key messages quick, easy and appealing to read. The aim of this is to help reach a wider audience, and therefore increase the impact of your work. Esther and Vicky will talk about the basics of	<b>Fertility 1</b> <b>Session room 5</b>  <i>Chair: Melanie Channon (University of Oxford)</i>  1. Longitudinal register follow-up on determinants of (in)formal childcare use in Belgium. – <i>Neels, Biegel, Wood</i> 2. Who has more children than their mother? – <i>Burkimsher</i> 3. Maternity migration in Hong Kong – <i>Gietel-Basten, Verropoulou</i>

<b>Wendy Sigle &amp; Alina Pelikh</b>	3. Measuring determinants of health outcomes using ordinary least square vs endogenous regression models – <i>Kandala, Bulemfu, Mapatano, Kanzenza, Muyer, Akilimali, Pallikadavath</i>	3. Probabilistic Projection of Pakistan Population and its regions using Bayesian Hierarchical modeling approach - <i>Adil, Mazzuco</i>	3. Does religiosity help intergenerational fertility transmission? The case of North Caucasus (Russia) – <i>Kazenin, Kozlov</i> 4. “Third Demographic Transition” and the changes in correlates of religious dietary restrictions among second-generation Muslims in France - <i>Kojima</i>	social mobility – <i>Eriksson</i> 4. - Social interaction and fertility behaviour after a war of massacres in Guatemala - <i>Alburez-Gutierrez</i>	communicating data well, producing infographics and interactive data visualisations, and using Twitter. They will talk about what they have done and why, and share advice and tips. You can see the work they have done at <a href="https://www.nrscotland.gov.uk/statistics-and-data/statistics/stats-at-a-glance/infographics-and-visualisations">https://www.nrscotland.gov.uk/statistics-and-data/statistics/stats-at-a-glance/infographics-and-visualisations</a>	4. Can nannies replace welfare state? The effect of helpers on fertility in Hong Kong - <i>Andrijevic, Chen</i>
<b>6.15 – 6.30pm</b>	<b>Short break</b>					
<b>6.30 – 8.00pm</b>	<b>Poster session &amp; reception (drinks &amp; nibbles) - All Conference participants welcome.</b> <b>CT Hub</b>					
<b>8.00pm</b>	<b>DINNER</b> <b>Vine Court Dining Room</b>					
<b>Thursday 7 September</b>						
<b>7.30 – 9.00am</b>	<b>Breakfast.</b> <b>Guild of Students</b>					
<b>9.00 – 10.30am</b>	<b>Latin America &amp; the Caribbean 1</b> <b>Session Room 2</b>  <i>Chair: Ludi Simpson (University of Manchester)</i>  1.– Increasing educational disparities in the timing of	<b>Health: infant mortality</b> <b>Session room 3</b>  <i>Chair: Wei Xun (University College London)</i>  1. Factors associated with stillbirths in Greece 2010-2014: an analysis based on vital	<b>Innovative data collection &amp; processing</b> <b>Session room 1</b>  <i>Chair: Dilek Yildiz (IIASA)</i>  1. Real-time record linkage between demographic surveillance and health facility data in rural	<b>Migration &amp; health</b> <b>Session room 4</b>  <i>Chair: Clara H. Mulder (University of Groningen)</i>  1. Exploring common mental illness as a driver of internal migration in Great Britain – <i>Wilding, Martin, Moon</i>	<b>Gender (in)equality within the family</b> <b>Session room 5</b>  <i>Chair: Heini Vaisanen (University of Southampton)</i>  1. Four decades of changes in partners' relative incomes: Gender	<b>ONS Session – Developments in Official Population Statistics 1</b> <b>Session room 6</b>  <i>Chair: Gemma Catney (University of Liverpool)</i>  1. Improving life expectancy statistics across the UK – <i>Ramsay</i>

	<p>motherhood in the Andean region: a cohort perspective - <i>Batyra</i></p> <p>2. Social inequalities in Latin America: towards a subnational convergence or divergence? – <i>González</i></p> <p>3. Homicides increase variation in lifespans in Mexico and its States, 2005-2015. – <i>Aburto</i></p>	<p>registration microdata – <i>Verropoulou, Tsimbos</i></p> <p>2. Maternal anaemia and childhood mortality in India – <i>Babu, Fledderjohann, Mahaptra, Vellakkal</i></p> <p>3. Indirect estimation of infant mortality in small areas - <i>Neupert, Fernandez-Castilla</i></p>	<p>Tanzania - <i>Rentsch, Reniers, Machemba, Mtenga, Kabudula, Michael, Urassa, Todd Zaba</i></p> <p>2. Adjusting the 2021 Census for under or over count: a survey calibration problem? – <i>Williamson, Gu</i></p> <p>3. Blood is thicker than bloodshed: using genealogies to reconstruct populations after armed conflict - <i>Alburez-Gutierrez</i></p> <p>4. Investigating aggregation effects in small area health data using synthetic microdata and automated zone design - <i>Robards, Martin, Gale</i></p>	<p>2. Examining selection in the mortality risk of migrants by age – <i>Wallace, Wilson</i></p> <p>3. Quantifying the error in using Census measures of area as a proxy for exposure to neighbourhood – <i>Nicholas, Murray, Norman, Jivraj</i></p> <p>4. Migration, health and gender: Evidence from India – <i>Dutta, Roy, Husain, Ghosh</i></p>	<p>revolution or men’s unemployment? – <i>Vitali</i></p> <p>2. Gender and children’s housework time in China: How does family structure matter? – <i>Yang Hu</i></p> <p>3. Gender and housework: can personality traits explain why women do more housework than men? – <i>Iacovou</i></p> <p>4. Intergenerational Solidarity: migrant children and elderly emotional support – <i>Savu</i></p>	<p>2. Journey towards an Online Census for 2021 – <i>Burton and Waruszynski</i></p> <p>3. Ethnic group data: how to best meet user requirements in the 2021 Census – <i>Williams</i></p>
<b>10.30 – 11.00am</b>	<b>Break. Refreshments</b> <b>CT Hub</b>					
<b>11.00 – 12.30pm</b>	<p><b>Linked lives: the determinants of intergenerational relationships</b> <b>Session room 5</b></p> <p><i>Chair: Julia Mikolai (University of St. Andrews)</i></p> <p>1. Intergenerational contact in the UK – <i>Chan &amp; Ermisch</i></p>	<p><b>Fertility &amp; reproductive health: employment</b> <b>Session room 2</b></p> <p><i>Chair: Agnese Vitali (University of Southampton)</i></p> <p>1. Local childcare availability and dual-earner fertility - variation in childcare coverage and birth hazards over place</p>	<p><b>Internal migration: case studies</b> <b>Session room 3</b></p> <p><i>Chair: Paul Williamson (University of Liverpool)</i></p> <p>1. Distance of migration move: what’s a long way? - <i>Norman, Darlington-Pollock, Lomax</i></p> <p>2. “Your place or mine?”</p>	<p><b>Local government</b> <b>Session room 6</b></p> <p><i>Chair: Sally Kenyon (Basingstoke &amp; Deane Borough Council)</i></p> <p>1. Housing tenure change in Scotland, a comparison of changes between 1991-2001 and 2001-2011. – <i>Freeke</i></p> <p>2. A year of research in</p>	<p><b>Critical &amp; theoretical gender perspectives in demography</b> <b>Session room 1</b></p> <p><i>Chair: Jenny Chanfreau (London School of Economics)</i></p> <p>1. Communication and intra-household distribution: money, power, social norms and</p>	<p><b>Adolescent health</b> <b>Session room 4</b></p> <p><i>Chair: Renee Luthra (University of Essex)</i></p> <p>1. Linking sexual behaviours to long-term educational outcomes – <i>Vimbai, Bengesai, Hafiz</i></p> <p>2. Effects of parental expectations on adolescent substance</p>

	<p>2. Loneliness among caregiving and non-caregiving daughters of widows with health limitations. Longitudinal evidence from France – <i>van den Broek, Grundy</i></p> <p>3. Social security and intergenerational family transfers in Italy and South Korea – <i>Floridi</i></p> <p>4. Linked lives and households: Re-allocation of social pension by beneficiaries of older persons cash transfer programme in Kenya – <i>Langat, Van Der Wielen, Evandrou, Falkingham</i></p>	<p>and time – <i>Wood, Neels</i></p> <p>2. Do women’s labour market characteristics and trajectories influence the realisation of the intention to have a second child in Italy? – <i>Fiori, Rinesi, Graham</i></p> <p>3. How does men’s involvement in the family affect partner’s fertility decisions - <i>Matysiak, Rybińska</i></p>	<p>Assortative mating and household formation: Findings from Belgian census and register data – <i>Schnor, Mulder, Willaert, Van Bavel</i></p> <p>3. Contemporary Migration in Ghana: Analyses of the 2000 and 2010 Censuses – <i>Lattof, Coast, Leone, deGraft Aikins, Nyarko</i></p> <p>4. Leave or Stay? The Effects of Local Social Connections on Internal Migrants' Desire to Settle in Chinese Cities - <i>Huang</i></p>	<p>local government; bins, boundary changes, resident satisfaction and future shaping – <i>Kenyon</i></p> <p>3. Demographic pressures on Adult Social Care services in Waltham Forest - <i>Järv</i></p>	<p>relationships on Mumsnet – <i>Kanji, Moor</i></p> <p>2. Gendering demographic research – <i>Sigle, Sear</i></p> <p>3. Postponed motherhood, the ageing society and the state – <i>Smajdor</i></p> <p>4. The user need for gender Identity data and ONS work to address this - <i>Monkman</i></p>	<p>use and sexual behaviour - <i>Mak</i></p> <p>3. Adolescent mental health and behavioural problems, and intergenerational social mobility: a decomposition of health selection effects - <i>Anderson</i></p>
<b>12.30 – 1.30pm</b>	<b>Lunch</b> <b>CT Hub</b>					
<b>1.30– 3.00pm</b>	<p><b>Multigenerational living arrangements</b> <b>Session room 5</b></p> <p><i>Chair: Thijs van den Broek (London School of Economics)</i></p> <p>1. The link between leaving &amp; returning home: A new approach to off-time transitions- <i>van den Berg, Leopold, Kalmijn</i></p> <p>2. Men’s health and intergenerational living arrangements in Russia:</p>	<p><b>Mortality</b> <b>Session room 2</b></p> <p><i>Chair: Karen Mak (University of Cambridge)</i></p> <p>1. Social and spatial patterns of adult mortality in early 20th century Sweden – <i>Dribe &amp; Eriksson</i></p> <p>2. The Causal Effect of Education on Cancer Risk and Survival in England and Wales – <i>Potente</i></p> <p>3. Cause of death</p>	<p><b>Demographic projections</b> <b>Session room 1</b></p> <p><i>Chair: Richard Cooper</i></p> <p>1. Housing-led population modelling – <i>Tonkiss</i></p> <p>2. How might we estimate the effect of BREXIT on international migration assumptions needed for projections? – <i>Rees, Clark</i></p> <p>3. Calculating future electorate using a local</p>	<p><b>Ethnicity &amp; religion: Ethnicity &amp; inequalities</b> <b>Session room 6</b></p> <p><i>Chair: Gemma Catney (University of Liverpool)</i></p> <p>1. Unravelling the “immigrant health paradox”: acculturation, discrimination, and health behaviours of the foreign born and their children in Understanding Society - <i>Luthra, Nandi, Benzeval</i></p> <p>2. Social determinants of</p>	<p><b>Reproductive health 2</b> <b>Session room 3</b></p> <p><i>Chair: Mark Lyons-Amos (University of Portsmouth)</i></p> <p>1. Contraceptive use among migrant women with a history of induced abortions in Finland - <i>Väisänen, Koponen, Gissler, Kontula</i></p> <p>2. One size does not fit all: maternal age at birth, socio-economic status and the risk of poor birth</p>	<p><b>Historical fertility transitions</b> <b>Session room 4</b></p> <p><i>Chair: Romola Davenport (University of Cambridge)</i></p> <p>1. The decline in fertility in Spain and its causes (1887-2000) - <i>Sánchez-Barricarte</i></p> <p>2. Adapting the Own Child method to allow comparison of fertility between populations with different marriage</p>

	<p>Causal and selection effects - <i>Permyakova, Billingsley</i></p> <p>3. Moving back home: intergenerational co-residence and well-being of parents - <i>Tosi, Grundy</i></p> <p>4. Young adults living at home: estimating the financial contribution of the younger generation from the economic wellbeing of the older generation.- <i>Iacovou, Davia</i></p>	<p>mortality differentials by marital status, citizenship and education in Greece 2009-2013 – <i>Tsimbos, Verropoulou</i></p>	<p>forecasting model – <i>Bullen</i></p>	<p>the health of the Moroccan immigrants in Spain. A study of case by gender – <i>Montoro</i></p> <p>3. A Longitudinal investigation of the religious dimension to unemployment dynamics in Northern Ireland – <i>Rowland</i></p> <p>4. Ethnicity and housing inequality: Evidence from the 2011 Census – <i>Darlington-Pollock</i></p>	<p>outcomes – <i>Goisis, Myrskylä</i></p> <p>3. Local environmental quality positively predicts breastfeeding in the UK’s Millennium Cohort Study – <i>Streeter, Sear</i></p>	<p>regimes – <i>Reid, Jaadla, Garrett</i></p> <p>3. Illegitimacy Rates and why they might have differed across England and Wales 1851-1911 – <i>Garrett, Jaadla, Reid</i></p> <p>4. Mobility, social class and fertility transition in England and Wales, 1851–1911 – <i>Jaadla, Reid, Garrett</i></p>
<p><b>3.00 – 3.30pm</b></p>	<p><b>Refreshment break</b> CT Hub</p>					
<p><b>3.30 – 4.30pm</b></p>	<p><b>PLENARY 2</b> Plenary Lecture Theatre CT Hub</p> <p><b>PROFESSOR CLARA MULDER (University of Groningen)</b> <b>Putting family centre-stage: Family ties and spatial mobility</b></p> <p>Chair: Professor Jane Falkingham</p>					
<p><b>4.30 – 4.45pm</b></p>	<p>Short break</p>					
<p><b>4.45 – 6.15pm</b></p> <p>Session room 6</p> <p>Panel session –</p>	<p><b>Fertility 2</b> Session room 2</p> <p>Chair: <i>Marina Andrijevic (Wittgenstein Centre for Demography &amp; Global Human Capital)</i></p> <p>1. Fertility development and policy in Mongolia –</p>	<p><b>Ethnicity &amp; religion: Ethnicity, religion &amp; social spatial change</b> Session room 1</p> <p>Chair: <i>Fran Darlington-Pollock (University of Liverpool)</i></p>	<p><b>International migration &amp; immigrant integration</b> Session room 3</p> <p>Chair: <i>Elspeth Graham (University of St. Andrews)</i></p> <p>1. What do international students do after</p>	<p><b>Innovative demographic methods</b> Session room 4</p> <p>Chair: <i>Jason Hilton (University of Southampton)</i></p> <p>1. Underreporting of HIV positive diagnosis and its</p>	<p><b>The causes &amp; consequences of union dissolution</b> Session room 5</p> <p>Chair: <i>Katherine Keenan (University of St. Andrews)</i></p> <p>1. Whose marriage is</p>	<p><b>ONS Session - (2-hour session) – Developments in Official Population Statistics 2</b> Plenary Lecture Theatre CT Hub</p> <p>Chair: <i>Piers Elias</i></p> <p>1. Admin. Data Census</p>

<p><b>Building a career in academia in the UK – Natalia Permyakova, Sam Wilding</b></p>	<p><i>Byambaa</i>  2. “Community sowing a bad seed...” Exploring the role of community in further childbearing decisions among Ugandan women – <i>Ndugga, Madise, Newell</i>  3. How education mitigates the realisation of fertility intentions: Is sub-Saharan Africa different? – <i>Channon, Harper</i></p>	<p>1. A tale of two cities? Ethno-national and social restructuring in Belfast 1971-2011 – <i>Shuttleworth, Lloyd</i>  2. Area- and individual-level economic struggle vs immigration &amp; ethnic diversity as explanations for support for Brexit - A longitudinal analysis using Understanding Society (UKHLS) Data – <i>Doebler, Catney, Hayes. Shortall</i>  3. Changing religious landscape Projecting the future size of religions in Austria - <i>Jurasszovich, Goujon, Potančoková</i>  4. The future of ageing for UK ethnic groups under different international migration scenarios – <i>Rees, Wohland, Lomax</i></p>	<p>completing their studies in the UK? – <i>Rogers, Harkrader, Falkingham, Giuletti, Wahba</i>  2. Migrant and refugee crisis: the situation on the ground in Greece – <i>Kalogirou, Verropoulou, Tsimbos</i>  3. Partner choice and fertility among the Turkish and Moroccan second generation in Belgium - <i>Van Landschoot, Schnor, de Valk, Van Bavel</i>  4. Does mother-tongue education matter for school achievements? Evidence from Denmark - <i>Tegunimataka</i></p>	<p>implications for measuring progress along the HIV treatment cascade: evidence from a community cohort study with linked clinical data <i>Rentsch, Reniers, Macheмба, Slaymaker, Marston, Wringe, Urassa, Todd, Zaba</i>  2. The benefits of lower-level elasticity analysis to infer population dynamic drivers – <i>Ezard, Dooley, Nicol-Harper, Mueller, Townley, Bijak, Hodgson</i>  3. Theoretical implications of shifts in age-specific fertility, mortality and migration rates - <i>Dooley, Bijak, Mueller, Townley, Hodgson, Ezard</i></p>	<p>more resistant to the risk of divorce in Turkey: Self-choice marriages or family-choice marriages? - <i>Saraç, Koç</i>  2. Union dissolution and housing tenure trajectories in England, Wales, and Scotland – Opportunities and challenges of using sequence analysis on panel data – <i>Mikolai, Kulu</i>  3. 3. Is the Home-Care-Allowance disadvantaging single mothers? Labour market consequences of the Cash-for-Care benefit for single mothers in Finland – <i>Morosow, Jalovaara</i></p>	<p>Research outputs – <i>Groom</i>  2. 3. Squeezing the juice out of the census – <i>Taylor &amp; Atherton</i>  3. The potential of big data for the Census – <i>Williams &amp; Gask</i>  4. How do small area population estimates based solely on administrative data compare to existing methods? – <i>Simpson, Marshall, Tinsley</i></p>
<p><b>6.45pm</b></p>	<p><b>BSPS AGM</b>  <b>Session Room 6</b></p>					
<p><b>8.00pm</b></p>	<p><b>DINNER.</b>  <b>Guild of Students</b>  <b>BSPS quiz from 10.00pm</b></p> <p><b>Bar open until midnight</b></p>					
<p><b>Friday 8 September</b></p>						

7.30 – 9.00am	<b>Breakfast.</b> <b>Guild of students</b>					
<b>9.00 – 11.00am</b>  <b>Training session</b> Eleanor Rathbone Building, Eleanor Rathbone Teaching Centre (ERB-ERTC), 2nd floor, building no. 106 (in cell D2 on the Campus Map)  Using PopChange resource to explore population change in Britain – Professor Chris Lloyd	<b>Latin America &amp; the Caribbean 2</b> <b>Session room 2</b>  <i>Chair: Ewa Batyra (London School of Economics)</i>  1. Changes and determinants of the residential arrangements of older population. Colombia 1973-2005 – <i>Jaramillo</i> 2. The impact of child pregnancy and child marriage in the universalization of education: Evidence from Latin America – <i>Lima, Barakat</i> 3. Early marriages: Levels and Trends in Brazil, 2003-2015 - <i>Sharapin Wilbert, Venâncio Cruz</i> 4. Trends in adolescent births, marriages, first sex and use of contraception in five countries in Latin America and the Caribbean: disaggregated data from Demographic and Health Surveys - <i>Neal, Harvey, Chandra-Mouli, Caffè, Camacho</i>	<b>Historical mortality transitions</b> <b>Session room 1</b>  <i>Chair: Eilidh Garrett (University of Essex)</i>  1. Infant and childhood mortality in a Greek town, Hermoupolis, Greece (1859-1940) – <i>Raftakis</i> 2. A new decomposition of the urban penalty in historical populations: The contribution of urban mortality to changes in life expectancy in Denmark (1840-1900), Norway (1880-1930), and Scotland (1871-1910) - <i>Torres, Canudas-Romo, Oeppen</i> 3. Geographical variation in English mortality regime change 1550-1950: new evidence from data mining English Family History Society records – <i>Newton</i> 4. Seasonality of measles epidemics and the endemicisation of infectious diseases in Britain, 1650 – 1911 - <i>Davenport</i>	<b>Administrative Data Research Network</b> <b>Session room 3</b>  <i>Chair: Andy Cullis (University of Southampton)</i>  1. Coherence, vacuity and linkage: Assessing the potential to use administrative data to improve social and economic statistics - <i>University of Southampton, NatCen Social Research</i> 2. Linking diagnostic TNM stage in the Cancer Outcomes and Services Dataset (COSD) with the Cluster randomised trial of PSA testing for prostate cancer (CAP) – <i>Toole, Walsh, Hill, Williams, Yein, Hounsome, Tudge, Turner, Donovan, Hamdy, Neal, Martin</i> 3. Change in place of death in Scotland – an analysis using linked administrative records – <i>Atherton, Schneider</i>	<b>Health: Ageing</b> <b>Session room 4</b>  <i>Chair: Maria La Valle (University of Southampton)</i>  1. Women’s fertility histories and pathways to allostatic load in post-reproductive age: analysis of the Indonesian Family Longitudinal Survey – <i>Leone, Vaisanen</i> 2. Assessing consistency of self-reported health status among aged: Evidence from a developing country – <i>Husain, Ghosh</i> 3. Does family support buffer the stress caused by functional health declines in older age? Evidence from the Survey of Health, Ageing and Retirement in Europe – <i>Keenan, Grundy, Tosi</i> 4. Ageing, rights and caring: Advances and challenges in Ibero-America - <i>Montes de Oca, Garay, Redondo, Paredes, Rodríguez, Carbajal, Guidotti</i>	<b>Internal migration: comparative studies</b> <b>Session room 6</b>  <i>Chair: Philip Rees (University of Leeds)</i>  1. Who is moving? Exploring internal migration by gender and education across 58 countries – <i>Abel, Muttarak</i> 2. Levels and patterns of internal migration in Europe: A cohort perspective – <i>Bernard</i> 3. Measuring the impact of internal migration on population redistribution in Europe - <i>Rowe, Bell, Bernard, Charles-Edwards, Ueffing</i> 4. Divorce and housing tenure: A cross-country comparison - <i>Kulu, Mikolaj, Vidal, Thomas, Mulder</i> 5. The effect of informal support on geographic proximity: do helping children move closer? – <i>Vergauwen, Mortelmans</i>	<b>Families: A cross-cohort perspective on demographic processes</b> <b>Session room 5</b>  <i>Chair: Alice Goisis (London School of Economics)</i>  1. Intergenerational family support amongst three cohorts of older people in China – <i>Wang, Evandrou, Falkingham</i> 2. The nuptiality transition and Its socioeconomic and cultural backgrounds in Japan: What has been changed and unchanged? – <i>Sato, Beppu</i> 3. The division of labour within households: Fractional logit estimates based on the Austrian Time Use Survey – <i>Spitzer, Hammer</i> 4. Sibling size and educational attainment compared across birth cohorts and countries – <i>Choi, Chen, Taiji, Zhan, Monden</i>

11.00 – 11.30am	<b>Break – refreshments</b> <b>CT Hub</b>					
11.30 – 1.00pm	<b>Ethnicity &amp; religion: Residential segregation &amp; migration</b> <b>Session room 1</b>  <i>Chair: Nik Lomax (University of Leeds)</i>  1. Religion and residential segregation in Northern Ireland 1971-2011: Separating, clumping together, or mixing? – <i>Shuttleworth, Lloyd</i> 2. The under-explored demographic dimension: Considering the role of age composition in ethnic residential segregation – <i>Sabater, Catney, Kulu</i> 3. Ethnic disadvantage in job quality: the role of occupational and residential segregation – <i>Zwysen, Demireva</i> 3. Polish migration, whiteness, and migration decision-making over time - <i>Shankley</i>	<b>Intra-household dynamics in employment, care responsibilities and/or housework</b> <b>Session room 5</b>  <i>Chair: Ginevra Floridi (London School of Economics)</i>  1. Styles of coupledness: Division of labour and fertility in Britain – <i>Zhou, Kan</i> 2. Sharing caregiving for older adults and paid work: couples in the UK Household Longitudinal Study – <i>Lacey, Webb, McMunn</i> 3. Population heterogeneity in (in)formal childcare strategies in Europe – <i>Biegel, Neels</i>	<b>Fertility intentions</b> <b>Session room 2</b>  <i>Chair: Heini Vaisanen (University of Southampton)</i>  1. Couple’s socioeconomic status and fertility intentions – <i>Osiewalska, Testa</i> 2. Didn’t plan one but got one: Mistimed and unintended births among men and women in six European countries - <i>Brzozowska, Buber-Ennser, Potančoková, Rieder</i> 3. Who really wants a child? And who’s not so bothered? Comparing countries and subgroups - <i>Burkimsher</i>	<b>Adult health</b> <b>Session room 3</b>  <i>Chair: Maria Iacovou (University of Cambridge)</i>  1. Disability under occupation: A study of gender differences in mental and mobility disabilities in the Occupied Palestinian Territories – <i>Torrissi</i> 2. Three generations of young people Not in Education, Employment or Training (NEETs) in England and Wales – risk factors and time trends 1971-2011 - <i>Wei Xun, Marshall, Lacey, Jivraj, Shelton</i> 3. Consumption smoothing in face of health shocks due to non-communicable diseases – <i>Ambade</i>	<b>Local area demography: population estimates</b> <b>Session room 6</b>  <i>Chair: Tony Champion (Newcastle University)</i>  1. How are moves within the UK changing at a Regional and Local Authority level? – <i>Elias</i> 2. Impact of special populations in small area population estimates within Scotland – <i>Clayton</i> 3. Income and population dynamics in deprived neighbourhoods: measuring the local poverty exit rate using housing benefit data – <i>Fransham</i> 4. Internal migration - the graduate adjustment – <i>Wyatt</i>	<b>Interdisciplinary methodological advances in mathematical demography</b> <b>Session room 4</b>  <i>Chair: Claire Dooley (University of Southampton)</i>  1. Decomposing Europe's population growth into stable and transient components - <i>Hodgson, Nicol, Harper, Dooley, Mueller, Packman, Bijak, Townley, Ezard</i> 2. Symmetries between life lived and life left - <i>Villavicencio, Riffe</i> 3. Inferring transient dynamics of human populations from non-normality metrics - <i>Nicol-Harper, Dooley, Packman, Mueller, Bijak, Hodgson, Townley, Ezard</i> 4. Macro patterns in the evolution of human aging – <i>Riffe, Aburto</i>
