

We can help to

# Escape from Model-land

- Does your model help you to make real decisions?
- How do you know it is good enough for your purpose?
- What is the role of expert judgement?

CATS researchers were invited to speak at the Rebuilding Macroeconomics 2018 conference at HM Treasury and have since published a resulting article on the appropriate use of models and simulation which has been downloaded more than 1500 times.

Erica L. Thompson and Leonard A. Smith (2019). Escape from Model-land. *Economics: The Open-Access, Open-Assessment E-Journal*, 13 (2019-40): 1–15
