

Timetable Outline

The draft table below indicates which term(s) relevant courses will fall under during this academic year. The School Timetable can be found on the School's website lse.ac.uk/timetables

Autumn Term	Winter Term
Paper 1	
MA407: Algorithms and Computation	MA421: Topics in Algorithms
Papers 2 - 4	
MA402: Mathematical Game Theory	MA409: Continuous Time Optimisation
MA408: Topics in Discrete Mathematics	MA421: Topics in Algorithms
MA411: Probability and Measure	MA427: Mathematical Optimisation
MA433: Mathematics of Networks	MA428: Combinatorial Optimisation
	MA429: Algorithmic Techniques for Machine Learning
	MA435: Machine Learning in Financial Mathematics
Papers 5 - 6	
EC484: Econometric Analysis	
EC487: Advanced Microeconomics	
FM402: Financial Risk Analysis	FM441: Derivatives
FM429: Asset Markets	ST418: Advanced Time Series Analysis
FM442: Quantitative Methods for Finance and Risk Analysis	ST455: Reinforcement Learning
ST409: Stochastic Processes	ST456: Deep Learning
	ST459: Quantum Computation and Information
	ST463: Stochastic Simulation, Training, and Calibration
Paper 7	
MA498: Dissertation in Mathematics
