

## **Crises without Borders: Challenges for Politics and Administration**

*Wednesday February 14 2018, The Hague, the Netherlands*

Crisisplan organised a seminar for Dutch crisis practitioners. Arjen Boin summarized the TransCrisis findings that bear relevance on Political Leadership and Transboundary Crises in the EU. Three experts on transboundary crises gave their view on the topic and highlighted possible solutions. Dr Els de Busser (Leiden University) talked about cyber crime (from a legal point of view). Hans Oude Alink (Ministry of Justice and Security) discussed cyber security. Bob Ent (Ministry of Economic Affairs) discussed the transboundary challenges of energy disruptions.
