Research Interests

My research examines the determinants and consequences of corporate disclosure, and in particular how disclosure shapes firms' financing and investment decisions and the composition of their investor base.

Working Papers

1. "Signaling with Words or Debt? The Effect of Voluntary Disclosure on External Public Financing Choices", solo-authored, 2026.

Presentations: 2026 Workshop on Accounting and Economics, ESSEC Business School; SGF Conference, Zurich (poster); FARS Midyear Meeting, San Antonio; IESE Business School; London School of Economics; Frankfurt School of Finance & Management; Universitat de les Illes Balears; Universitat Pompeu Fabra; CUNEF Universidad Madrid; NHH Norwegian School of Economics; EAA Talent Workshop, IE Madrid; Wharton Accounting Workshop; Doctoral Seminar in Accounting Research, Zurich.

2. "What are the effects of bond roadshows? Evidence from the Primary Bond Market", with Sike Chen (Barclays) and Mingxuan Ma (Zurich), 2026.

Presentations: 2026 Early Career Accounting Scholars Conference, London (scheduled); Hawaii Accounting Research Conference (HARC)*; Rising Scholar Conference in Finance, Zurich (poster); Doctoral Seminar in Accounting Research, Zurich.

3. "Mandatory Sustainability Reporting and Project Selection", with Hui Chen (Zurich), 2026.

Presentations: Rising Scholars Conference on Sustainable Finance, Zurich; 15th Workshop on Accounting and Economics, WU Vienna; Doctoral Seminar in Analytical Accounting Research, Zurich; 1st Interdisciplinary Workshop on Sustainability and ESG Dynamics, LIUC Università Cattaneo, Milano.

* Presented by a co-author.

Work in Progress

1. "Environmental Feedback Effect," with Daniela Zipperer (LSE).
2. "When Horizons Converge: Investor Selection, Firm Output and Aggregate Welfare," with Igli Bajo (Zurich).
