

#LSEWhatIsISPP #LSEMeetTheMentor

Your Academic Mentor Group includes:

Name	Email	Mobile no

*Part of this exercise is to produce a poster or social media post. As the names of all members of your group can't be included, please agree a **group name**.*

Your Mentor Group Name:

Location of first Meeting: TBC by you as a group - your choice.

Your Academic Mentor:

Your Task

Your group is tasked with finding out about your Academic Mentor's research/research interests.

You are to use this information to create a **poster or Instagram reel** addressing the question '**what is ISPP?**' You are invited to be as creative as possible!

The purpose of this exercise is for your Mentor Group to meet each other and your Academic Mentor; and for the group to *produce an output in the form of a poster or Instagram reel* which engages with the question 'what is ISPP?' through your group's understanding and relating this to the research of your Academic Mentor.

The most creative/most engaging outputs will be EITHER:

- Posted on the Department's Instagram platform.
- Displayed in the Student Common Room.
- Shown on the Department's Triple Play Screens.

Meetings

We suggest you arrange one initial meeting as a group, followed by a meeting with your Mentor, and then another meeting (or more as needed) to construct your social media output. Keep in mind that the final deadline is **Thursday 10th October**.

Things you might discuss at the first meeting:

- Discuss as a group what you understand by ISPP. Why did you come to study ISPP - what attracted/interested/inspired you?
- Find out about your Academic Mentor's work:
 - You may wish to start by consulting the [Social Policy Website](#), which lists Department researchers' areas of interest.

- You could look at what your researcher has published (don't worry - you are not expected to read everything your researcher has written for this exercise!)
- You should arrange to meet with your Mentor in person, and find out about them, how they became a social policy researcher, and their research.
- You may wish to discuss how your Academic Mentor's area of interest/what your Mentor says about their area of research impacts on your understanding of what ISPP is.

Your Output

You should agree the form that you want to use to get across your output from this exercise. In any outputs from this exercise, you must include **#LSEWhatIsISPP** and **#LSEMeetTheMentor**

You can choose to create EITHER:

- **A poster**- must be portrait oriented and A2 in size.
- **An Instagram Reel**- short video of no more than 90 seconds.

There are lots of free templates for posters and Instagram reels on [Canva](https://www.canva.com) to use.

Important: Remember that you need to obtain permission of anyone of whom you wish to publish a picture/video etc.

When you are finished:

You should send your output to Pippa Ager at p.ager@lse.ac.uk by **12 noon on Thursday 10th October**.

The outputs will be presented in your SP101 classes in Weeks 2 and 3.

Your Mentor Group

Your Academic Mentor may wish to meet your Mentor Group collectively, as well as meet you individually. Your Mentor Group can also be a source of peer support for you through the year. It is up to you how you use your Mentor Group, how frequently you meet etc.

Your Academic Mentor may suggest things it would be worth discussing at various points in the year, and you will have your own ideas of things you would like to discuss.
