A close-up of a black microphone with a silver mesh grille, positioned diagonally from the bottom left. The background is a blurred red surface with a grid-like pattern. A white speech bubble with a black outline is located in the upper right, containing the text "What about during the coronavirus pandemic?".

What about during the
coronavirus pandemic?

What if there are lockdown restrictions?

- We have found innovative ways for students to engage with the LSE Economics community even during lockdown:
 - Online Chocolate making workshop
 - Virtual Python for Economics week
 - Online Economic Policy Competition
 - Zoom background competition for Economics Lecturers to use
 - LSE Economics students in London WhatsApp group
 - Randomised coffee trials initiative – connect with one other outside
- Whatever the circumstances, we will strive to make your LSE Student experience engaging and interactive.

Will I get a chance to do
research?

What research opportunities?

- You can learn more about research and try your hand at it in several ways!
 - Join Sen Club!
 - LSE SU Economics Society Policy Competition
 - LSE Changemakers
 - ONS Policy Competition; RES Video Competition
- Consider transferring to the **BSc Econometrics and Mathematical Economics (EME)** at the end of Year 2.
- Is there anything I can do now? Yes! Why not participate in the **LSE SU Economics Society Essay competition**?! Dedicated Offer-Holder Prize.
