A book to read before you take the course:

Chang, Ha-joon (2014) *Economics: The User’s Guide*. A Pelican Introduction (Penguin).

For students who have not studied economics, this highly accessible book will provide you with most of the foundation you need to engage with the economic ideas you will discover on the course. For students who have studied economics, the book will provide you with a perspective on the discipline that you likely have not encountered before.
