

British Society for Population Studies 2026 Conference Programme

Tuesday 8 September							
11am	Conference registration opens.						
12.00 - 1pm	Lunch.						
1pm – 2.30pm	<p>1 Health & mortality 1 — Mortality measurement, life expectancy and inequalities</p> <p>Excess mortality in a haystack: Modelling measurement error improves estimates of the death tolls and consequences of epidemics — Hampton Gaddy</p> <p>Assessing United States mortality at fixed life expectancy thresholds — Antonino Polizzi, Leah Abrams, Jennifer Beam Dowd, Neil Mehta, Mikko Myrskylä</p> <p>Not too many options. How age-at-death distributions shape life expectancy levels over time? — Jesus-Daniel Zazueta-Borboa, Wen Su, Ugofilippo Basellini, Antonino Polizzi, Jennifer B. Dowd</p> <p>Decomposing mortality by age, sex and educational attainment — Arkadiusz Wiśniowski, Andrea Tamburini, Dilek Yildiz</p> <p>Analyzing the health transition through convergence in cause-specific subnational mortality in Mexico —</p>	<p>2 Migration 1: Housing and neighbourhoods</p> <p>Residential mobility and internal migration patterns of immigrants and their descendants in the UK — Adam Anthony, Hill Kulu, Urska Demsar</p> <p>Residential integration of newly arrived immigrants: The role of different dimensions of socio-economic status — Kadi Kalm, Jānis Zālīte, Anneli Kährik, — Tiit Tammaru</p> <p>Settlement pattern of Hong Kong BN(O) migrants in the UK — Tak Wing Chan</p> <p>How does neighbourhood segregation impact quota refugees' workplaces? Exploiting the random assignment of quota refugees — Rosa Weber, Ben Wilson</p>	<p>3 Demography of sexuality</p> <p>The socio-spatial distribution of same-sex couples in the Paris area. An approach based on the French Census — Rault Wilfried</p> <p>The Role of Internalized Homophobia in the Coming-Out Process and Mental Well-Being of Homosexual Individuals in Turkey — Beyzanur Kalafat</p> <p>Gender, masculinities, and labour migration: Examining men's attitudes toward women's sexual autonomy in India — Ankit</p> <p>Work-life balance, life satisfaction and sexual activity: A comparative study using GGP data — Nitzan Peri-Rotem</p> <p>Religion, not gender? Religiosity, sexual attitudes, and sexual behaviour among Turkish university students — Binnaz Posul, Ceylan Engin</p>	<p>4 Families & households: Determinants of children's wellbeing and socioeconomic outcomes</p> <p>Parental separation and repartnering in European children's lives: The role of inequalities and country context — Julia Mikolai</p> <p>Timing loss, shaping lives: Parental death and unequal life course trajectories in India — Amrit Jose John, Udaya Shankar Mishra</p> <p>The level–trajectory paradox of sibship size: Sibling competition and support in Chinese adolescent development — Jiali Li, Yuchen Lei, Lei Zheng, Yuzhi Yuan</p> <p>Trends in children's living arrangements in rural South Africa: Findings from Agincourt Health and Demographic Surveillance System (HDSS), (1993-2024) — Tlangelani</p> <p>Parental commute and school results in Finland: Determinant of success or easily compensated? — Gijs Westra, Anna Oksuzyan, Liina Junna, Pekka Martikainen</p>	<p>5 Active ageing: Work, caregiving, and volunteering in late life</p> <p>Intersectional inequalities in late-life labour participation: Evidence from Nepal Census 2021 — Manusha Paudel, Ram Chandra Pokhrel</p> <p>Active ageing in India: Determinants of working beyond age 60 and their association with quality of life — Sandip Das, Dhananjay W. Bansod</p> <p>Urban-rural inequalities in later life: Social participation mediates the urban-rural divide in future support expectations — Boxu Wang</p> <p>Labour market returns from internet access: Comparing older and younger workers in China — Keyu Peng</p> <p>Who benefits from long-term care insurance? Heterogeneous effects among spousal and adult child caregivers — Yichen Qiu, Asako Ohinata</p>	<p>6 Women's health, barriers to healthcare and maternity care</p> <p>Associations between receipt of physical and provisioning support and women's health outcomes across five contexts — Anushé Hassan, Shekinah Munthali, Rachel Swartz, Laure Spake et al</p> <p>Exploring barriers to cervical screening uptake among Pakistani Muslim women in London: A qualitative study — Taaha Azeem, Marvella Brown, Enemona Jacobs, Franklin Onukwugha</p> <p>Insights on the intervention of community awareness and cultural beliefs on female genital mutilation in Nigeria — Semiyu Hammed, Enemona Jacob</p> <p>Experiences of women with sickle cell disease at home during pregnancy, childbirth, and the postpartum period in Uganda — Peninah Agaba, Cyprian Misinde</p> <p>The silent burden of new motherhood: Socio-cultural, obstetric, and marital determinants of postpartum depression in</p>	<p>7 ONS: Census 2031 - design & innovation</p> <p>The 2031 Censuses across the UK will be digital-first, whole population censuses that are modern, inclusive, trusted by the public and deliver high quality estimates to meet user needs. The Office for National Statistics (ONS) will work closely with the National Records of Scotland (NRS), the Northern Ireland Statistics and Research Agency (NISRA) and the Welsh Government to enable coordinated implementation and high quality comparable and coherent regional and UK-level estimates. This session will cover plans to meet user needs, areas for innovation since the last census, developments in methodology and plans for testing ahead of 2031. The session will include a panel session with speakers representing all four nations, an interactive session with the audience and a technical presentation on using</p>

	Ana C. Gomez-Ugarte, Ugofilippo Basellini, Carlo G. Camarda, Emilio Zagheni, Fanny Janssen					Rural Bihar, India — Amit Kumar Raja	admin data alongside the Census to meet the user need for veterans' data.
2.30 – 2.45pm	Break.						
2.45-4.15pm	8 The politics of demography 2: Panel session	9 Families & households: Transition to union formation and parenthood Human capital investment and marriage market sorting: Postponement of union formation and first birth in India — Rukmi Pradeep, Manoj Alagarajan Does parental leave need enforceable flexibility to move fertility? Evidence from four Spanish reforms (2007–2021) — Hande Tugrul, Matthew Parbst The family diversity perspective: Demographic change, normativity, and parenthood among women in same-sex couples — Ridhi Kashyap, Diederik Boertien Exploring the impact of gender roles and social norms on fertility intention among young adults—An empirical analysis of international data — Linjuan Cai, Wendy Olsen, Jihye Kim, Simon Rudkin	10 Migration: Health and mortality of immigrants and ethnic minorities Healthy immigrant effect in disability status across 30 Low- and Middle-Income Countries: An internationally comparative, cross-sectional study — Matthew Wallace, Priyanka Chigurupati, Ben Wilson The diseases and causes of death contributing to the migrant morbidity-mortality paradox: Findings from the Swedish registers — Joseph Harrison, Matthew Wallace International migrants and national level changes in life expectancy: Evidence from Sweden — Wen Su, Matthew Wallace Age trajectories of infant mortality from electronic health records among Palestine refugees born in 2010-2020 — Selin Köksal, Yu Chen, Zeina Jamaluddine, Seita Akihiro, et al Ethnic diversity in digital adolescence in the UK: Evidence from Understanding Society — Chia Liu	11 Historical demography: Health transition Unravelling the past: Analyzing historical data on under-5 mortality in Türkiye — Şahin Bingöl, Alanur Çavlin Bircan, Michel Guillot Turning points in Amsterdam's mortality decline, 1856-1926 — Joris Kok, Tim Riswick The evolution of multiple causes-of-death over time in the UK — Alice Reid, Hampton Gaddy The epidemiologic transition revisited: The double burden of disease in England and Wales, 1848-2000 — Izzi Carter	12 Socioeconomic and environmental determinants of mental health Socioeconomic, lifestyle, and environmental determinants of life satisfaction in the United Kingdom — Mary Abed Al Ahad Commuting time, work-life balance, and depression in Germany: A mediation analysis — Weiwen Lai, Anna Oksuzyan Does the association between unemployment and mental health depend on previous employment conditions? A register-based cohort study — Wooseong Kim, Ninni Norlinder, Emelie Thern, Signild Kwart, et al Disparities in child and adolescent mental health: Indication from minoritised ethnic communities in Yorkshire, North East England — Grace Alaba Igiomoh-Livingwater, Franklin Onukwugha The stratification of mental health penalties for parenthood— Sander Wagner, Pascal Achard, Andrea Tilstra, Mark Verhagen Determinants of Poor Mental Health Among Migrant Groups: A Cross-National Study - Sarah Christison, Hill Kulu		
4.15-4.30pm	Break.						
4.30-6pm	13 Developments in official statistics 1 Counting Shadows: A community-anchored modelling framework for	14 Critical demography Developing a new UK-wide birth cohort study: How do today's parents of young children feel	15 Health & mortality 2 — International perspectives on health inequalities, care-	16 Families & households: Spatial proximity of families and generations	17 Migration 2: Labour market integration and behaviours Determinants of the wage gap among	18 Demography of violence & abuse: Beyond the household Fertility responses and child health	19 Disability: Measurement, dynamics, and population implications

<p>estimating unauthorised population size — Maciej Beręsewicz, Brendan Georgeson, Peter Walsh, Aniela Czerniawska, Li-Chun Zhang</p> <p>Trends in life expectancy by socio-economic position - improvements to the NS-SEC assignment methodology — Merilynn Pratt, Erin Lumsdale</p> <p>Using alternative data to transform travel and tourism estimates — Sally Mylles</p> <p>Demographic projections for London's new Spatial Development Strategy — Ben Corr, Donal Ring, Sebastian Heslin-Rees, Izabel Bahia</p> <p>Beyond household projections: Developing families projections for England — Sam Mold, Elliott Larkinson</p>	<p>about participating in longitudinal research? — Alyce Raybould, Lisa Calderwood, Erica Wong, Karen Dennison et al</p> <p>Do fertility and mortality rectangularize together? — Devikrishna N B</p> <p>Negotiating (in)visibilities: Data justice and same-sex-headed households in the Philippines — Leila Marie Magno, Christian Joy P. Cruz</p> <p>From page to screen: Cultural diffusion, narratives, and the reception of Heartstopper — Francesco Rampazzo, Kristopher Velasco</p> <p>Fertility perks? Corporate discourses of the company-sponsored egg freezing benefit — Sara De Benedictis, Shireen Kanji, Isabel Sykes</p>	<p>seeking, and mortality transitions</p> <p>Socioeconomic inequalities in healthcare utilization and financial risk protection in India: Evidence from The Citizens Survey conducted by the Lancet Commission on a Citizen-Centred Health System for India — Aryaman Sharma</p> <p>Estimating years lived with and without disability in Uganda: A Sullivan method application using the 2024 National Housing and Population Census Data — Gilbert Habaasa, Julio Romero Prieto, José Manuel Aburto</p> <p>Does it take two? A cross-national study of healthcare agency in high-income settings — Klarriness Pacheco Tanalgo, Chia Liu</p> <p>Revisiting the dual achievement: cohort life expectancy and lifespan inequality in Latin America and high-income countries — José Andrade, Héctor Pifarré i Arolas</p> <p>Mortality reduction outperforms pronatalism for preserving the working-age labour force — Stuart Gietel-Basten, Sergei Scherbov, Wiraporn Pothisiri</p>	<p>Geographic proximity between siblings in mid-adulthood: The influence of gender, family structure, and socioeconomic status — Béatrice Morselli, Xavier St-Denis, Solène Lardoux, Natacha Prats</p> <p>Living arrangements during the transition to adulthood among Gen Z — Alina Pelikh, Charlotte Booth, Emla Fitzsimons, Alice Goisis</p> <p>Spatial heterogeneity in the determinants of parent-child co-residence: Evidence from the UK Household Longitudinal Study — Sen Li, Hill Kulu, Urska Demsar</p> <p>Probabilistic forecasts of English kinship networks: Comparisons, validation, and evaluation — Jason Hilton, Joe Butterick, Jakub Bijak, Erengul Dodd, Peter W.F. Smith</p> <p>How long do parents and children live together? Trends in shared lifetime and parental loss across Europe in 2000-2024 — Yu Chen, José Manuel Aburto</p>	<p>Venezuelan migrants in Peru — Tania Paredes, Luis Mancilla</p> <p>Understanding the drivers of labour and family migration in rural Uttar Pradesh, India: An integrated mixed method approach — Vikesh Kumar, Kunal Keshri</p> <p>Trends in job transitions during economic recessions and recoveries at the intersection of gender and racialization in the UK, 2002-2025 — Diana Popescu, Xavier St-Denis</p> <p>Determinants of international nurse migration: Facilitators, barriers, and demand-supply factors in feminised migration — Shruti Bhardwaj, Bino Paul</p>	<p>consequences under violent conflict — Shagufta Sultana</p> <p>Like a wildflower: The lived experience of women, survivors of domestic violence, who battled separation in court — Franica Camilleri</p> <p>Schooling under threat: The impact of violence on educational outcomes in refugee context. Evidence from Cox's Bazar refugee camps — Marco Costantini</p> <p>Uncovering the burden of fatal and non-fatal violence against women in Mexico: years of life lost and years lived with violence — Ursula Gazeley & Jesús-Daniel Zazueta-Borboa, Maria Gargiulo, José Manuel Aburto</p>	<p>Results of cognitive interviews to test the translation of international disability measures into three Zambian local languages — P. Linh Nguyen, Steve Dept, Julie de Jong, Géraldine Duthé et al</p> <p>What goes behind the 1.4% disability prevalence in Indonesia? An investigation into the perspectives of survey commissioners — Oki MacPherson, Amos Channon, Olga Maslovskaya</p> <p>Feasibility research into using administrative data and predictive modelling to produce disability status estimates for England — Matthew Minifie, Charlotte Standeven, Sarah Woo</p> <p>Challenge faced by women and girls with disability in accessing sexual and reproductive health services — Gamuchirayi Meki, Amos Milanzi</p> <p>Multidimensional and intersectional barriers to employment for persons with disabilities: Evidence from Patna, India — Baikunth Roy</p> <p>Neurodevelopmental disability and child abuse: Evidence from a population-based school survey — Else-Marie Augusti, Lia Ferschmann</p>
6-6.15pm	Break					

6.15-7.45pm	Poster session & drinks reception – All conference participants welcome.						
7.45pm onwards	Dinner. Rutherford dining hall. Bar open – card payment.						
Wednesday 9 September							
7.00 – 8.45am	Breakfast						
8.45 – 10.15am	<p>20 Historical demography: Fertility, gender norms and marriage in history</p> <p>On the impossibility of demographic equilibration — Philip Kreager</p> <p>Childhood education and the fertility decline in England and Wales, 1881-1921 — Jacob Rose</p> <p>Beyond weak patriarchy: Revisiting family-based gender inequality in Northern Europe around 1900 — Mateusz Grzyb, Mikolaj Szoltysek</p> <p>On the market: Women's work, local industry, and nuptiality in Derbyshire, 1881-1911 — Emma Diduch</p> <p>Bridges of bride: Marriage network diversity and partner selection in 19th–20th Century Guangdong, China — Tianning Zhu</p>	<p>21 Demography and the environment: 1</p> <p>Revisiting the climate-migration-conflict nexus: Community-level evidence and contextual pathways in coastal Bangladesh — Gazi Alif Laila, Jouni Paavola, Diana Ivanova, James D Ford</p> <p>Differential effects of temperature extremes on mortality in two European contexts: A long-run historical analysis — Dariya Ordanovich, Andrew Stevenson, Diego Ramiro, Chris Dibben</p> <p>Growing up in a warming world: Temperature and child health in India — Vinod Joseph Kannankeril Joseph</p> <p>Socioeconomic and demographic predictors of heat-induced physical health outcomes among slum dwellers in Metropolitan Delhi (NCT) — Deepak Verma, Nandita Saikia</p>	<p>22 Housing and homelessness</p> <p>Parental support and young adults' homeownership transition: Evidence from 2011 to 2025 in the UK — Shuqi Lyu, Hill Kulu, Sarah Christison, Julia Mikolai</p> <p>Men after divorce: Housing precarity, economic hardship, and paternal identity among divorced fathers in Israel — Shlomit Benyamin</p> <p>Leveraging social networks for natural hazard and disaster preparedness among people experiencing homelessness — Ihsan Kahveci, Aja Sutton, Emma Spiro, Amy Hagopian, Zack Almquist</p> <p>The challenges and possibilities around creating a housing-adjusted population projections tool — Elzemiek Scott-Kortlever, Ash Riley, Jack McQueen</p>	<p>23 Applying novel data and methodologies to population science 1</p> <p>Can mobile phone surveys reliably measure mortality? Validation evidence from HDSS data in Burkina Faso and Malawi — Kassoum Dianou, Georges Reniers, Stéphane Helleringer, Jethro Banda et al</p> <p>Estimating age-pattern of mortality and life expectancy based on incomplete death registration data — Chandan Kumar, Suryakant Yadav</p> <p>Interviewer-induced social desirability bias in large scale survey of India — Saurabh Singh</p> <p>Does freedom index foster gender empowerment? A Quasi-panel study from India — Mahtab Alam`</p> <p>ANKOOVA: An open-source analytical platform for equitable population research — A demonstration using antimicrobial use in early childhood — Ayomide Israel Adekoya, Emmanuel Olamijuwon</p>	<p>24 Ageing: Work and poverty in later life</p> <p>Life course experience of poverty: Cumulative disadvantage and ageing in India — Bikram Barman, Ajay Bailey, Lekha Subaiya</p> <p>Work, stress and cognitive ageing among older adults: Evidence from India — Priya Maurya</p> <p>Social class, differentiated career trajectories and financial and wellbeing outcomes in later life — Fiona Carmichael, Shireen Kanji, Christian Darko, Richmond Egyei</p> <p>Heterogeneous effects of state pension age increases on retirement expectations in the UK: Evidence from the wealth and assets survey — Yifan Ge, Jane Falkingham, Athina Vlachantoni</p> <p>Ageing and poverty nexus in India: Are elderly households more vulnerable? — Abhishek Anand</p>	<p>25 Women's health: Menstrual health</p> <p>Can group-based menstrual education reduce the impact of period pain on adolescent girls' lives? Evidence from a cluster RCT in Nepal — Melanie Channon, Mahesh Puri, Emma Fisher, Rebecca Evans et al</p> <p>The psychosocial and mental burden of menstruation on adolescent girls in Nepal — Minakshi Dahal, Mahesh Puri, Fran Amery, Melanie Channon</p> <p>Access to menstrual justice in rural Guatemala — Ignacio Franco Vega, Rebecca Evans, Melanie Channon</p> <p>Inequality's toll on the ovarian clock: Socio-demographic gradients in early menopause across South and Southeast Asia — Md Anwer Hossain, D. Susie Lee, Zafer Büyükkececi, Chia Liu et al</p> <p>Increased lifetime menses - the overlooked impact of fertility transition — Tiziana Leone, Juliet McEachran</p>	<p>26 Discovering the UKCenLSs: Research showcase and opportunities for use</p> <p>This session brings together researchers and those interested in using the three LSs to showcase examples of recent research using the studies and to explore opportunities for their use, with a view to encouraging and supporting new and future users.</p> <p>The first part of the session will showcase examples of recent research using the LS datasets, highlighting approaches, outputs, and emerging findings. The second part will focus on an open discussion around access and use of the LSs, aiming to understand how people engage with the studies and identify ways to better support awareness, usability, and research impact.</p> <p>Please provide input via this short feedback form. This will gather light-touch information on awareness and/or usage of the LSs, any challenges experienced, and future</p>

							intentions to use the studies.
10.15 – 10.30am	Break.						
10.30 - 11.30am	Plenary 1. Madeleine Sumption (Migration Observatory, University of Oxford): <i>How much should immigration policymakers care about demography?</i>						
11.30 – 11.45am	Break						
11.45am – 12.45pm	<p>27 Demography of violence & abuse: Advances in methodology</p> <p>Investigating the socio-cultural determinants of VAWG within South Asian communities in the West Midlands of the UK — Syeda Farhana Islam</p> <p>Exposure to Intimate Partner Violence and children’s behaviour in Uganda —Olivia Nankinga, Betty Kwagala</p> <p>Reporting experiences of violence during GBV prevalence survey follow-up interviews: Methodological and ethical issues — Stephanie Condon</p> <p>Demography of Intimate Partner Violence: Cross-national estimates of revictimisation across unions — Vandana Sharma</p>	<p>28 Health & mortality 3 — Computational, AI and modelling innovations in population health</p> <p>The glass is half empty: The role of highly automatable jobs in shaping drinking behaviours in Russia —Mariia Vasiakina, Christian Dudel</p> <p>Predictive performance of machine learning algorithms in cardiovascular disease: A systematic review and meta-analysis — Vikas Ashok Kamble, Murali Dhar</p> <p>Inequalities in Climate-Sensitive Vector Borne Diseases: A Comparative Mechanistic Modeling Framework — Jordan Klein</p> <p>Microbial Signatures of Disease: Classifying Diabetes with Microbiome Data in a US Cohort — Ekaterina Degtiareva, Andrea Tilstra, Charles Rahal, Jennifer Dowd</p>	<p>29 ONS: Improving population statistics using admin data</p> <p>Admin data opens a world of opportunities to explore how we can continue to improve our population statistics, increase the availability of local statistics and gain additional insight. Numerous admin data sources are already used in the production and analysis of population statistics.</p> <p>This session will explore the use of admin data in Living arrangements and households, additional admin data for internal migration estimates and Census. The decisions ONS has made and the challenges ONS has faced are important for understanding the prospect of increasing use of admin data for the continuous improvement of population statistics.</p> <p>In addition, this session will include updates on ONS’ continued research, such as the value of longitudinal data, understanding local user needs, and producing new local statistics.</p>	<p>30 Queer demography</p> <p>Queer expectations: Estimates of the number of queer kin in the United States — Elena Maria Pojman, Carolyn Hong, Diego Albrez-Gutierrez</p> <p>Parent-child relationships: the role of sexual identity and gender in Netherlands — Anna Caprinali, Valeria Ferraretto</p> <p>Who are pansexual young people? Findings from a French survey — Tania Lejbowicz, Wilfried Rault</p> <p>“People are being abused every day”: Making visible the sex lives of gay, bisexual, and queer men in Ghana — Joe Strong</p>	<p>31 SRH: Predicting and understanding sexual and reproductive health needs</p> <p>Psycho-social and structural drivers of contraceptive profiles among partnered refugee women in Ethiopia — Dagim Habteyesus, Adrien Allorant, Kristine Nilsen, Sarah Neal</p> <p>Examining trends in modern contraceptive use among unmarried adolescents in Sub-Saharan Africa — Chifuniro Somanje, Amos Channo, Michael Chipeta, Sarah Neal</p> <p>“I was just fobbed off!” How Black women must “play the game” as to maintain reproductive autonomy — Annabel Sowemimo</p> <p>A district-level maternal vulnerability index: Linking maternal risk to severe maternal morbidity and neonatal outcomes — Bhanupriya Pareek, Ramna Thakur</p>	<p>32 Ageing: Health and social care</p> <p>Social vulnerability, forgone care and healthcare utilization in later life: evidence from SHARE — Sara Rebottini, Giovanna Boccuzzo, Martina Brandt, Giulia Cavrini</p> <p>Technology-assisted vitality: Exoskeleton use, participation, and wellbeing in later life — Danqing Liu</p> <p>Mapping adult social care need in England: A small area estimation using the English Longitudinal Survey of Ageing (ELSA) — Juliana Novaes, Roger Beecham, Daniel Birks</p> <p>Who is left behind? Exploring unmet needs for social care and their predictors among older people in India — Satyam Kumar Rai, Rakesh Chandra</p>	
12.45 – 2pm	Packed lunch. Collect at XXX	ECR session?		Local Government meet-up		Hilevych & Kreager book launch	
2pm – 3.30pm	33 The politics of demography 1	34 SRH: Determinants of reproductive outcomes	35 Applying novel data and methodologies to population science 2	36 Migration 3: Family formation and refugees	37 Ageing: Health and well-being	38 Historical health interventions	

	<p>Objective estimation amidst political Partisanship? Three tales from a statistical monastery — Daniel Goodkind</p> <p>Pronatalist gendered discourses in the context of fertility decline: Evidence from Poland — Honorata Bogusz, Ewa Weychert</p> <p>Fertility change and crisis narratives: Sentiment analysis of news titles in the U.S. media — Kelsey Q. Wright, Ebru Sanliturk</p> <p>Legal gender recognition and crime: From heated rhetoric to population-level evidence — Morten Kjær Thomsen, Mathias Fjællegaard Jensen, Frederikke Witthöft Schytt, Jane Greve</p> <p>Why I am no longer talking to policymakers about fertility rates — Wendy Sigle</p>	<p>Causal links of abortion among women living with HIV in sub-Saharan Africa: A pseudo-panel analysis — Enoch Jesugbemi Kolawole, Monica Magadi, Pensee Wu, Thomas Shepherd, Eva Fiks</p> <p>“They are doing it for the money:” Women’s accounts of healthcare workers providing abortions in Uganda — Charles hang Katulamu</p> <p>Birth and maternity care outcomes during and after the COVID-19 pandemic: A population-level cohort study — Lucy Stone</p> <p>Determinants of rising c-section rates: Results from Turkey, 1988 -2018 — Sinem Esengen, Selin Köksal</p> <p>Social and ethnic inequalities in miscarriage risk across reproductive trajectories in the UK — Jairo Loja-Torres, Katherine Keenan, Heini Väisänen</p>	<p>Age-disaggregated subnational patterns of internet and mobile phone adoption —Michael Y.C. Chong, Ridhi Kashyap</p> <p>Safeguarding urban communities: Assessing the impact of the spatial structure of urban mobility on the spreading of infectious diseases — Emiliano Beltran, Francisco Rowe, Carmen Cabrera, Donna Clarke, Lorenzo Cattarino, UKHSA</p> <p>Understanding the Impact and Aftermath of COVID-19 on Reshaping Migration Flows —Ruth Neville, Vestin Hategekimana, Francisco Rowe</p> <p>Are fewer cross-language online connections associated with higher support for radical right political parties? Evidence from the United Kingdom’s 2024 General Election — Matt Mason, Francisco Rowe</p> <p>Gendered Signals in Childhood Writing: An Embedding-Based Index and Associations with Later-life Outcomes for a UK Cohort — Zhuang Hao, Zerui Tian</p>	<p>Timing matters: Family formation, migration, and the labour market outcomes of immigrant women — Ben Wilson, Alice Goisis, Alicia Adserà</p> <p>Modelling partnership, fertility and employment changes among individuals with a migrant family background in the UK: A multistate microsimulation approach — Hill Kulu, Sarah Christison, Sanny D. Afable, Andrew Ibbetson, Júlia Mikolai</p> <p>Integration or survival? A life course and event history analysis of refugee employment in Uganda — Martina Boaretto, Irene Barbiera, Gianpiero Dalla Zuanna</p> <p>Equal by design? Special Educational Needs (SEN), refugee background, and lifecourse outcomes in Sweden — Frankseco Yorke</p> <p>Navigating Ukrainians’ integration in Slovakia: Identification of its barriers and facilitators — Michaela Sedovic, Martino Commeli</p>	<p>Life course socioeconomic position and health in older adulthood: A formal mediation analysis in the 1958 British Birth Cohort — Yiling Guo, Alina Pelikh, George B Ploubidis, Alissa Goodman</p> <p>Ageing well in the community: A mixed methods study of informal encounters, neighbourhood belonging, and healthy ageing — Rachel Z. Wilkie, Alice Butler-Warke, Nissa Finney, Jo Mhairi Hale, Elspeth Graham</p> <p>The long-term effects of the COVID-19 pandemic on loneliness in European older women and men: A growth curve analysis — Zeynep Zümer Batur, Katrijn Delaruelle, Dimitri Mortelmans et al</p> <p>Digital Inequality and Unequal Health Returns in Later Life: Evidence from the United States — Srilakshmi Vedantam</p> <p>Multidimensional well-being among left-behind and non-left-behind elderly in India — Vandita Ranjan</p>	<p>Maternal health and newborn survival: Evidence from a mining community in Sardinia — Lucia Pozzi, Gabriele Ruii, Michail Raftakis, Matteo Manfredini</p> <p>Before the 'Sanitary Revolution': Urban sanitation and faecal-oral diseases in British towns and cities 1780 – 1870 — Romola Davenport, Hannaliis Jaadla, Bernard Harris, Toke Aidt</p> <p>The impact of sanitary interventions on Scottish urban mortality patterns, 1851–1901 — Hannaliis Jaadla, Romola Davenport, Toke Aidt, Bernard Harris, Alex Wakelam</p> <p>The long history of child stunting in India — Juliana Jaramillo Echeverri, Maanik Nath, Eric Schneider</p>
3.30 – 3.45pm	Break.					
3.45– 5.15pm	<p>39 Developments in official statistics 2</p> <p>Regulating a Census: a reflection and forward look to OSR’s regulatory approach for 2031 —Adele Nethercott</p> <p>Causes of fluctuations in Scotland’s Administrative Data Based Population Estimates —David Rowley</p>	<p>40 Families & households: Kinship, gender and caregiving</p> <p>How couples negotiate sharing of labour after transition to parenthood? — Magda Muter</p> <p>When fathers die, mothers care; When mothers die, fathers disperse: Gender asymmetries in Children’s</p>	<p>41 Health & mortality 4 — Social determinants of health in high income countries</p> <p>Can health lifestyles explain the marriage benefit? — Andrea Tilstra, Elizabeth Lawrence, Nicole Kapelle</p> <p>Shepherds and shopkeepers: Working from home and health in the COVID-19 lockdown: Evidence from household microdata from</p>	<p>42 SRH: Determinants of low fertility</p> <p>Delayed fertility, selection and permanent childlessness — Eva Beaujouan, Karel Neels</p> <p>Physical quality of life trajectory as the primary economic determinant of fertility: A falsifiable model — Locke Zhang</p>	<p>43 Migration 4: Migrant selectivity</p> <p>Why do most who consider emigrating never do so?: How subjective dimensions of migrant selectivity in mental health, political identity, and traumatic experiences of historical events raise the hazard and speed of emigration — Jacob Thomas</p>	<p>44 Workshop: Smart Data Research UK Data Service for Imagery (Imago)</p>

	<p>Geography assignment at record level on the Statistical Population Dataset — Marcus O'Brien, Rossella Icardi, Lydia Smith</p> <p>Subnational population evidence for place-based decision-making — Katie Coria, Hayley Holgate, Michael Nairn, Joe Jenkins</p>	<p>living arrangements in India — Srinivas Goli, Shubhra Kriti</p> <p>The unbreakable bond with home/village: Research on the role predicaments of left-behind women in China— Mengwei Wang</p> <p>Reconstructing Resilience: Social Networks as Adaptive Mechanisms for Migrant Families in Small and Medium Size Cities— An Illustrative Case from Urban China — Hui Zhou</p> <p>Households and kinship over the life cycle — Martin Kolk, Emma Petterson</p>	<p>the 2021 England and Wales Census — Nicola Shelton, Andreas Mastrosavvas, Oliver Duke-Williams, Azsvin Mariathan</p> <p>UK trends in cardiovascular disease risk factors — Mary K. Roberts, Jennifer Dowd, Jesus Daniel Zazueta Borboa, Wen Su</p> <p>Adolescent mental health and young adulthood NEET status in the UK – the moderating role of area-level deprivation using Understanding Society — Katie Sarah Taylor, Emily Murray, Yvonne Kelly, Niamh Bridson-Hubbard, et al</p> <p>Social class and lifespan inequality in Sweden: Evidence from Birth Cohorts 1841-1920 — Marcos Castillo, Martin Dribe</p>	<p>Hidden heterogeneities, bifurcation of fertility: Age-parity decomposition and typology of fertility change in 21 High-Income Countries, 2010-2020 — Aijie Zhang, Mikko Myrskylä, Hill Kulu, Henrik-Alexander Schubert et al</p> <p>Partners' political homogamy and fertility in the United Kingdom — Alessandro Di Nallo, Bruno Arpino</p> <p>Defensive fertility under structural uncertainty: A socio-ecological fertility trap model of persistent low fertility in post-industrial Cities — Kaicheng Zhang</p>	<p>Who stays beyond five years? Institutional pathways and settlement intentions among migrants in Japan — Anastasya Wulandari Hasyim</p> <p>Should I stay or should I go: A multidimensional analysis of student mobility trajectories in French higher education — Eugenia Proserpi</p> <p>Precarious immigrant care workers in the UK: Exploring agency under legal and economic constraints — Canan Şimşek</p> <p>European Union (EU) labour migration programs and brain drain in Nigeria: The talent paradox, 2015–2023 — Munachi Victoria Chidebelu. Charles Okechukwu Aronu, Ojukwu Somkenechukwu M.</p>
