

Can you make your own map of where you live, and what it is like in the pandemic? Your MAP will tell the **STOR** of your community and where your **HOME** is.

Just like when you write a story there will be some parts that will be very important to include. Because those parts of this map are more important to the story of where you live, They may be drawn bigger, or may end up different colours or even have arrows and symbols to help us find them quickly in your map.

Look at these tasks and questions below. They may help you decide what to include in your map and help you draw out the important parts of your 'story'

TASK ONE

Draw your home from the outside. As if you are standing on the pavement across the road from it. Use this section to practice how you will draw it on your map.

- How many windows are there?
- Does your building have a front door and what colour is it?
- Have a think about any shapes you can see that would be good to use when drawing your home, are there colours that are important to use?

NEXT TASK M

TASK TWO

• Has a neighbour been important to you in the pandemic? What does their home look like? Draw their home in the box below, think carefully about anything you remember about the building. You can draw more than one neighbour's home

TASK FOUR

- Street furniture which of these items need to be included in your map to help create your community. Are they part of the story?
- Dest Boxes Dest Road crossings Dest Bus stops Dest Railway Stations Dest Park
- Practice drawing them in this box.

TASK Five

• Imagine you are a bird flying over where you live. What shape is your street? Is it very straight? Or does it have curves and corners? How will this shape help you draw out your map.
