Dear Sir,

I enclose a copy of the Report of the Board of Advisors in connection with the Readership in Logic and Scientific Method tenable at the London School of Economics and Political Science, and I shall be glad if you will kindly bring it before your Governing Body, for their consideration, in accordance with Section D.7 of the Regulations on University Titles.

Prof. Ginsberg has raised the question whether Dr. Popper should be appointed in the first instance for a period of five years. This is a point upon which Boards of Advisors invariably take the advice of the School representatives. Will you let the Academic Registrar know what their wishes are in this case?

Yours faithfully,

J. H. [unclear]

Assistant to the Academic Registrar.

A.M. Carr-Saunders Esq., M.A.,
Director, London School of Economics and Political Science,
The Hostel,
Peterhouse,
Cambridge.

MON.
